

Park Land Favored For School Site, Study Of Caverns Advised

A home rule measure as required for Albany legislation authorizing transfer of a Hasbrouck Park site on which to build a new grade school was adopted by the Common Council Tuesday night, but with it came the suggested contingency that the cavernous under structure of the land be given geological test.

Another pending measure affecting all school buildings was given council support through adoption of a resolution supporting projected state legislation aimed at mandating fire-protection sprinkler system in schools and other buildings where they are deemed essential.

Wants It in Writing

Alderman Lawrence E. Woerner (D) Fourth Ward, who had previously mentioned possible underground danger of the park site for school purposes, asked that the chairman of the council's special school committee (James K. Ryan (D) 10th Ward, majority

leader) asked by letter for a determination of the safety factor, Samuel J. Perry (R) Fifth Ward, minority leader, backed Woerner. Ryan said he supported both and would write the letter, but said he felt that inasmuch as the geological test had been previously proposed it would be a normal concern of the education board, which, he expected would give it due consideration.

Francis R. Koenig (D) Ninth Ward, who for more than a year had staunchly supported sprinkler systems for schools, submitted the resolution in support of pending Albany action, which gave of sustained effort by Fire Chief James M. Brett, who had moved his proposals through top organizational channels.

Urges Letter Campaign

Koenig proposed a flow of letters from the public to the state legislators, and all concerned, as a means of focusing attention on the importance of the pending legislation sponsored by Senator E. Ogden Bush (R) of Delancey, and Assemblywoman

Mrs. Bessie Allison Buchanan (D), New York.

Koenig again emphasized points he had made in the past when he urged full installation of approved sprinkler systems in all schools. He recalled the tragic results of the Chicago parochial school fire and stressed the effectiveness of sprinklers during a fire not too long ago at St. Joseph's School here.

Used for Mushrooms

Alderman Woerner's reference to underground conditions in the Hasbrouck Park area concerns abandoned lime caves which extend under some of the park's acreage. Some of the caves, with entrance off Delaware Avenue, have been used many years for mushroom growing.

Alderman Perry, in backing the Woerner proposal, said he had attended a meeting at which the geological test was proposed, and he felt one would be made in due time if the land is made available to the education board. (Continued on Page 8, Col. 7)

Council Committee Reports:

Plumbing Code Rift Is Matter for State

A special Common Council committee, named to weigh merits of a plumbing code dispute, advised at Tuesday night's council meeting that decisions as to regulations under question rest with the state.

Several hours of discussions with officials, groups and organizations involved, said the committee report, "emphasized that even though the mayor appoints the members of the board (Examining Board of Plumbers) they operate under the laws of the State of New York."

W. L. "Dick" Rider, the 1957 Economy Party candidate for mayor, who at the Feb. 7 council meeting asked for the committee, claims that enforcement of the plumbing code, as announced earlier in the year, would be unfair to appliance and fuel dealers, who, he claims, have made certain type installations for 30 years.

Decided Monday

The council committee met Feb. 20 with representatives of the dealers, plumbers, and the health board, and held another meeting Monday night, at which its decision was made.

The laws involved, said the report, "determine among other things that a master plumber's license may be obtained and held only by a qualified person, who is self-employed, or who controls the partnership, or controls 51 per cent or more of the stock of a corporation under which he is in business. If a person holding such license engages in plumbing work as an employee of some other party, his license is forfeited to the Examining Board of Plumbers. Obviously there can be only one master plumber in any corporation."

Main points of the Feb. 20 discussion as noted in the committee report, emphasizes that dealers will not be permitted to make installations where connections with "potable water supply or drainage to the sewer, but they may install or replace heating or air conditioning units which do not disturb the main water supply line." They may also install household appliances which "do not require a permanent installation or connection to potable water or sewage."

Changes to the regulations, the committee held, "is beyond the jurisdiction of the Common Council," and it added that "Since the powers of the Examining Board of Plumbers and the specific qualifications of a master plumber licensee are contained in statutes of the State of New York, any desire to modify the existing conditions should be communicated to our assemblyman, Kenneth L. Wilson, so that he can take whatever steps seem to be indicated."

Committee Members

Besides Chairman Ryan the special committee was composed of aldermen John P. Heitzman (D) 12th Ward; Samuel J. Perry (R) Fifth Ward; Joseph F. Carroll Jr. (R) 11th Ward; and William G. Davis (D-L) 13th Ward.

Doctors said that for the first time since the 29-year-old movie star was stricken four days ago she was "sufficiently conscious to be able to assist in her own treatment."

A medical bulletin this morning from the bedside said her "condition is greatly improved and gives less cause for anxiety."

Cold Brook House Total Fire Loss; \$100,000 Damage

Ulster County was visited by several fires during the past 24 hours, the most serious was the destruction of the Cold Brook House at Cold Brook, where the fifty-room summer hotel was completely destroyed. Loss is estimated at \$100,000.

Fire companies from the area fought the blaze, pumping water from the Esopus Creek, but the fire had gained considerable headway before the fire companies arrived.

The fire was first discovered by a passing motorist who went to the Winne Garage nearby to summon aid. Meanwhile, an alarm was sent to the Mt. Tremper-Mt. Pleasant Fire Department. When first discovered, the passing motorist noticed a glow in the south end of the big three-story frame building. The fire apparently started in a room used as a bar and quickly spread through the house.

Operated Nearly Century

Known as the Davis Winne boarding house, it had been operated for nearly a century. It was once owned and operated by the late Davis Winne who was sheriff of Ulster County from 1842 to 1864. It had been closed for the past couple of years after Jose Valcarlos, former owner returned to Spain. It was purchased last year by David Morrison of Long Island who had spent a large sum remodeling and renovating the place. Most of the new furnishings and equipment for use this season had been delivered at the place and was lost.

Being Readied for Season

Employees had been working on the premises for some time renovating and getting ready to open this season. No one was in the place at the time the fire was discovered.

Among the fire companies responding was Phoenixia, West Shokan, Shokan, and the Mt. Tremper-Mt. Pleasant Department.

Morrison was notified of the fire and came to Cold Brook today. He was unable to fix an estimate of loss and it is not known whether it will be rebuilt.

A two-car garage on the Walter Williams premises in New Paltz was damaged by fire shortly after 7 p. m. Tuesday.

At 11 a. m. Tuesday fire believed to have started in a sofa (Continued on Page 6, Col. 2)

66 Days Totally Submerged

Sub Reaches Scotland With Underwater Mark

HOLY LOCH, Scotland (AP)—The U. S. nuclear submarine Patrick Henry tied up in the Holy Loch today after a world record operational cruise of 66

days and 22 hours totally submerged.

U. S. Navy officials announced the record after the Patrick Henry arrived alongside her mother ship, the tender Proteus. The first sub to cruise abroad with a full load of 16 Polaris missiles, the Patrick Henry is the first of the fleet of 10 American rocket-firing subs that will use the Holy Loch as a base within missile range of the Soviet Union.

Tops Sister Ship

"We could remain submerged a good many weeks more," the Patrick Henry's skipper, Capt. Harold E. Shear, told newsmen aboard the Proteus.

The atom sub's sister ship, the George Washington, held the previous record of 66 days 10 hours submerged.

Shear said he sailed the submarine from Charleston, S. C., under fully armed conditions. Asked if he expected he might get the order to "press the button"—releasing his missiles at an enemy—he replied: "We were certainly prepared for such eventualities."

Britons Try Again

Four of the six young Britons who tried to incite an anti-nuclear demonstration when the Proteus arrived last week made another effort against the Patrick Henry.

Laurence Otter, 30, of London, came out in a canoe and three others in a rowboat. Several dozen British naval and police officers fended them off, and the demonstrators never got close enough to the submarine for any kind of incident.

The docking was watched approvingly by a few citizens of Dunoon, the Holy Loch town that (Continued on Page 8, Col. 6)

LIZ TAYLOR'S MOTHER — Mrs. Francis Taylor arrives at London Clinic to visit her daughter, actress Elizabeth Taylor, March 7. One of Elizabeth's seven physicians, Dr. Carl Heinz Goldman, said Miss Taylor was "much better" late March 7. Friends reported her temperature down to normal. (NEA Radio-Telephoto)

Vastly Improved, Latest Report on Elizabeth Taylor

LONDON (AP)—Film star Elizabeth Taylor, fighting for her life against double pneumonia, is "vastly improved" tonight.

Dr. Victor Ratner, one of seven doctors attending the 29-year-old actress, passed this word to newsmen as he left London Clinic for a rest at his home.

Doing Very Well

Eddie Fisher, singer husband of the lovely brunette actress, left the hospital smiling and cheerful. He told reporters:

"She is doing very well. I have spoken to her just now."

Asked whether Miss Taylor knew how ill she had been Fisher replied that "She has, a pretty good idea."

A crowd of 50 persons murmured good wishes as Fisher entered his chauffeur-driven car to return to the 30-pound (\$84) a day hotel suite where he and his wife were staying when she fell ill last Friday.

Doctors said that for the first time since the 29-year-old movie star was stricken four days ago she was "sufficiently conscious to be able to assist in her own treatment."

A medical bulletin this morning from the bedside said her "condition is greatly improved and gives less cause for anxiety."

Rockefeller Proposes Tax Cuts, Help for Railroads

ALBANY, N.Y. (AP)—Expenses of the Long Island, New Haven and New York Central Railroads would be cut \$6,840,000 a year, under a Rockefeller administration proposal before the Legislature today.

"It is clear," Rockefeller said in a special message to the Legislature Tuesday, "that the commuter railroads (in the New York City area) cannot extricate themselves from the financial difficulties they face without help."

"It is equally clear that rail commuter service into New York City must be preserved for the public benefit."

Against Fair Increase

Additional fare increase, Rockefeller said, would "drive still more passengers to competing forms of transportation."

He recommended a total of \$5.5 million in annual tax relief, to be granted by communities served by the railroad.

The governor also proposed that communities assume \$1,340,000 in costs of maintaining passenger stations of the Long Island and New Haven.

The proposal as it affects the New Haven is part of an agreement between New York, Massachusetts, Rhode Island and Connecticut to provide a total of \$6.2 million a year to save that line from bankruptcy.

\$900,000 for NYC

The governor recommended \$2.6 million in tax relief for the New Haven, \$2 million for the Long Island and \$900,000 for the New York Central.

The proposed tax relief for the three lines would be given by acceleration of a 1959 program under which railroads could qualify for tax exemptions. The amount

was determined by a formula keyed to their financial condition. The tax relief would be given by the taxing authority—city, town, village or district. The state would reimburse the local government up to half of the tax relief given.

In return for the financial concessions, the railroads would be expected to continue and improve service.

Rockefeller said the condition of the railroads spotlighted a need for repeal of a federal tax on passenger railroad fares.

The program assumes the railroads would retain the amount of the tax as part of their fares.

Mr. Royce, husband of Cora Mason Royce, and father of five children, had resided at Lomontville about six months and was employed as superintendent by the Hurley Sand and Gravel Company. He formerly resided at New Windsor.

Tuesday Mr. Royce and a gang had been at work on the Bruceville Road, Town of Rosendale, where a new sand and gravel washing plant was under construction. About 2:30 p. m. placement of a drain pipe had been

completed and Mr. Royce and Charles Wells of Stone Ridge started to walk up an embankment away from the construction site. At this instant the boom dog gave way and the heavy crane bucket which had been used in excavation at the site, dropped.

Dr. Charles Cullen of Stone Ridge was summoned and pronounced Mr. Royce dead. Coroner Francis J. McCordle was summoned and the remains were taken to Kingston where an autopsy revealed a massive fracture of the skull. Coroner McCordle issued a verdict of accidental death and the remains were removed to the Gazlay Funeral Home, Inc., at Stone Ridge.

Prior to coming to Lomontville last October, Mr. Royce (Continued on Page 8, Col. 6)

Father of 5 Killed Instantly Tuesday as Crane Bucket Falls

Donald Stewart Royce Sr., 40, of Lomontville was fatally injured about 2:30 p. m. Tuesday when a boom dog on a crane slipped allowing the bucket to fall. Mr. Royce was struck on the head and died instantly, Coroner Francis J. McCordle said.

Mr. Royce, husband of Cora Mason Royce, and father of five children, had resided at Lomontville about six months and was employed as superintendent by the Hurley Sand and Gravel Company. He formerly resided at New Windsor.

Tuesday Mr. Royce and a gang had been at work on the Bruceville Road, Town of Rosendale, where a new sand and gravel washing plant was under construction. About 2:30 p. m. placement of a drain pipe had been

SUSPECT IN FRENCH KIDNAPING — Roland de Beaufort, handcuffed between French police, is led from police headquarters at Annecy, France, after questioning in connection with last year's kidnap and ransom of four-year-old auto heir Eric Peugeot. Police said the suspect, also known as Raymond Roland, and a companion, Pierre Larcher, have confessed to the kidnapping which netted them \$100,000 ransom money. (AP Wirephoto by radio from Paris)

OFFERS PROPOSALS ON CONGO TO U.N. — President Kwame Nkrumah of Ghana proposes to the U.N. General Assembly in New York March 7 that a "primarily African" United Nations command take over in The Congo at once. Nkrumah also proposed the withdrawal of all foreign diplomatic missions from The Congo, strict U.N. control of airports and seaports to cut off outside aid to bickering political factions, disarming and retraining of the Congolese national army under direction of the U.N. command and expulsion of all non-African personnel serving in the country's armed forces. (NEA Telephoto)

No New Taxes in Main Budget

May Add \$40 Million Later for School Aid

By ROBERT T. GRAY
ALBANY, N.Y. (AP) — Gov. Rockefeller's \$2.4-billion budget was before the Legislature for approval today.

The GOP majorities in both houses agreed Tuesday to pass the spending program, highest in the state's history, essentially as the governor submitted it.

But the lawmakers still were talking about adding additional money later for a boost, which could range to \$40 million in state aid to education. A decision is expected by early next week.

The main budget, for the fiscal year beginning April 1, contains no new taxes.

The Senate Finance Committee reported the three-part spending proposal to the floor yesterday after trimming \$16.5 million from various appropriations.

It also reported, with recommendation for passage, Rockefeller's controversial bill for state aid to college students. A vote on that is due, Thursday.

To Restore Most Cuts
A GOP leader said that most of the budget cuts would be restored eventually.

He said the money deleted would not have been spent during the next fiscal year anyway and would not be needed until 1962-63 at the earliest.

There also is the possibility that funds deleted will be restored in the supplementary budget, normally passed in the closing week of the session. This includes funds for needs not apparent when the main budget was drafted and also provides an opportunity to restore appropriations cut in supposed economy moves.

The State Tax Department was expected to appeal for restoration of \$125,000 cut from its \$900,000 appropriation for a study to uncover residents who failed to pay state income taxes prior to the state's adoption of a withholding system in 1959.

Major appropriations cut — and likely to be restored eventually — were \$9½ million for highways and parkways, \$1 million for fair-

out shelters in state buildings, \$1 million for modernization of the Saratoga state reservation, \$820,000 for a school at West Seneca for the mentally retarded and \$435,000 for a legislative reference library.

Fred W. Preller, chairman of the Assembly Ways and Means Committee, said the cuts were made because there were sufficient funds to carry the various projects through the next fiscal year without adding more money to the respective construction accounts.

The future of a \$1,350,000 appropriation to air-condition the State Capitol was uncertain, however.

Weather May Hold Key to Kennedy Recovery Action

By NORMAN WALKER
WASHINGTON (AP) — Present weather conditions, mild in the East but wintry in many sections of the Midwest, may hold the key to whether President Kennedy takes more drastic recession recovery measures.

Unemployment continued to worsen in February, climbing by 320,000 to 5,705,000, highest idle figure in 20 years. What happens in March will largely depend upon weather conditions — approaching springtime normally opens up outdoor job opportunities.

Kennedy has promised to make a new critical appraisal of the economy in April to determine whether broader economic recovery steps are needed. The March job figures due in early April are likely to weigh heavily in this decision.

Secretary of Labor Arthur J. Goldberg said Tuesday in announcing the new job data for (Continued on Page 8, Col. 8)

Edsall's Store Is Entered

Woman Neighbor Phones for Help

Captured at gunpoint early today at a Wallkill drug store by neighborhood possemen, prison guards and a town constable, who were joined by state police, five 19-year-old youths, three of them AWOL Marines, were arraigned before Justice of the Peace Louis J. Canino, Town of Lloyd this afternoon on charges of burglary, third degree.

An alert woman neighbor, who was awakened by noises in any alley shortly before 2:30 a. m. led to the apprehension of the youths. They were accused of burglarizing the Edsall Drug Store, Main Street, Wallkill.

Five Are Identified

Sgt. Winkky identified the youths as:

Luan Anthony Solito DeSolis, Hotel Byron, West 49th Street, New York City.

Robert William Dane, an AWOL Marine who told troopers he has been sleeping in automobiles in New York City.

Richard Delbert Brown, AWOL Marine, formerly of Wallkill, who had been staying with Dane.

Kenneth William Allen, AWOL Marine who had accompanied Brown and Dane in New York.

Joseph William McKoon, of 308 Willis Avenue, the Bronx.

Four of the defendants waived preliminary examination and were remanded to the Ulster County Jail for grand jury action. Bail of \$1,000 was set, but not immediately furnished.

Requesting a preliminary examination was Luan Anthony Solito DeSolis. No date has been set for it.

Those Figuring in Capture

Figuring in the capture of the five youths at gunpoint were—George J. Coffey, Wallkill Avenue, and Arthur Agor, Church Street, both of Wallkill and off-duty guards at Wallkill Prison.

Mrs. Susan Redden, Wallkill Avenue, who was awakened by noises outside and notified Coffey, a neighbor; Constable William Berryann, Town of Wallkill; Kenneth Murphy, who resides near the drug store, and Troopers James Kaljean and William Brennan, Highland State Police night patrol.

Four of the youths were captured after they were ordered by the armed captors to surrender. The fifth youth was taken in custody at gunpoint as he hid in a parked getaway car, authorities said.

Rip "Jimmy-Proof" Lock

The men had ripped off a "jimmy proof lock" from a rear door on the store. They ransacked the establishment and after their apprehension, authorities said they found a handbag the intruders had packed with merchandise, and cash stolen from an unlocked safe and cash register.

One of the prison guards said all five youths wore blue jackets and black pants. None was armed and they surrendered without a struggle.

Coffey, who figured in the capture of the five youths, told The Freeman he had just returned home from Wallkill Prison where he presided at a meet-

(Continued on Page 6, Col. 1)

Overtime Asked for Police, Dog Law Rejected, Claims for \$82,000 Heard

Consideration of overtime, straight-rate pay for policemen on extra duty was asked of the Common Council Tuesday night.

A letter from Mayor Edwin F. Radel proposing that the council's laws and rules committee meet with him to discuss details, including a recently enacted law in the City of Albany, was left with the committee.

Another Committee Suggested

The aldermen also rejected a recently proposed dog ordinance with suggested naming of a special committee to consider another, heard claims amounting to \$82,500 referred to the corporation counsel, and adopted a resolution dealing with proposed purchase of public work equipment.

Attendance of water board and department officials at a Buffalo meeting in April was approved, but one dealing with attendance of Fire Chief James M. Brett at two conferences,

was tabled, pending study, because one involves a trip beyond the Mississippi River.

Traffic Action Asked

Sale of \$199,400 in bonds authorized by the aldermen in 1960 was approved, and a Chamber of Commerce letter asking "prompt and thorough consideration" be given parking and traffic problems throughout the city was referred to the planning board and the council's traffic committee.

The meeting, on suggestion of Alderman-at-Large Harold L. Kaye, adjourned in respect to the memory of Msgr. Martin J. Drury, who died recently.

Requests for effective action to end street flooding conditions were made by Alderman Joseph F. Carroll Jr. (R) 11th Ward, and Edward J. Schrowang (R) First Ward.

Carroll asked that the educational board be requested by letter to consider remedial action that would end flooding of a Washington

Avenue area near the Home for the Aged. The water, he said apparently comes from the George Washington School grounds. Schrowang asked that flooding of a section of Clinton Avenue between John and North Front Street be investigated.

Called for Kennedy Before

Carroll recalled that he had asked for remedial action on Washington Avenue in a resolution as far back as Jan. 5, 1960. Because of the condition there, he said, "residents suffer much hardship."

Water is "plashed on pedestrians" he noted, and the condition is generally dangerous for school children.

Mayor Radel's letter on the police pay proposal notes that the city is restricted under state law from allowing extra compensation to policemen, but Albany has passed a local law permitting it.

The compensation awarded, he said, is only for specific duties (Continued on Page 8, Col. 5)

Home Problems First, Then Foreign

Time Inheritance Big Advantage for Kennedy

By JAMES MARLOW Associated Press News Analyst

WASHINGTON (AP) —By an accident of history President Kennedy inherited the luxury of time, and he's using it.

Unlike his three predecessors in the White House he didn't have to cope with an immediate and overwhelming crisis when he took office.

Thus he had time to take care of his problems at home before having to plunge into the long-range crisis of our time—dealing with Russia.

Others Had Crises

Presidents Roosevelt, Truman and Eisenhower all had instant crises on their hands when they were sworn in.

Roosevelt had to tackle the depression. Truman had to bring World War II to a successful conclusion. Eisenhower had to settle the Korean War.

True, when Kennedy became president he faced a shambles in the Congo, and serious trouble in Laos. He still does.

But there was no instant and gigantic problem in front of him, as there was for the others.

Thus, he was able, as a new

man, to take his time in preparing to talk with the Russians on disarmament.

And any immediate problem of a conference with Premier Khrushchev was out of the question—and Khrushchev knew it—until he had time to get his thinking and his house in order.

The trip arranged Tuesday—for the American ambassador in Moscow to fly to Siberia to bring a goodwill message from Kennedy to Khrushchev—was part of the time Kennedy still has on his side.

Meanwhile he is using every minute of his time to get a host of domestic problems out of the way before Khrushchev needs all his attention.

Just the Preliminary

This explains the rapid-fire volley of messages and programs with which he has been bombarding Congress.

Just giving the messages and programs is only the preliminary. Now, with gathering speed, Congress will be working on Kennedy's proposals.

He'll need more time for the necessary in-fighting—putting pressure on individual members of Congress—to vote his way.

This inheritance of time gives him the chance to get the bulk

of his first year's work—the work that has to be done at home—before moving into the foreign field in person.

It is notable that neither Kennedy nor his secretary of state, Dean Rusk, has yet made any profound announcements on foreign affairs.

Big Statements Later

The big statements in that field will come later, as the need for his fullest attention to Congress begins to recede.

He cannot, of course, avoid being haunted by the possibility of a Communist victory in Laos or some sudden development which would prove a disaster for the West in the Congo.

But at the moment he seems to be trying to handle those problems—through his aides—with one hand while he devotes his major attention to the immediate domestic tasks.

IBM to Manufacture Encoded Paper Checks

WHITE PLAINS — Paper checks imprinted with magnetic ink for automated handling will be manufactured by International Business Machines Corporation, the company announced today. The IBM paper checks will be available in continuous forms and unit sets in a wide variety of colors and styles.

IBM is a leading producer of magnetic ink character recognition (MICR) equipment. It has been a supplier of punched card documents for more than 40 years. The IBM Supplies Division, which has been manufacturing punched card checks encoded with MICR characters since September, 1959, will also manufacture the new MICR paper checks.

"With our experience in the development of systems for automated check handling and in precision MICR encoding, we believe IBM will make another significant contribution to the overall effectiveness and acceptance of bank automation," said Gilbert E. Jones, president of IBM's Data Processing Division, which will market the paper checks.

Wholesale Theft

TUCSON, Ariz. (AP) — City police, plagued by a number of tire thefts, feared a major outbreak when someone stole an automatic tire changer from a service station.

TO BECOME OFFICE BUILDING—Norman Kellar, Kingston attorney, has purchased the residence and office of the late Dr. John F. Larkin, 14 Pearl Street. Plans have been filed with the Kingston building inspector to convert the entire building for office use. The building will be ready for occupancy about May 1. Attorney Kellar will occupy the first floor for his law offices.

BRIDGE Count 12 Tricks, Hope for 13th

BY OSWALD JACOBY Written for Newspaper Enterprise Assn.

One good time to gamble a grand slam is when you can count 12 running tricks including all four aces (naturally, you need them) and three of the kings.

In that case a bonus of one queen in your partner's hand will give you your 13th trick and if you don't get that bonus there will surely be some possibility of a finesse, squeeze or defensive error to bring home the grand slam.

South's seven no-trump bid was in line with this theory. Seven clubs would probably have been a sounder contract, but the game was duplicate and South wanted the extra points for seven no trump (honors don't count in duplicate).

After West opened the jack of hearts and dummy hit the table, South wished that he had been more conservative, but there was no use regretting. His first thought was to play dummy's deuce of hearts, but it seemed really unlikely that West would have led away from a king, so South rose with dummy's ace of hearts.

Then he cashed his ace and king of diamonds and when East showed out South felt

certain that there was an automatic squeeze situation.

He simply ran off his seven clubs. On the last club West had to discard a spade in order to hang on to the queen of diamonds. South let dummy's last diamond go and now East had to let a spade go also in order to keep the king of hearts. This made one of dummy's small spades good for the final trick.

Chichester

CHICHESTER—Harry Porter returned home Thursday after spending some time with his sister, Mrs. Ruth Friedman in New York City. Mrs. Friedman accompanied her brother to spend the weekend at her home here.

Thursday evening Mrs. Walter Fenty, West Hurley, was given a stork shower for her new baby, Dawn Mary. Those present were the Mmes. Wolfgang Adels of Ashokan, Abbie Rowe, Orlando Clark, Frank Shultis, Robert Pepper, John Johnson, Harvey Ostrander, Robert Ostrander, Edward Grant, Roy Erickson, and Miss Pam Kirk of Chichester. Mr. and Mrs. Fenty are former residents of Chichester.

Mr. and Mrs. Wolfgang Adels of Ashokan were guests of Mr. and Mrs. Edward Grant Friday evening.

The Rev. and Mrs. Robert Pepper and family were dinner guests of Mr. and Mrs. Robert Ostrander Friday evening.

Franklin Smith of Omaha, Neb., spent the weekend with his mother Mrs. Emma Smith.

Glenn and Peggy Ford of Allaben spent some time with their grandparents, Mr. and Mrs. John Staiger while their parents, Mr. and Mrs. Sidney Ford had a vacation in Florida.

Mr. and Mrs. Neil Grant and family, Mrs. Justin Wright, Mr. and Mrs. Vincent Somerville, Candace Staiger, Mr. and Mrs. Sidney Ford of Allaben and John Staiger of Phenicia attended the birthday party for two-year-old Cathy Grant at the home of her grandparents, Mr. and Mrs. John Staiger.

Mr. and Mrs. Leo Rotella and family visited Mr. and Mrs. Amasa Peck and family recently.

GM 2 Roy Marsico who is stationed in Boston, spent the weekend with his family at the home of Mrs. Harold Quick.

Birthdays this month include Clarence Fox Jr., March 9; Mrs. Justin Wright, March 7; Mrs. Ben Simmons, March 8; Jeffrey Gilsinger, March 9; Edward Grant, March 10; Ben Simmons, March 18.

Think It Through

By E. F. HUTTON
MIRACLES OF STATECRAFT

We all rejoice that President Kennedy is tackling our problems with vigor and courage. These are great assets. They enable a football player to run the length of the field for a touchdown. But if he runs the wrong way, as has been done, the vigor, courage and touchdown don't count.

As Senator Russell of Georgia, a fellow Democrat, said of the State of the Union address, "I cannot understand how the President can increase all the elements of production costs (e.g., higher minimum wage, etc.) and at the same time stabilize the price of the finished product."

How effective can his other plans to check the leakage of gold to foreign countries be, when he creates new agencies to spend more money on foreign programs?

How can he defeat inflation by increasing Federal spending and debt, as seems to be indicated in all he says?

How does he harmonize his frequent saying: "Ask not what your country can do for you—ask what you can do for your country" with his program for the country to shower bigger blessings on all the important voting blocs? Has he asked you to do anything for your country—anything whatever?

As Mr. Arthur Krock puts it: "How can he evoke the indispensable spirit of sacrifice in a people to whom he promises Federal assistance to meet all their personal problems?"

Some miracle of statecraft must be hidden from view.

E. F. Hutton

Questions - - Answers

Q—In the Post Office Department what is meant by a "star route?"

A—This is a route where mail is carried under contract with the department.

Q—What commercial importance was attached to frankincense and myrrh in ancient times?

A—They were widely used as medicines in cosmetics and for embalming.

Q—Who appoints the librarian of Congress?

A—The U. S. President.

Q—How many islands make up the Philippine Islands?

A—About 7,100.

Estimate Made Public Would Spend \$30 Million on TV Shift to UHF

ALBANY, N.Y. (AP)—The public would spend \$30 million on new television sets in a shift from broadcasting over very-high frequencies (VHF) to ultra-high frequencies (UHF), a federal communications commissioner believes.

Robert E. Lee predicted Tuesday night that such a changeover would occur eventually.

To make the transition "as painless as possible" to the public, Lee said it should be accomplished over a five-year period. Most TV sets are replaced over a five-year span, Lee said.

During the conversion period, Lee said, VHF broadcasters would operate on both VHF and UHF.

A limited number of VHF channels defies expansion on that spectrum. Many more UHF channels are available.

Sets Not Equipped

The only drawback now to the use of UHF channels is that many TV sets are not equipped to receive UHF signals, Lee said.

He blamed "scrimping" by manufacturers in a highly competitive field.

But the Federal Communications Commission has asked for congressional authority to require the manufacture of all-channel sets, Lee told 300 broadcasters at the annual legislative dinner of the New York State Broadcasters Association.

The FCC commissioner charged that leadership in educational television has been "singularly lacking" in New York State.

Rockefeller's View

Gov. Rockefeller put it another way. He told the broadcasters the

state had lagged in not taking advantage of the potential television has offered. He said he favored the use of television in higher education, a program the State Board of Regents has recommended.

The Regents' proposal, a television network linking colleges in the state, has not been adopted.

The "educational dollar" could be used more effectively, Lee said, if the state authorized TV classes in which hundreds of students could be taught with the presence of only one instructor.

Two Projects Operating

At present, two Regents' projects are in operation. The major one, in New York City, utilizes commercial stations to broadcast educational programs that are received in schools. At Cortland, closed-circuit programs are piped to public schools.

The broadcasters, attending a one-day meeting here, elected Paul Adanti of Radio Station WHEN, Syracuse, president. He will succeed George R. Dunham, WNBC, Binghamton, April 1.

Other new officers:

Merle L. Galusha, WGY-WRGB, Schenectady, first vice president; Sam Slate, WCBW, New York City, second vice president; and Joseph Pinna, WUSJ, Lockport, treasurer.

Elliott Stewart, WIBC, Utica, was re-elected secretary. Directors elected were: Lowell MacMillan, WHEC, Rochester; William Davidson, WNBC, New York City; and Harry Novik, WLBB, New York City.

Louis Saiff, WCNV, Watertown, resigned as a director.

27 Men Can Run New Flour Mill, Used to Take 50

BUFFALO, N.Y. (AP) — This world's largest flour milling center had a new mill today, a multi-million-dollar plant designed and built as the ultimate in automation.

Top officials of General Mills, Inc., gathered for dedication ceremonies at the new mill, termed it the most revolutionary development in the milling industry in half a century.

The new milling process has been named Bellera "Air Spun," in honor of James F. Bell, founder of General Mills, and his son, Charles Bell, now president of the company.

Essentially, it is a step-saving system of milling wheat into flour. It involves push-button control and an air pressure system of advancing the wheat through the various steps of grinding, sifting and refining.

The new mill will have a capacity of 12,000 100-pound sacks a day—about one-sixth of the local milling industry's total capacity. It requires 27 men to operate it, compared with about 50 in the old General Mills unit it replaces. Under an agreement with the grain millers union, all job eliminations are being absorbed through normal turnover.

The cost of the mill and the exact nature of the milling processes have not been revealed. Construction and installation of the equipment was by Buhler Brothers of Uzwil, Switzerland.

Ellenville P-TA To Hear Talk on County College

Community College will be the topic at a program of Ellenville Parent-Teachers Association to be held 8:15 p. m. Thursday, March 16 at Ellenville School assembly room.

This is a rescheduled meeting. Dean George Sheppard of Orange County Community College will speak on "The Role of the Community College." With an Ulster County Community College high on the state list of prospective colleges, interested citizens will have this opportunity to investigate the role such a school would play in this area.

Mrs. Helen Winer, who put on the highly successful International Night program on February 16, wishes to acknowledge the aid of the following people not previously listed: Mrs. June Finkel, Mrs. Anna-Mary Grote, Mr. T. Kitamoto, Mrs. Helen Kossar, Mrs. Lillian Lehman, Mrs. Marcia Livingston, Mr. T. Miyajima, Mr. Louis Newmark, Mr. M. Otsubo, K. Shimoyama, Mrs. Helen Thompson, Mrs. Pearl Spencer, Mrs. Alice Trumbull, Mrs. Blossom Rozman.

Deaths

By THE ASSOCIATED PRESS

PITTSBURGH (AP)—James S. Ervin, 75, president of MacKintosh-Hemphill Co., steel manufacturers, and an industrial and civic leader in Pittsburgh, died Tuesday. He had been under treatment for a heart ailment.

HOLLIDAY, Mo. (AP) — Willa Mae Roberts, 72, third-term Democratic national committeewoman from Missouri, died Monday after a heart attack.

PARIS (AP)—Max Hymans, 61, for 12 years head of Air France, the nationally owned commercial aviation venture in France, died Tuesday.

TUCSON, Ariz. (AP) — Arthur James Pegler, 99, retired newspaperman and father of columnist Westbrook Pegler, died Tuesday of a heart attack. A native of England, Pegler worked on a number of newspapers, mostly in New York City.

LOS ANGELES (AP) — Dr. Thomas Nixon Carver, 95, Los Angeles Times columnist, educator and author, died Tuesday. After 32 years on the Harvard University staff as a professor of political economy, Carver retired to the West Coast and taught at Occidental College. His books dealt mostly with economics.

Assembly for Ban on Ticket Quota

Offer Plan to Help Jobless Areas in Contract Bidding

By EDWARD J. NEIL

ALBANY, N.Y. (AP)—A plan to give companies in depressed areas more state contracts in an effort to ease unemployment was introduced in the Legislature today.

The bill would allow the state to award contracts to firms in depressed areas if their bids were no more than 10 per cent higher than the lowest bid.

A depressed area would have to be so classified by the state or federal governments.

Would Help Rome

The Assembly, in a move to aid a labor-surplus area, passed unanimously Tuesday night a resolution asking Congress to help Rome retain 6,400 jobs at Griffiss Air Force Base.

The resolution, which went to the Senate, would put the Legislature on record in opposition to a contemplated transfer of the Rome Air Materiel Command from the base.

In other developments: A ban on a quota system for the number of traffic or parking tickets issued by a policeman was approved by the Assembly and sent to the Senate.

Numerous groups, including the New York City Police Benevolent Association, have charged that police departments ordered patrolmen to give out a specific number of tickets in a working day or week.

Court Repeal Voted

Standby legislation to repeal the controversial Youth Court Act was passed by the Assembly. It went to the Senate. Assemblyman Julius Volker, R-Erie, said the embattled act would either die before it went into effect or be replaced by Gov. Rockefeller's substitute version.

The effective date of the act, passed by the 1956 Legislature, has been postponed by succeeding legislatures. The act sets special court procedures, including secrecy, for offenders 16 through 20. It met opposition from editors and judges.

Defender System Favored

In another action affecting courts, the Assembly approved unanimously and sent to the Senate legislation that would allow counties to institute a public defender system for needy defendants with felonies.

The Senate passed, over Democratic protests, a measure that would give the State Liquor Authority power to prescribe the size of bottles in which liquor is sold.

Democrats maintain this would lead to legalizing the sale of liquor in half-pints. The present minimum is pints. The bill was sent to the Assembly.

For Older Jurors

The Assembly approved 136-4, a bill to raise the maximum age of jurors from 70 to 75 and sent it to the Senate.

A Queens Democrat introduced a bill to give physicians more power to administer medication or blood transfusions over parental objections.

Assemblyman Michael Capanegro's bill would allow doctors to certify that treatment was necessary by affidavit. They now have to seek a court order. Capanegro cited the death of a child

in New Jersey, whose parents refused on religious grounds to permit a blood transfusion. Cities of 20,000 or less would be permitted to publish in one newspaper, rather than three, all proposed changes in traffic or motor-vehicle rules, under another Assembly-approved measure. It sent it to the Senate.

KINGSTON, NEW YORK, MARCH 8, 1961

RUGGED HIGHWAY

The exact status of the developing 41,000-mile interstate highway system needs to be cleared up.

It isn't proper to say it's "behind schedule" in the matter of miles of road constructed, since federal officials say there are no year-to-year mileage deadlines. The only goal is to finish the entire network by 1972.

Right now the record shows 8,000 miles built and another 2,300 miles of previously constructed toll roads, tunnels and bridges drawn into the system.

Construction is under way on another 4,100 miles, with engineering work or land acquisition proceeding on 10,000 more. Altogether, work has been completed or begun on nearly 25,000 miles, about 60 per cent of the total.

When President Kennedy says the program is in trouble, he means it could have trouble getting up the money to finish by 1972.

The 90 per cent or more of cost generally supplied by the federal government can, under the law, come only from revenues fed into the special highway fund from gasoline taxes and other highway user levies.

With the total price tag for the program having already been boosted several times to cover rising costs, the judgment is that the 1972 deadline can't be met from presently authorized revenue sources. Completion would have to be stretched out to 1977.

Mounting evidence gleaned by House committee and independent investigators shows that the "rising costs" include untold millions of dollars scandalously lost—through lack of proper federal control—in graft, extravagant waste, and mismanagement at the state level.

To do the job on time means digging up another \$9.7 billion. The President thinks it can be done if Congress will keep the existing four cent federal gasoline tax and add new, stiffer levies on the big trucks which use the roads.

The overall cost picture won't be affected by Kennedy's order directing immediate release of \$724 million which normally would have been allotted from the fund in the months up to June 30.

About 10 states, including New York, Ohio, Texas, California and the Dakotas, are sufficiently advanced in planning to put the money quickly to use. Here and there, contract letting may also be speeded. But in many areas the money can't be handled now. Already allotted funds are backed up, waiting for plans.

For the long pull, however, the problem of rocketing costs has to be met tomorrow.

EDUCATIONAL FOOTNOTE

No more logical argument could be given to teen-agers contemplating quitting school than a report by the U. S. Employment Service. In the midst of a recession in which 5.5 million workers are unemployed, nearly 18,000 jobs went begging last month for lack of qualified applicants. They included engineers, social workers, draftsmen, skilled trades of all kinds, accountants, librarians, to name only a few.

There was a time, no more than a decade ago, when applicants for entrance to medical schools virtually stood in line for the opportunity. This situation has been radically altered. Statistics from the Association of American Medical Colleges reveal that, despite a sharp population increase, nearly 10,000 fewer students now seek a medical education than did in 1948.

There is little doubt that electoral reform will receive serious attention when Congress settles down to business. Pressure for various changes in the system of choosing a president has increased during recent years. Last November's close election has given further impetus to agitation for reform.

The fading away of railroad passenger service, though chiefly noted on Eastern lines, is not confined to them. Nor is it limited to a few little used branches. The Chicago, Milwaukee, St. Paul & Pacific proposes to discontinue all passenger trains between the Twin Cities and Tacoma and Seattle. This may be the longest stretch yet to go without passenger service.

President Kennedy may have lost some votes when he quashed plans for lavish renovation of a U. S. officers' club in Europe. But he'll come out ahead; there are more enlisted men than officers.

'These Days'

By GEORGE SOKOLSKY
FACING THE ISSUE

The report comes out of Los Angeles that the Plasterers Local No. 2 has turned down a 12½ cents an hour pay boost in order to "support President Kennedy's plea to hold the line against inflation." As novel as this sounds, it makes very good sense because if there is no work, there is no income and despite everything that apologists and propagandists say, prices are too high. And a plasterer knows, as well as anyone else, that higher and higher wages are not an answer unless the money is good. It is possible to pay a man a million dollars an hour, if the million dollars is only worth one dollar in the store. That is its own true value — its exchangeability for goods, services or taxes.

Money is not worth its face value. It is worth what is accepted. In international trade this produces the business known as exchange or valuta, that is, the difference in the value of currency as it fluctuates in markets. Why should it fluctuate? Because of acceptability. For instance, the American dollar is not worth 100 cents in Canada. If you want 100 cents worth of something, it is necessary to pay more than 100 cents. A pound sterling when I was a boy was said to be worth \$5.00, probably \$4.85 to be exact. Today, that same pound sterling is worth \$2.80. Thus, a British pound can buy fewer dollars than it used to.

In the domestic economy, we have not yet reached the day when we buy and sell quarters, dimes and pennies, but there are many parts of the world where the money-changers sit in their stalls and meet the day's rate or do better depending upon the market.

The Los Angeles plasterers face another situation, namely, that as prices go up substitutes are offered. The substitutes may be better or worse but they are never the same nor do they require the same kind or same amount of labor. Substitutes in building materials are numerous and houses today are thrown together of materials which seem to have no substance, but they do stand up and their defenders say that actually they are stronger. They do not, however, give the impression of substance.

A man can only really have what he can afford and if home-building becomes too costly, there is always the possibility of "do it yourself" which is socially very unsound because it throws people out of work in an economy where unemployment can become a major disaster.

This then is the nub of the problem. Many industries are beginning to feel the pinch of high prices, less costly substitutes, imported items and "do it yourself" operations. Newspapers, women's magazines and television have increased the amount of space devoted to "do it yourself" instruction.

It is true that in the good, old days mother spun and weaved and sewed and everything was home-made that could be, and father sawed and hammered and plastered and built and the neighbors came along to give a helping hand. But in those days, it was not socially necessary to keep 60,000,000 adults at work for a wage which would not only support families but provide the leisure time for children to go to school to at least 16 years of age without earning a living. In some places, the law puts this figure at 18, which means that the wage-earners in the family are reduced in number no matter how many mouths have to be fed.

When Burt Chapman, president of Plasterers Local No. 2, said, "We feel our present wages are sufficient," he uttered a slogan which both labor and management must take seriously. A halt must be called somewhere to the rise in wages and prices and consequent unemployment. So-called Social Security is no substitute for a job, nor is dependence upon government a moral equivalent of personal dignity and self-respect.

It is therefore necessary to face this problem honestly and to deal with it beneficially. Building a lot of unnecessary post offices is no substitute for jobs in mill and factory. It is paid for out of taxes and therefore reduces individual earnings and possessions. A man only earns what he can keep and adding a tax to an earning and accepting the total as a wage is a fraud. Therefore to raise government costs and taxes is no solution at all.

(Copyright, 1961, King Features Syndicate, Inc.)

★ The Doctor Says ★

Investing Time, Experience
Pays Dividends to Aged

By HAROLD T. HYMAN, M.D.

Written for
Newspaper Enterprise Assn.

I used to feel very sorry for the many men who dreaded retirement. And for their wives who wondered what they'd do when they found themselves "twice as much husband and half the income."

Here are a few stories which tell why my attitude changed: We have a neighbor, an elderly carpenter who has been in "mothballs" for the past several years. He loves wood. He handles a piece of good wood the way a concert violinist handles a Stradivarius. He strokes it after it has been planed the way you would pat the hand of a cherubic youngster.

Ever since his retirement, he has been leaving home just as punctually as ever, walks to a shop maintained by townfolks for vocational training of the mentally retarded. There he spends his day teaching by example the skills necessary for turning out modest articles that can be sold for the benefit of the shop and the individual worker.

At day's end, he returns home with no more money in his pocket than when he set out, but a much richer man in spirit.

Except that she reads to the blind, another of our neighbors, a retired business woman, invests her retirement time with similar satisfactions.

The third of this small group is chair-ridden. Because she had little formal education, she had more or less persuaded herself that "good literature" was beyond her grasp. So she wasted her days and nights staring at soap operas, gun battles and razzing matches.

With some urging, she was persuaded to make the reading acquaintance of some of the famous characters of literature. Soon she made friends with Huck Finn's Aunt Polly, David Copperfield's Peggotty and Mrs. Wiggs of the Cabbage Patch. Now, she has promoted herself to following the career of Scarlett O'Hara.

She keeps apologizing for her slow progress. "But," she says "no matter how long it seems to take, I get to the end too soon."

Need I add that none of these neighbors appears in need of psychiatric guidance or treatment? None faces the long hours of the day and night with dread apprehension.

For a copy of Dr. Hyman's leaflet "Anticipating Retirement," send 10 cents to Dr. Hyman, care of the Kingston Daily Freeman, Box 489, Dept. B, Radio City Station, New York 19, N. Y.

ited to a few little used branches. The Chicago, Milwaukee, St. Paul & Pacific proposes to discontinue all passenger trains between the Twin Cities and Tacoma and Seattle. This may be the longest stretch yet to go without passenger service.

"I Talked While He Was Putting"

Washington News

BY PETER EDSON
Washington Correspondent
Newspaper Enterprise Assn.

WASHINGTON (NEA) — Inauguration of Brazil's new President Jânio Quadros with a sweeping reform program, just at the time President Kennedy begins his administration, has given inspiration to Executive Vice President T. Graydon Upton of the new Inter-American Development Bank, which recently made its first loan.

Upton points out that a unique opportunity now exists for awakening and mobilizing a new spirit in the western hemisphere. And he doesn't mean by lending it a lot of money, either.

Upton is a Republican and a Philadelphia banker Republican at that. After a varied experience in foreign investment fields he served as Treasury undersecretary with the Eisenhower administration. But he was born in Salem, Mass., and he's a Harvard man, which should make him acceptable to the New England Democratic bunch running things here now.

IN AN UNPUBLICIZED paper before a conference of corporation executives at the School for Advanced International Studies in Princeton, Upton recently gloved perfectly the hand for President Kennedy's proposed "Alliance for Progress"—"Alianza Para Progreso"—with Latin America.

Upton admits that "Operation Pan-America," is now burned out. It was conceived by the Brazilian poet-politician Auguste Frederico Schmidt. It was promoted by Brazil's previous President Juscelino Kubitschek. It was documented by the Organization of American States "Act of Bogota," and a promise of half a billion dollars from the United States.

But, says Upton, "the fire of Operation Pan-America has hardly survived the barrage of official arguments, opposing economic concepts and conference deadlocks."

In this vacuum, "the voice of Fidelismo presents to the people an attractive alternative to that which they do not have."

"What is needed in this development of a counter mystique force to Castro which, by its intensity, will create reservoirs of capital by individual and group effort, the greater share Latin American."

"There is today a surprising lack of any attempt to mobilize the spiritual and emotional strength of Latin America in support of the current struggle for economic and social progress," Upton declares.

"A NEW SIMON BOLIVAR for Latin America cannot yet be identified," Upton continues, "but the concept is there. It could bubble up from the bottom. But more effectively it should come from the top, and here one can catch glimpses of a future pattern."

"One can visualize," says Upton, "an address by the President of the United States, dealing only with Latin America, in the inspiring framework of his inaugural words."

"One can foresee a meeting of the presidents of the Americas to rekindle the fire. One can guess at the desirability of forming a public relations staff to develop... widespread acceptance."

Twenty and Ten Years Ago

March 8, 1941—A heavy fall of snow blanketed the area, and the storm, reported the heaviest in years in some sectors, was general over the Atlantic Seaboard.

Three troop trains, en route to Florida, passed through here on the West Shore line.

The Kingston High School basketball team clipped Saugerties 36-31.

Residents of Saugerties voted for a Route 9W bypass viaduct east of the village, rather than a new strip of Route 9W on the west.

March 8, 1951—A group of boys from area farm families was due to get training at Accord in the handling of tractors.

Local labor unions opposed the Hughes-Breese bill, which they held, would infringe upon unemployment insurance.

Police were asked to probe petty thefts in the local library and at the high school.

Kingston Baseball, Inc., organized to hold a franchise in Canadian-American League.

(of the concept) in Latin America and the United States.

These are perhaps strange words to come from a Philadelphia Republican banker. But in this connection "Business Week" has just reported that the Communist bloc is now spending between \$100 million and \$200 million a year to help Castro export his Cuban revolution throughout Central and South America.

There is no comparable effort by the Organization of American States to block it.

WHAT IS APPARENTLY needed is an effort such as Nelson Rockefeller—another Republican—made for the Democratic Roosevelt administration when he was made co-ordinator of inter-American affairs in World War II era.

Rockefeller's job then was to keep Latin America from going Nazi. The job today is not just to keep it from going Communist, but to make it free, independent, strong and stable.

AS PEGLER SEES IT

By WESTBROOK PEGLER

The best moving pictures ever made were Walt Disney's fairy tales in color such as "Barnyard Symphony," "The Country Mouse," and "Snow White" in which countless drawings were strung together so smoothly that these graduations seemed to be photographs of actual creatures from out of this world. The music was consistent as in "Barnyard Symphony" where horses whickered and fowl expressed themselves in cackles and clucks of superb absurdity, all of it loyal to an operatic theme.

There came a week, just before Christmas a quarter of a century ago, when someone barely dusted out the New Amsterdam Theatre on 42nd Street, the scene of the Great Ziegfeld Follies, and installed half a dozen spoils of this great American art, a form which no other people on earth has ever approached and no other genius but Disney had the gift and patience to create. I was then slave to a young friend now six feet two and nudging 30 who wanted to see Santa Claus not only at Macy's but at Gimbel's and Wanamaker's and on all the corners thereabout. I did my duty loyally until 4 o'clock when lights were coming on and reminded him that he had promised, on his part, to sit through my kind of show. He trudged along in slush often lost in a wilderness of hurrying trouser legs and skirts and up the stairs to a second balcony, for the festival had "captivated many others who may have had a faint intimation that this might be their last hour of such beauty on this more and more evil earth."

I remember with longing a scene in which the country mouse fell into a champagne glass at a great table after the party and drank his way out, emerging so belligerent that he blathered a challenge to his own dancing image reflected in a tremendous mold of jelly. The masters drew and painted that scene in the drunken vision of a hilarious little giant who squared off to fight through adventures which I will not attempt to relate further lest memory betray me. I want to believe the country mouse licked the resident cat, but the actual enstings probably were much more poetic.

Disney was not yet fully appreciated as he came to be, not with "Snow White," his first great full-length production, but later, with an unworthy incoherence from the floor of his cutting room called "Fantasia." Disney then got into the hands of the condescending patrons who had seen the Moscow ballet, and went away.

I sat through the whole program at the New Amsterdam with a twinge for Marilyn Miller, who had sung "Silver Linings" on that stage, and was longing indescribably to see it all again.

Today in National Affairs

Is Kennedy Being Unfair To Catholics on Schools?

By DAVID LAWRENCE

WASHINGTON, Mar. 7.—Is President Kennedy leaning over backward to avoid political repercussions from the so-called "religious issue?" And, if so, is he really being fair to millions of Catholic citizens—many of whom voted for him in the last election—when he refuses to include in aid-to-education legislation any provision for construction loans to private and parochial schools?

Many members of the Catholic Church feel he is not giving them a square deal. Representative John W. McCormack of Massachusetts, Democratic leader of the House and himself a Catholic, differs with the President and courageously endorsed a Federal loan program for all private schools.

News dispatches tell of a meeting of five cardinals and ten bishops and archbishops in Washington a few days ago, who let it be known that they intend to continue to urge Federal loans at low-interest rates for construction of private schools irrespective of whether such schools teach Protestant or Catholic religious doctrines.

Sen. Mike Mansfield of Montana, Democratic leader of the Senate, reported after a breakfast meeting of Congressional leaders at the White House this week that President Kennedy nevertheless stands firm against aid to parochial and private elementary and secondary schools on the ground that it is unconstitutional.

No Explanation

But no explanation is forthcoming, on the other hand, as to why the President considers it is constitutional for the Federal government to extend financial aid to students in sectarian colleges and to pay directly to such colleges or universities a "cost of education allowance" of \$350 a year for each scholarship-holder in attendance. If these grants of Federal funds are constitutional, just why are construction loans, which have no possible connection with religious teaching, barred by the President?

Representative McCormack put it this way in a radio-television interview with Senator Kenneth Keating on Sunday last:

"There are other religious schools besides parochial schools—there are Lutheran schools, and other religions have schools, and they should. They have them in order to give a complete and full education to the communicants... There is certainly

no constitutional question involved in the Federal government making long-term loans at reasonable rates of interest for the construction or the renovation or the repair of private schools. We're helping our educational system, and certainly when we put through a bill to help the public schools it has an unintentional effect upon the private school system. It makes it more difficult for them (the private schools) to operate as a function. I would clearly and definitely say that the provision that kind (of aid) is justifiable and I would support it."

Both Mr. McCormack and Sen. Keating made the point that there are also private schools which "have no sectarian connection."

It has often been argued that the parents of children who go to religious schools should send them to public schools. If this ever happens, it would suddenly increase the taxes of all citizens by huge amounts. On this point a letter from a high-ranking member of the faculty of a Catholic college in the Middle West to this correspondent a few days ago, says:

"I myself attended public high school, and in my lectures I have made it plain that Catholics gladly support the public system. They have been doing—provided that they will not be tax-equivalently be taxed out of existence and by penalties excluded from their constitutional rights because they used a constitutional right to support a separate educational system."

"Calculating costs, the Catholic system saves the taxpayers generally about \$2 billion annually in salary and maintenance, and more than \$6 billion in buildings. Its 5,150,000 actually enrolled students throughout the nation would need a minimum of 130,000 more teachers if the Catholic children all attended public schools."

Don't Want Subsidy

"We Catholics do not want a direct subsidy to the schools, which is both unconstitutional and dangerous to free education. But children who are good enough to die for their country later should not be denied the constitutional tax credit, scholarship, loans, or subsidiary benefits to them as citizens."

President Kennedy will be urged to remove his opposition and let the courts decide what is or is not unconstitutional, especially when previous decisions actually have upheld certain forms of aid to church schools, such as student grants under the "G.I. bill of rights" and payment of transportation expenses for students. Also, in many states church schools even participate in the school-lunch programs which are provided by the states, together with the Federal government, from public funds. Where state laws do not permit this private schools can participate directly in the Federal program under a matching-fund arrangement.

Politicians are discussing the effect in the next election of the Kennedy stand on the school question. It is being suggested that Richard Nixon, if he had been elected, would not have taken the same position that Mr. Kennedy has just adopted on construction loans for private schools.

Thompson Leaves For Siberia Date With Khrushchev

MOSCOW (AP)—U. S. Ambassador Llewellyn Thompson left by plane for Novosibirsk today to deliver personally President Kennedy's message of goodwill to Soviet Premier Khrushchev.

The ambassador brought the message from Washington last week but Khrushchev is touring Siberia, prodding agricultural officials to a higher level of efficiency.

Thompson offered to go anywhere in the Soviet Union to deliver Kennedy's message, and Khrushchev Tuesday invited him to fly out for a meeting.

Khrushchev's decision to interrupt his busy tour was unprecedented in the Soviet capital's diplomatic history and indicated the importance the premier attached to Kennedy's message.

Thompson made no remarks before leaving and instructed his staff to treat his trip with utmost secrecy. He was accompanied by the embassy's political counselor, Boris Klosson.

5 Youths ...

ing of the Union Local of which he is president.

Aroused by Noises

Coffey said the woman across the street from his home, Mrs. Susan Redden, telephoned his wife and told her someone was in the alley next to the drugstore. Mrs. Redden had been aroused from her sleep by noises outside.

"I got my pistol and went to the street," Coffey said. I saw a car parked in front of Edsall's drug store. Bill Berran and Art Agor were there. I saw one of the guy's trying to get out the side door."

Ducks Back Inside

Coffey said he shouted to the youth at the door, "Come out with your hands up or I'll blow your head off your shoulders." Coffey said, "the guy ducked back inside."

Coffey didn't know how many men were in the drug store. He said he went behind the parked getaway car for protection. He didn't know whether the intruders were armed.

Coffey stated that as he walked toward the parked car he heard others in the store. "They apparently were planning a dash for freedom, but we had them covered," the guard said.

One Is in Car

Coffey was standing beside the parked vehicle when suddenly "a guy popped his head up, and we covered him with other guns," the guard said. "We ordered this guy out of the car and made him sprawl on the sidewalk, after we frisked him. He was not armed."

Kenneth Murphy, a nearby resident, armed with a shotgun joined Coffey, Berran and the others and covered the youth on the sidewalk. He was bound with twine, hand behind him. The side door of the store was covered.

Police Handcuff Four

Coffey said the armed group ordered the men inside to surrender with their hands in the air. "Four men walked out, hands raised and we frisked them," Coffey said.

Coffey said police from Wallkill came to the scene and using two sets of handcuffs, shackled four men together. The fifth was on the sidewalk. The men were detained until State Police arrived and took the quintet in custody.

Pried Jimmy-Proof Lock

L. C. Edsall, father of E. C. Edsall, proprietor of the burglarized drug store, told The Freeman the intruders gained entrance to the store after prying off a "Jimmy-proof" lock.

The elder Edsall said the men had ransacked the store. "They had a handbag in which they had put electric razors, flashlights, cigarettes and other merchandise," Edsall said. "They also took about \$25 from the safe, which had not been locked, and about \$15 in quarters, dimes and nickles from the cash register."

Irish Crewmen Strike

SAN FRANCISCO (AP)—Fed up with eating raw fish and with the captain's discipline, an Irishman and 17 other crew members of the Swedish freighter Paromatta are on strike at Pier 41.

Michael Grew, 24, the rebellious son of Erin, and other non-Swedish members of the 37-man crew marched off the ship Tuesday and began picketing.

The Swedish crewmen, apparently content with both the cooking and Capt. Erik Erikson, went cheerfully about their duties. The cook, Leif Nilsson, defended his creations as the usual fare aboard any Swedish vessel.

Blue Cross Goes Up

NEW YORK (AP)—The State Insurance Department today approved rate increases of 32.35 to 45.88 per cent of Northeastern New York Medical Service Inc.

This is a Blue Shield plan serving 298,000 persons in a 13-county area covered by the corporation's Albany office.

The increases are to become effective June 1 or at any earlier date for which the service will provide 60-day notice to subscribers.

Local Death Record

Mrs. Ethel L. Bushnell

Funeral services for Mrs. Ethel L. Bushnell, of 133 St. James Street, who died Saturday were held at the A. Carr & Son Funeral Home, 1 Pearl Street, Tuesday at 2 p. m. The Rev. Clyde Herbert Snell, Ph.D., pastor of the Clinton Avenue Methodist Church, officiated. On Monday evening many friends called to pay their respects and there were many beautiful floral tributes. Burial was in Wiltwyck Cemetery.

Mrs. Emily W. Illert

Funeral services for Mrs. Emily W. Illert, wife of Fred Illert of 53 Crown Street, who died Saturday evening, were held Tuesday 11:30 a. m. at the Keyser Funeral Home, Albany and Manor Avenues. The Rev. Arthur E. Oudemool, pastor of Old Dutch Church of which Mrs. Illert was a member, officiated. Services were largely attended and there were many beautiful floral tributes. Committal services were conducted by the Rev. Mr. Oudemool at the Hurley Cemetery.

Gayton E. Miller

Funeral services for Gayton E. Miller of Treis Terrace, Saugerties, who died March 3 in Kingston, were held at the Seamon Funeral Home, John and Lafayette Streets, Saugerties, Tuesday 2:30 p. m. The Rev. Joseph Rainier Jr., pastor of the Saugerties Methodist Church officiated. Services were largely attended. During the repose many friends called at the funeral home to pay their respects and there was a profusion of floral tributes. Monday evening Imperial Council 16, Daughters of America, called at the funeral home and conducted services. Anna Minkler, counselor; Ruth Burns, vice counselor; Susie Shaler, associate vice counselor; Hannah Lewis, past junior counselor and Louella Daley, soloist, led the services. Burial was in Mt. Marion Cemetery where the Rev. Mr. Rainier conducted the committal service. Bearers were Willett Baldwin, Milton Armstrong, George Holmes, Lewis Follows, Harry Knaust, Raymond Quakenbush.

Mrs. Janet C. Stokes

Mrs. Janet Christina Stokes, 47, of Stone Ridge, died in Kingston Tuesday evening following a long illness. A life-long resident of Stone Ridge, she was the daughter of the late George and Emma Palen Christina. She was a member of the Christ the King Episcopal Church, Stone Ridge. Surviving are two daughters, Mrs. Betty Martino of Highland and Joan Stokes of Stone Ridge; a son, William Stokes of Stone Ridge; a sister, Mrs. Elizabeth Martine of Marletown; two brothers, Earl Christina of Stone Ridge and Stanley Christina of Kripplush and a grandson. Funeral services will be held at the Episcopal Church of Christ the King, Stone Ridge, Friday 10:30 a. m. with the Rev. David W. Arnold, priest-in-charge, officiating. Friends may call at the George J. Moylan Funeral Home, Main Street, Rosendale, today and Thursday 2 to 4 and 7 to 10 p. m. Burial will be in Fairview Cemetery, Stone Ridge.

Mrs. Estelle H. Thomson

Mrs. Estelle H. Thomson, wife of William Mowbray Thomson, of 13 Millrock Road, New Paltz, died Sunday at Kingston Hospital at the age of 75 years. She was born in Ulsterville on Aug. 13, 1885, daughter of the late Asa and Mary Scott Howe. She formerly resided in Walden and had lived in New Paltz the last seven years. She was a member of the New Paltz Methodist Church, a member and past president of the Walden American Legion Auxiliary, past president of the Orange County Legion Auxiliary, a member of the 8 and 40 American Legion Auxiliary. She is survived by her husband, two brothers, Thomas H. Howe, Ulsterville, and William C. Howe, Washingtonville; two nieces, Mrs. Michael Grieb, Middletown, and Mrs. Thomas DePew, Scotts Corners, a nephew, Robert Howe, Montgomery. Funeral will be held Thursday at 2 p. m. at the Millsaugh Funeral Home, 22 Bank Street, Walden. The Rev. Willett R. Porter Jr., pastor of the New Paltz Methodist Church, will officiate. Burial will be in Walkkill Valley Cemetery. The Legion Auxiliary will conduct services at 7:30 p. m. today and the 8 and 40 Auxiliary will hold services at 7:45 p. m. at the funeral home.

Alvin Van Hoevenburgh

Funeral services for Alvin Van Hoevenburgh, well-known sign painter of 99 South Manor Avenue were held Tuesday afternoon from the W. N. Conner Funeral Home, Inc., 296 Fair Street, with the Rev. Arthur E. Oudemool of Old Dutch Church and the Rev. Albert H. Shults, officiating. The services were largely attended by his many friends and relatives. Floral tributes were numerous and beautiful. During the time of repose many called to offer their sympathy and condolence to the bereaved family. Sunday night employees of the cafeteria system of the Kingston School District (Consolidated) visited the funeral home in a body. Monday night members of Wicks Hose and Engine Company No. 4 visited the funeral home in a body and by their chaplain, the Rev. William J. McVey, conducted services for their deceased member. Also visiting the funeral home were members of Kingston Lodge, 10 F & A M, who led by Past President Henry J. Rover conducted Masonic services for their deceased member. Bearers were Wesley Hogan, Harford Shults Jr., Robert Hines, Herman Schroder, George Schirck and Peter Steketee. Burial was in Mt. Marion Cemetery.

Meriwether Seems In

WASHINGTON (AP)—President Kennedy appeared assured today of Senate approval for the bitterly debated nomination of Charles M. Meriwether as an Export-Import Bank director.

Meriwether, segregationist and political ally of Alabama Gov. John Patterson, weathered the first round of opposition to his nomination when the Senate voted 66-18 Tuesday against pigeonholing his nomination.

By agreement senators would end what has been acrid debate at 2 p. m. EST today to vote on the nomination.

Check Motor Blaze

Firemen were called at 12:41 p. m. today to check a motor blaze in a truck owned by Vincent Fallo of River's Lane. The call was to 226 South Wall Street. The fire was confined to the motor area where it started. Units from Central and Wiltwyck stations responded.

Cold Brook

from a lighted cigaret damaged the four-room home of Russell Gillespie on Burlingham Road, between Pine Bush and Walker Valley.

The fire was discovered shortly after Gillespie had left for work. Damage was estimated at \$1,000.

Fire burned the sofa, adjoining woodwork and dropped to the cellar portion of the house.

Chief Greg Greer of the Walker Valley Fire Department was in charge. Because of the closeness of other homes Pine Bush firemen were called to standby.

William K. Ronk

William K. Ronk, of Newark, N. J., a former resident of Port Even, died in this city today. Mr. Ronk is survived by a sister, Mrs. Alvin Schoonmaker and a niece, Mrs. Harold Boyce, both of Port Even. Funeral arrangements will be announced by the Jensen and Deegan Funeral Home.

Miss Clara Hansen

Miss Clara Hansen, a resident of Kingston for the past 22 years, died at Kingston Hospital Tuesday. Miss Hansen was born at Springfield, Ill., a daughter of the late Gordon and Emma Dypdal Hansen. There are no immediate survivors. She was a member of the Episcopal Church of the Holy Cross. A Mass of requiem will be offered for the repose of her soul at the chapel of the Convent of St. Ann, 287 Broadway, Friday 10 a. m. Burial will be in the Ascension Cemetery, West Park. Friends may call at the Jensen and Deegan Funeral Home, 15 Downs Street, Thursday 7 to 9 p. m.

George F. Bratting

Funeral services for George F. Bratting of 24 Post Street, Saugerties, who died March 4, were held Tuesday 10 a. m. at Seamon Funeral Home, John and Lafayette Streets, Saugerties, with the Rev. Walter Cowen, pastor of the Lutheran Church of the Atonement, Saugerties, officiating. Services were largely attended. During the repose many friends called at the funeral home to pay their respects and there were many beautiful floral tributes. Burial was in Mt. View Cemetery, Saugerties, where the Rev. Mr. Cowen conducted committal services. Bearers were Theodore Freligh, Martin Freligh, Chester Tymenson, John Cannon and Edward Flanagan.

Mrs. Sarah E. Hasbrouck

Sarah E. Hasbrouck, widow of Huyler Hasbrouck, died Tuesday at the Blue N-rsing Home, New Paltz, after a short illness. She was born Aug. 22, 1876 in Wallkill, the daughter of Ebenzer and Elizabeth DuBois Alsoldi and had lived in New Hurley for the past 38 years. She is survived by five daughters, Mrs. Elizabeth Vernoy of Kingston, Mrs. Lawrence Curtis of Santa Barbara, Calif., Mrs. James Robinson of Poughkeepsie, Mrs. Ralph Turner of Newburgh, Miss Carrie Hasbrouck at home; three sons, Peter C. of Poughkeepsie, Abraham of Torrancia, Calif., Lewis of Walden; 10 grandchildren; 16 great-grandchildren; several nieces and nephews. Funeral services will be held at the McHugh Funeral Home, Walkkill, Friday at 11 a. m. The Rev. Walter Van Popering of Walkkill Reformed Church will officiate. Burial will be in New Hurley Cemetery. Friends may call Thursday afternoon and night.

Henry Boedefeld

The funeral of Henry Boedefeld of 88 Hasbrouck Avenue who died in this city Saturday was held Tuesday at 9 a. m. from Francis J. McCordle Funeral Home, 99 Henry Street, and at St. Peter's Church where at 9:30 a. m. a high Mass of requiem was offered for the repose of his soul by the Rt. Rev. Msgr. Joseph P. Ostermann. Responses to the Mass were sung by the children's choir accompanied by Miss Ann Goldrick, organist. Richard Scherer acted as soloist. During the repose at the funeral home many called to pay their respects. Monday night Msgr. Ostermann accompanied by the Rev. John T. Dwyer and those assembled recited the Holy Rosary. A profusion of beautiful floral pieces and spiritual bouquets were received. Burial took place in St. Peter's Cemetery where Msgr. Ostermann pronounced the final absolution at the grave. Bearers were Francis P. Gardner, Vincent F. Stock, Saul Kaplan and Gene Rios.

Miss Anne K. Campbell

Funeral of Miss Anne K. Campbell of 24 Josephine Avenue who died Saturday was held from the Jensen and Deegan Funeral Home, 15 Downs Street, Tuesday 9 a. m., thence to St. Joseph's Church where at 9:30 a high Mass of requiem was offered for the repose of her soul by the Rev. James V. Keator. Responses to the Mass were sung by the children's choir accompanied by Mrs. Frank Rafferty, organist. Delegations from the Benedictine Hospital Sisters and Sisters of the Mother Cabrini School, West Park, attended the Mass and called at the funeral home. Many called at the funeral home and many floral and spiritual bouquets were received. Among the clergy who called at the funeral home to offer prayers were the Rt. Rev. Msgr. Stephen P. Connelly, PR, and the Rt. Rev. Msgr. Austin V. Carey. Monday evening the Rev. William E. Williams called and led those assembled in the recitation of the Rosary. A delegation of the Benedictine Hospital Auxiliary officers and members called at the funeral home. Burial was at St. Mary's Cemetery, where Father Keating gave the final absolution.

Mrs. Gertrude L. Keator

Mrs. Gertrude L. Keator of 172 Wall Street, died in this city Tuesday following an illness of several months. Mrs. Keator was born in Hunter, a daughter of the late Louis and Carrie Angle Egbertson. She came to Kingston as a child and attended public schools here. Mrs. Keator was a member of the Evangelical Lutheran Church of the Redeemer where for 22 years she was a teacher in the Sunday school and active in the United Lutheran Church Women's Group and many other church organizations. She had been an active member for many years of the Kingston Chapter 155, Order of the Eastern Star, which she served as past matron. She was a past district deputy of the organization. Mrs. Keator was also a

Noted Symphony Conductor Dies Today in London

LONDON (AP)—Sir Thomas Beecham, 81, internationally known conductor of symphony and opera, died early today.

Beecham had been in poor health for many months, although he continued to make recordings. He died at his London home after a cerebral thrombosis.

He was Britain's greatest symphonic conductor of the 20th century and one of the world's foremost interpreters of the music of Mozart, Handel and Haydn. But he was known almost as well to music lovers for his caustic wit, sometimes shocking, usually irreverent, which infuriated or delighted his audiences.

In February 1960, while undertaking a three-month tour of America, he suffered a severe attack of virus pneumonia. He responded quickly to treatment, but it was obvious that the illness had made great demands on his strength.

Returning to Britain in April, he was forced by his doctors to cancel a series of performances at Covent Garden.

Two Meetings Are Set Thursday on Improving City

Two Thursday meetings will deal with urban renewal and other projected city improvement plans, Mayor Edwin F. Radel said today.

Relocation of the Rondout Creek Bridge, new school locations, and various urban renewal details will be discussed at a 2 p. m. meeting to be attended by the mayor, planning board, representatives of the state public works department and of Raymond & May Associates, city planning consultants.

The planning board, mayor, planning consultants, aldermen and others at a 7:30 p. m. meeting will discuss details pertinent to school-expansion program, to compile, insofar as possible, elements now lacking, and to gain as much information as possible on the entire school program.

Seitz Foreman Of Extra Panel

When an extra panel of 10 grand jurors reported today Supreme Court Justice Isidore Bookstein named Harry C. Seitz, of 188 Lindermann Avenue, foreman, and Frances E. Bence, of 259 Lucas Avenue, acting foreman.

The original panel failed to produce sufficient grand jurors to constitute a panel.

Assistant District Attorney Harry Goff appeared for the district attorney's office.

After organization the jurors were excused until Thursday when they will enter upon their deliberations.

McMorran Renews Fight

ALBANY, N. Y. (AP)—The State Public Works Department launched another fight today to block Republican-sponsored legislation that would make the state pay for relocating utility facilities when highways are built.

The bill, which has been introduced in the Legislature each year since 1957, it was vetoed by the governor twice and killed by the Legislature twice.

J. Burch McMorran, public works superintendent, said in letters to the legislators that this year's bill represented another attempt "to compel the citizens of our state to subsidize the private utility companies at the expense of our state's highway construction program."

"Our objections now, just as in 1957, 1958, 1959 and 1960, are just as strong, and our condemnation of it just as undiluted."

Wolff Boy Fair

Larry Wolff, 7-year-old son of Mr. and Mrs. Louis Wolff, Woodstock, was taken to Benedictine Hospital Tuesday afternoon by Father's ambulance. He had been struck by a car on Rock City Road, Woodstock. His condition was reported as fair today. He suffered a fractured right leg and lacerations of the head. He was riding his bicycle when struck by the vehicle. The driver's name was not available.

member of Judea Shrine 12, Order of the White Shrine, for which he served as past worthy High Priestess and past district Deputy. Also a member and officer of the Ulster County Women's Republican Club. Prior to her marriage in 1942 she had been employed for a number of years at the Beacon Dress Company. She was a member and formerly served as president of the Scarfield-Gooderson group as well as many other Eastern Star groups. She is survived by her husband, Arthur J. Keator; a brother, Harold Egbertson of Lake Katrine; a nephew, Louis Egbertson; an aunt, Bertha Jones and several cousins. Funeral services will be held at the Jensen and Deegan Funeral Home, 15 Downs Street, Friday 2 p. m. with the Rev. David C. Gaise, pastor of the Evangelical Lutheran Church of the Redeemer, officiating. Burial will be in North Marletown Cemetery. Friends may call at the funeral home at any time.

Card of Thanks

We wish to thank our friends for all their kindness and expressions of sympathy extended during our recent bereavement in the death of Bernard (Bunk) Smith of Binghamton, N. Y.

Signed,
Wife, MRS. B. SMITH & DAUGHTERS

An active volcano, Mt. Erebus, sends up wisps of smoke in Antarctica.

DIED

Farmers Will Hear Debate Thursday On Migrant Issue

Appearing on the "Face the Nation" program over channels 2 and 3 on Thursday evening will be Charles B. Shuman, president of the American Farm Bureau Federation, who will debate the migrant farm worker prob-

lem with New Jersey State Senator Harrison Williams (D). This topic is of considerable interest to many local farmers who employ migrant labor during certain seasons of the year. The debate will be at 10 p. m. on Thursday and the topic will be "The Migrant Farm Worker—Is Federal Legislation Necessary?"

Approximately 75 per cent of all baby food now is packaged in glass.

Social Security Retirement Test

Beginning this year many social security beneficiaries who work will be able to increase their part-time or full-time earnings and still be paid some of their social security benefits, according to George J. Johnson, district manager of the Kingston social security office.

As before, Johnson said, beneficiaries who earn \$1,200 or less in a year still get their full social security checks for all 12 months of the year. But, beginning in 1961, a person earning between \$1,200 and \$1,500 in a year will have only \$1 in benefits withheld for each \$2 earned over \$1,200. When earnings are more than \$1,500, a \$1 in benefits will be withheld for each \$1 that earnings go over \$1,500.

Until now, a beneficiary lost one monthly benefit check for each \$80 or fraction of \$80 he earned over \$1,200; earnings of even \$1 over \$1,200 could cost the beneficiary an entire monthly benefit of as much as \$120 and also any benefits payable to his dependents based on his social security account.

To show the advantages of the new provision, Johnson cited the example of the 68 year-old worker who receives social security benefits of \$150 a month for himself and his 66 year-old wife. Beginning in 1961, this man can earn \$3,100 a year and he and his wife will still get at least \$50 in benefits for the year. If he earns only \$1,200, they can receive \$1,050 in benefits, giving them an income from combined earnings and benefits of \$3,150 a year.

He also indicated that some people who applied for their benefits in years past may still not be aware that they could collect some payments under certain provisions which have been in effect for some time. One of these provisions permits a beneficiary, regardless of his total earnings for the year, to receive his full benefit check for any month in which he does not earn more than \$100 or do substantial work in his own business. The other provides that beginning with the month of his 72nd birthday, a beneficiary may be paid all his benefits no matter how much he earns.

Johnson urges working people past retirement age (65 for men, 62 for women) who have not yet applied for their social security benefits, to visit their social security office now. Even though they are earning fairly substantial amounts, they may now be able to collect some benefit

YOUNG GOP SPONSORS LABOR DISCUSSION—More than 50 persons attending the March meeting of the Ulster County Young Republican Club at the Stuyvesant-Kingston Hotel heard a panel discussion on the interest of labor in local, state and federal problems. The leader was George E. Yerry Jr., president of the Hudson Valley District Council of Carpenters, which covers 10 counties, also of the Ulster, Sullivan, Delaware and Greene Counties Building and Construction Trades Council, and business representative of the Hotel and Restaurant Employees and Bartenders Association of Ulster County. Members of the panel were (seated) Edith Smith, Leader Yerry, and Patricia Bender; standing, Robert S. Stedje, Robert C. Schantz and Charles Tiano, who presided as chairman. Joyce Yerry, chairman of the Labor Committee of the club made arrangements for the discussion.

At the March meeting of the Ulster County Young Republican Club, County Judge Raymond J. Mino, formerly district attorney and city judge of Kingston, Officers attending the meeting in the Stuyvesant-Kingston Hotel were (seated l-r) Joseph Martorana, secretary; Audrey Gregorio, assistant secretary; County Judge Mino; standing, Richard Craft, second vice president and City Marshal John Ray Mayone, first vice president, who presided in the absence of Donald R. MacCollam, president.

checks during 1961 and later years. The Kingston, New York Office of the Social Security Administration is located at 61 Albany Avenue and services all of Ulster and Sullivan Counties. Telephone Federal 8-7307.

Short Term

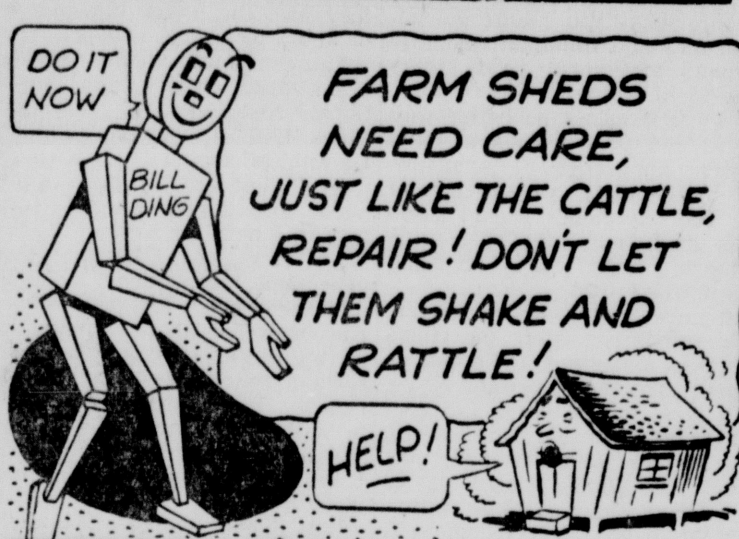

Because of travel difficulties, the first inauguration of George Washington as president of the United States was delayed from March 4 to April 30, 1789, so his first term was cut short by almost two months.

Doan's

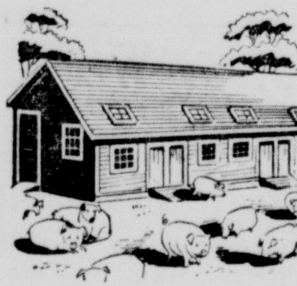

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with over-exertion or stress and strain—you want relief—want it fast! Another disturbance may be mild bladder irritation following wrong food and drink—often setting up a restless uncomfortable feeling. Doan's Pills work fast in 3 separate ways: 1, by speedy pain-relieving action to ease torment of nagging backache, headaches, muscular aches and pains, 2, by soothing effect on bladder irritation, 3, by mild diuretic action tending to increase output of the 15 miles of kidney tubes. Enjoy a good night's sleep and the same happy relief millions have for over 60 years. Large, economy size saves money. Get Doan's Pills today!

SAUGERTIES NEWS

CAROLYN C. FRANCE
CorrespondentVillage Board
To Get Bids on
Pick-Up Truck

At the meeting of the Saugerties village board on Monday evening, Ernest Ackert, village clerk was instructed to advertise for bids on the 1951 pick-up truck, formerly used by the superintendent of public works until it was replaced recently by the former Exempt Firemen's truck. Sealed bids may be sent to the village clerk and they will be opened at the next Village Board meeting March 20.

A motion was made and approved by the trustees to place no parking signs on the north side of Division Street from Center to Cedar Streets Sundays, 8 a. m. to 12 noon, to relieve congestion near St. Mary's of the Snow Church.

Another motion approved was the change of policy in relation to the gasoline usage of the pump behind the municipal building. There will be a change from regular gas to high test gas, and all village vehicles will be supplied from this tank at a considerable savings to the village.

A letter from Morrell Vrooman, engineers of Gloversville, was read concerning the installation of new pipe lines in the Barclay Heights area in 1959. The board had been approached recently by representatives of the area fire departments because of concern about the lack of pressure in case of fire on the south side of the village and in the Barclay Heights area. The letter gave assurance that the lines had been tested at 180 pounds per square inch pressure. Vrooman also said that the new pipe lines are now providing the area with improved fire protection and the continuance of the present low class B or protected fire insurance rates.

Prior to the improvement, many properties in this area could not be adequately protected against fire as they could not obtain fire flows complying with the minimum requirements of the New York Fire Insurance Rating Organization and were in jeopardy of losing the present low rates. In addition, the commercial and industrial properties along East Bridge Street could not receive adequate fire flows to protect lives and property.

WSCS Schedules
Fashion Show on
Worldwide Theme

The seventh annual spring fashion show of the Women's Society of Christian Service of the Methodist Church will feature a tour "Around the World" with members modeling costumes of Japan, Hawaii, Portugal, Mexico and other interesting places during the intermission between the up-to-the-minute styles from local merchants.

The show, at the church chapel Saturday, March 18, at 2 p. m., will show a variety of ensembles, coats and dresses. A complete line of children's wear will be one of the major attractions.

Refreshments will be served during the afternoon in an atmosphere in keeping with the theme.

New Lighting
To Be Installed
In Local Library

Installation of fluorescent lighting fixtures at the Saugerties Public Library is scheduled to begin Friday and should be completed by Monday, March 13. Robert L. Strickland, a lighting engineer with Central Hudson Gas and Electric Corp., recently made a survey of lighting conditions at the library and recommended the fluorescent fixtures to bring light values for reading rooms and stack areas up to New York State Education Department standards.

Business Course
Concludes With
Talk on Finance

A small business management course, sponsored by the adult education program of the Saugerties Central Schools in cooperation with the Saugerties Area Chamber of Commerce, was completed last week. At this meeting business financing was discussed by Raymond J. Connolly of the Small Business

Administration, New York City. The course also featured at previous meetings discussions of merchandising by Homer Laudig, manager of Marsh's Department Store, Hudson; advertising by Michael C. Starkman, manager of Valley Advertising Agency, Kingston; credit and collections by Thomas O. Murphy, manager of the Credit Bureau of Poughkeepsie; and expense control and profit planning by Robert Walden, manager of Jo-Ann Company, Schenectady.

At the conclusion of Tuesday evening's meeting, the local business men and women were asked to fill out questionnaires evaluating the course.

Diplomas were presented by Vincent Amrod, president of the Saugerties Chamber of Commerce, to the following persons who attended the course:

Mrs. Agnes Altenau, Vincent Amrod, Mrs. Caroline Banks, Mrs. Alice Benjamin, James Bosco Jr., Franklin Clum, Richard DePuy, Mrs. Helen Keeley, Joseph Kramer, Ralph Lachmann, Charles LoBianco, A. H. London, Frank Matera, Paul Modjeska, Peter Murphy, John Offermann, Walter Pettinger, Edward Prince, Paul Rinde, Raymond Ruby, Robert Shapiro, Mrs. Sadye Shapiro, Floyd Shultz, and Barkley VanTassel. The Second Degree was conferred on twenty-eight members of the Knights of Columbus at its meeting March 1, at St. John's Hall, Veteran.

Taking the degree were Flaviano Cicciorello, Joseph Veltrie, Dominick A. Parise, Patsy Porto, Walter J. Lane, John B. Amrod, Douglas Edwards, Joseph Mayone, Peter Fondino, Robert Ciosi, Harry Packard, Dominick C. Parise, W. L. Keller, A. B. Gemon, Thomas Dooley, Andrew De Poy, Thomas A. Rizzo, George Barville, John Gambino, Phillip Sweeney, Charles A. Ricketts, Terrence Martio, Ernest Legg, Allen Berzal, Joseph Conito, Anthony Mezzacappa, Harry Buback and Edward Kolls.

Plattekill Church Will
Observe Scout Sunday

The Plattekill Reformed Church of Mt. Marion will observe Girl Scout Sunday at its March 12 service by having the church sponsored Troop 66 participate in the worship at 11 a. m.

Carol Wolsen will offer the invocation, lead in the Lord's Prayer and pronounce the salutation; Margaret Kearney, responsive reading; Cheryl Hulme, Old Testament lesson; Karen Bonita Haslam, lesson from the Epistle; Pamela Olive, the morning prayer; Nancy Hornbeck will ask for the morning offering and offer the offertory prayer.

Girls from the two Mt. Marion Brownie troops Gayla Holloran and Karen Reynolds of Troop 45, and Bethann Owens and Ann Stegmayer of Troop 53 will receive the offering.

The Rev. Henry L. Reinwald, pastor, will have as his sermon topic, Judas Iscariot.

The events scheduled for the week at the Plattekill Reformed Church was announced as follows: Sunday 6:30 p. m. Intermediate Youth Fellowship in parsonage; Monday, 7 p. m., Senior Youth Fellowship in parsonage; Tuesday, 8 p. m. Junior Service League in church hall. Plans for Mother-Daughter banquet to be held on May 9 will be discussed; Wednesday, 1:35 p. m. released time school for Mt. Marion and Glasco pupils; 2:30 p. m. released time school for Lake Katrine and Chambers Schools at the home of George Felton, 27 Lawrenceville Street, Kingston. Wednesday 8 p. m., senior choir rehearsal in the church; Thursday, 6 p. m. Girl Scout Troop 66 meets in the church hall; Friday, 6:15 p. m. Junior Service League will sponsor dancing lessons for adults in church hall.

Atoneum Church
Schedules Listed

Atoneum Lutheran Church notes and schedule of coming events were announced by the pastor, the Rev. Walter Cowen, as follows:

Tuesday: 1 to 4 p. m. Lenten Sewing Project at parish house; 4 p. m. confirmation classes and confirmation choir rehearsal; 8 p. m. monthly meeting of the church council.

Wednesday: 6:45 p. m. church choir rehearsal; 7 p. m. chapel choir rehearsal; 8:45 p. m. senior choir rehearsal following midweek Lenten service. The Rev. Walter Cowen, pastor, will occupy the pulpit.

Deadline for notices in The Tidings, monthly congregational publication, will be Sunday. All notices are to be in the hands of Mrs. Arthur Lewis at that time for events for the next month.

The Atoneum Lutheran Church, together with Lutheran Churches of the United States and Canada, will participate in the biannual used clothing and bedding appeal for world relief. Members of the congregation may bring good used clothing, bedding, blankets, layettes, shoes (closed toed and in repair) to the church or leave at parish education building, Lutheran World Relief, will distribute the clothing to 17 countries including Korea, Jordan and Hong Kong areas.

Dartball Results

Service Center "B" stayed two games ahead of Katsbaan in the American Conference of the Saugerties Dartball League while Centerville moved two games up on both Cementon and the American Legion in the National Conference.

Monday's scores: Trinity 0, Service Center "A" 3; American

Feels That X15
Will Achieve Its
Design Mission

EDWARDS AIR FORCE BASE, Calif. (AP)—"I feel certain the X15 will achieve its design mission."

That was Air Force Maj. Bob White's casual way of predicting the record-setting rocket ship eventually will fly 50 to 100 miles high at speeds up to 4,000 miles per hour.

His fringe-of-space prediction came after the handsome, dark-haired pilot's test flight of the X15's powerful new engine Tuesday.

The engine, open only two-thirds of full throttle, hurtled White across the desert sky at 2,650 miles an hour—a record for manned flight. Officials said instrument checks may revise the figure upward to 2,800 m.p.h.

Another record was set when air friction heated the plane's stainless steel skin to an estimated 700 degrees, warmest yet for a man-carrying craft.

White, 37, said his pressure suit and air conditioned cabin kept him comfortable at all times.

Conference Set
Before Dudley
Charge Is Placed

RICHMOND, Va. (AP)—Dickenson County authorities confer today with the attorney general's office here before placing a charge against an itinerant couple whose young daughter was found dead Friday.

Sheriff Oakley Stanley said the girl, Debbie Jane Dudley, 3, is believed to have died in Gary, W. Va., last May. But her body was placed in a rugged area of Southwest Virginia, where two motorists found it last week.

The child's parents, Mr. and Mrs. Kenneth E. Dudley, were charged earlier with murder in Hanover County in the malnutrition death of another daughter, Carol Ann, 8.

Carol Ann's body was found near Lawrenceville on Feb. 9 and the Dudleys were arrested Feb. 10 near Fugay, N. C. Dudley now is undergoing psychiatric tests at the state penitentiary and Mrs. Dudley is being held in the Brunswick County Jail.

Dudley said three other children died since the family left Syracuse, N. Y., 2½ years ago. He said their bodies were disposed of in Florida and Louisiana.

A sixth child, Christine, 2, is being cared for by the Brunswick County Welfare Department.

PAA Found Guilty

NEW YORK (AP)—A federal judge today found Pan American World Airways guilty of violating antitrust laws by restraining trade in air traffic to South America through its half ownership of Pan American-Grace Airways, Inc. (Panagra).

In a 70-page opinion, Judge Thomas F. Murphy suggested the government prepare a final decree containing an order for Pan American to divest itself of its Panagra stock.

Area Notes

Mr. and Mrs. Richard Connor of 21 Birchwood Drive, South, announce the birth of their first son, Kevin Richard, Tuesday, March 7, at the Benedictine Hospital. They also have two daughters Patti Lynn, two, and Peggy Lou, one. Maternal grandfather is James Hannigan of New Hamburg, and paternal grandparents are Mr. and Mrs. Alton J. Connor of Kingston.

Mr. and Mrs. David H. Hildebrandt of Simmons Street have her grandmother, Mrs. Elizabeth Keyser of Delmar, as their guest for a few weeks.

Events Scheduled

The American Legion Auxiliary will meet at the post home John Street, Thursday 8 p. m.

Financial and
Commercial

NEW YORK (AP)—The stock market continued to decline in heavy trading early this afternoon although a number of issues posted big gains against the trend.

The Associated Press average of 60 stocks at noon was off .60 at 238.34.

Most losses of key stocks were fractional but some dropped 1 or 2 points.

Chemicals showed some of the sharper losses. Coppers also were clipped badly here and there. The price of scrap copper was reduced. Steels, motors, rails and airlines were a bit lower on balance.

Brokers saw the performance as a continuation of Tuesday's correction of the recent advance.

The Dow Jones industrial average at noon was off 1.75 at 665.39. Corporate bonds were irregularly lower as trading slackened. U. S. governments were unchanged to slightly higher in quiet dealings.

Quotations by Morgan Davis & Co., members of the New York Stock Exchange, 63 Wall Street, New York City, branch office, 41 John Street, Matthew F. Hasbrouck, Jr., manager.

Livestock Prices

BUFFALO, N. Y. (AP)—NYSDA Closing livestock: Demand cattle: Steers and heifers—Demand moderate. Market steady. Good steers all weights 24.50-29.00; standard 820-1000 lb steers 22.50-23.75. Dairy type slaughter cattle—Demand good. Market steady. Standard dairy 17.00-18.00. Salable calves: Demand good. Market steady. Prime 37.00-39.00; choice 33.00-36.00; good 30.00-33.00; medium 24.00-30.00. Salable hogs: Demand good. Market steady. U. S. 1-3 butchers 190-220 lbs 18.00-18.75 top 19.00 for two decks of Ohio hogs 212 lbs. Good and choice sows all weights 6.00-10.00. 12.00-14.00; most boars 9.00-10.00. Salable sheep and lambs: Demand active. Lambs mostly 75 cents higher; sheep steady. Choice 100 lb lambs 19.00; heavy lambs 18.25-18.50; burry lambs 17.50. Good ewes 6.00-7.00.

Overtime Asked

performed such as emergencies, parades, floods and special events. He noted a "greater pitch" of police activity in the city during recent years, and "officers are called upon to perform duties in excess of the normal 40-hour week with no extra compensation."

Alderman Schrowang, referring to the rejected dog ordinance or resolution, said he realized it was a bit strong in parts, but he had received request from parents in his ward for some type of action. He refrained from voting on a committee report that rejected the ordinance and asked for the special committee, which Alderman-at-Large Kaye indicated would be named later.

Chief's Request Tabled

Majority Leader Ryan suggested tabling the request of Fire Chief Brett to attend conferences, because he said, it was his understanding that a distance limit had been set naming the Mississippi River for westward trips.

Chief Brett asked to attend the New York State Fire Chiefs Conference at Lido Beach, N. Y., June 4 through 7, and the annual conference of the International Association of Fire Chiefs in Las Vegas, Nev., Sept. 25 through 28.

Going to Buffalo

Howard S. Pangburn, water board president, Edmund T. Cloonan, water department superintendent, and Edwin L. Wettern, of the department's office, were authorized to attend the spring meeting of the American Water Works Association April 9 through 12 in Buffalo.

Eve Schanger, of 140 St. James Street, as guardian of Manes Schanger, who was injured Dec. 17 in a sled mishap on the Dietz Stadium grounds, filed a claim of \$50,000, through her attorney, Robert A. MacKinnon. It is sharp object and he suffered a leg laceration requiring more than 100 sutures to close.

Vivian S. Kellenberger, of 127 Pearl Street, through her attorney, Howard C. St. John, filed a claim for \$20,000. She seeks to collect for injuries suffered in a fall some time ago near 306 Wall Street.

Marion and Solly Present, of 50 Henry Street, filed a claim for \$12,500, to collect for injuries suffered last Dec. 8 in a sidewalk fall near 20 Henry Street. The Harry Gold is the attorney. Of the total, \$10,000 is asked for injuries suffered by Mrs. Present, and \$2,500 filed by the husband for loss of services.

Approved Asking Funds

The aldermen approved the bid of A. J. Murphy 3rd, recreation superintendent, to permit Mayor Radel to make application for funds reimbursable from the state from the Youth Commission as part of a grant set aside for communities throughout the state.

Alderman Koenig asked that the city clerk be instructed to ask the education board by letter to consider traffic problems in the Ninth Ward, due to schools located there.

May Strip Equipment

The report by aldermen Ryan and Perry, as adopted, asks that bids be requested for the purchase of four heavy dump trucks, two pick-up trucks, and a street sweeper. They asked that consideration be given "the fact that tires and tubes on equipment to be replaced might be more valuable than any trade-in allowance. Since these items can be used on other city-owned equipment, we might be further ahead to strip the tires and tubes and junk the vehicles. Perhaps these conditions should be considered in drawing up specifications for bidding."

A resolution by aldermen Ryan and Perry took note of the Feb. 22 Muster Day observed by the 156th Field Artillery Battalion, which was attended by the councilmen.

It noted that the city, through Alderman-at-Large Harold L. Kaye, "was presented with a plaque commemorating the history of the citizen soldier by Lt. Col. Arthur H. Marx, battalion commander."

Aldermen Impressed

It asked that the city clerk be instructed to communicate with Lt. Col. Marx, "his officers and men, our appreciation for their hospitality." It asked that the letter express how the aldermen were impressed with the guardsmen's "familiarity with the tools and techniques at their command."

Further to be noted, it said, is that the plaque entitled, "I Am the Guard," is displayed in the city hall foyer "so that all visitors will be additionally reminded of the services of this dedicated group of our fellow Americans." Alderman Schrowang, a guardsman, said he was told on behalf of the commander, to extend to the aldermen the privilege of open house.

Egg Market

NEW YORK (AP)—USDA—Wholesale egg offerings of large ample; mediums adequate and smalls light. Demand somewhat improved.

(Wholesale selling prices based on exchange and other volume sales.) New York spot quotations included: Whites: Extras (47 lbs min.) 37-39; extras medium (40 lbs average) 36-37; top quality (47 lbs min.) 37-41; mediums (41 lbs average) 36-37½; smalls (36 lbs average) 33½-35. Browns: Extras (47 lbs min.) 37½-39; top quality (47 lbs min.) 38½-40½; mediums (41 lbs average) 37-38½; smalls (36 lbs average) 34½-36.

Dies of Injuries

SYRACUSE, N. Y. (AP)—Albion Michaels, 40, of Syracuse, died in University Hospital today of injuries suffered Monday, police said, when his automobile struck the rear of a city truck.

Acra Boarding
House Destroyed
By Fire Tuesday

Flames whipped by high winds quickly destroyed the Stonewall boarding house owned by Mr. and Mrs. William Constantini at Acra, Greene County, late Tuesday morning. Cause of the fire was undetermined. Mr. and Mrs. Constantini were forced to flee from the burning building along with their oldest daughter, Carol, who was ill. Two other children were attending classes at Cairo Central School.

Firemen from Cairo arrived with three trucks and found the building engulfed in flames which had apparently started at the rear of the long boarding house.

Father of 5

had been employed as superintendent by the Newburgh Stone, Sand and Gravel Corporation and had resided at 57 Merline Avenue, New Windsor, for about 10 years.

Born in Utica, he had been in the heavy construction business for some 20 years.

Mr. Royce was a member of St. Thomas Episcopal Church of New Windsor, a member of the Quassaick Fire Company of New Windsor, and American Legion Post, 1796, of New Windsor. He was a veteran of World War II.

Surviving are his wife, Cora Mason Royce, of Lomontville; two sons, Donald S. Jr., of Hazlet, N. J., David Lee Royce at home; three daughters, Cora Mae, wife of Ronald Stewart of Fort Lee, Va., Julia Ellen and Taneyla Ann Royce both at home; his father, Elmer H. Royce of Fountain, Florida; two sisters, Alice Schiller of Rome, and Marie Bawarski of Whitesboro; two brothers, Elmer H. of Johnston City, Ill. and John David Royce of Blossvale. Several aunts, uncles, nieces and nephews also survive.

Funeral services will be held at the Episcopal Church of Christ the King, Stone Ridge, Saturday at 10:30 a. m. where the Rev. David W. Arnold, priest-in-charge, will officiate at the burial office and requiem Mass. Friends may call at the Gazlay Funeral Home, Inc., Stone Ridge, Thursday and Friday from 2 to 4 and 7 to 9 p. m. Burial will be in Fairview Cemetery, Stone Ridge.

Sub Reaches

has generally rejected the anti-nuclear demonstrators and accepted the base as a desirable boon to business.

The Patrick Henry will be serviced by the depot ship and will take on a relief crew that arrived by air last week.

All told, the Patrick Henry was at sea 68 days. She surfaced during the night north of Ireland. Morale aboard the sub remained high, Capt. Shear said.

Air Is Perfect

"The air on the ship was perfect throughout the patrol," he said. "As a matter of fact, there were some comments that the air on the ship was better than the air outside after we surfaced."

"We are getting into operational matters. I just can't answer questions like that."

The Patrick Henry had 140 men aboard—13 officers, 122 enlisted men and 5 civilians who represented manufacturers of the equipment.

Treasury Receipts

WASHINGTON (AP)—The cash position of the Treasury on March 3:

Balance	\$5,970,740,923.66
Deposits fiscal year July 1	\$59,386,893,039.33
Withdrawals fiscal year	\$64,852,752,081.06
Total debt	\$290,696,809,272.85

NEW PALTZ NEWS

MABEL DE PUJ, Correspondent

Girl Scouts Hold Founders Party

NEW PALTZ—Thirteen representatives of the New Paltz Girl Scouts and Brownies attended the recent Juliette Low tea in the Fireside Room of the Education Building of the Reformed Church, bringing contributions from their troops to the World Friendship Fund in memory of the founder of the Girl Scouts in America.

Each girl has donated a penny for each year of her age, and the money was presented to Mrs. Randolph Siegel, representative of the Ulster County Girl Scout Council, by Mrs. Frank Powers, New Paltz neighborhood chairman.

Mrs. Siegel explained how the money is used to support international scouting, such as the Girl Scout Chalet in Switzerland, and the Cabana in Mexico, which are used for the gatherings of

Scouts from all over the world.

Mrs. Paul Stiner directed the recreation program which included "nosebag dramatics" by the Intermediate Scout representatives. Each team was given a paper bag of small items from which they improvised and presented a skit illustrating one of the Girl Scout Laws. The rest of the group then guessed what law was dramatized.

Scouts and Brownies both sang songs they had learned at troop meetings including "Peace, Make New Friends and Keep the Old, and Where'er You Make a Promise." A dramatized reading of the "Brownie Story" by the Brownies was presented under the direction of Mrs. Anthony Caiazza, Brownie consultant.

Refreshments were served by the co-chairman, Mrs. Anthony Caiazza, Mrs. Richard Jones, intermediate consultant, and Mrs. Clement Lepine, Brownie organizer, and Mrs. Frank Power.

Attending the tea were Mrs. Wilson Lorenzen and Debra from Troop 81, Mrs. Louise Hu-

ber and Carol from Troop 109, Mrs. Roland Babb and Florence from Troop 130, Mrs. Andrew Barone and Betty Ann Miller from Troop 11, Mrs. Lowell Carpenter and Nancy Van Leuvan from Troop 47, Miss Judy Babb and Kathy McSweeney from Troop 114.

Also present were: Mrs. Steiner, Mrs. Fred Sutter and Bonnie Thoben from Troop 58, Mrs. Joseph Krajciek, Karen Hasbrouck, Ruth Ellen Ferris and Caroline Jensen from Troop 34, Mrs. Louise Pagentine and Marlene from Troop 70, and Mrs. David Polhemus and Sally Redfern from Troop 112.

Vermont Speaker Is Guest of Club

Raymond Allen was the guest speaker at the March meeting of the 20th Century Club Sunday evening at the Fireside Room of the Reformed Church Education Building. His topic was "India as Seen, by a Vermont Farmer."

Mr. Allen is a 1959 graduate of the University of Vermont College of Agriculture. A year

ago he spent three months gathering first hand information and observing farm life in India. He was one of 12 American farm people sent under the sponsorship of Farmers and World Affairs Inc., to become acquainted with the Indian people and their problems. The group traveled through the rural areas of ten of India's 14 states, staying in homes of Indian farm families. They visited with Prime Minister Nehru India's president, minister of agriculture and many other national, state and local leaders.

Mr. and Mrs. Benjamin Matterson Jr., and their committee were in charge of the social hour and refreshments. While here, Mr. Allen also plans to visit the college and the Ulster County Farm Bureau.

Area Activities

Mrs. Gertrude Elliott and Mrs. Charles Mertz spent last weekend at Saratoga Springs to attend a conference of service and hospitality committees of Granges from five counties.

Mrs. Ethel Miller, recently a patient at Kingston Hospital, is recuperating at a nursing home

near the home of her son and his family at Buffalo.

Mrs. Bruyn Deyo, who spent several weeks at the Nelson House, Poughkeepsie, has returned to her home here.

The Church World Service Sewing Group will meet in the youth lounge of the Reformed Church Education Building Thursday, 10:30 a. m. The afternoon spiritual life group will meet in the youth lounge 1:30 p. m. This will be the first meeting of the afternoon group. Those who plan to attend both meetings may bring their lunch. Beverage will be provided.

Word has been received of the death of Harry W. Deyo of 63 Tiona Avenue, Belleville, N. J., Saturday, February 18, in East Orange General Hospital after a short illness at the age of 75.

Mr. Deyo was born in New Paltz, son of the late Charles P. and Ariella Richmeyer Deyo. He was a member of the New Paltz Normal School graduation class of 1907. Mr. Deyo was with the New Jersey Telephone Co. Newark office, where he was employed for 40 years. He was office manager to the general plant manager for several years

before his retirement in 1951. He was a member of the H. G. McCully Chapter of the Telephone Pioneers of America, also the Men's Club of Belleville. He is survived by a sister, Miss Hazel B. Deyo, with whom he lived; a brother, Ernest of Worcester, Mass.; two nephews, John Elting Deyo of West Boylston, Mass., and Maurice Deyo, Funeral services were held at Belleville. A graveside service was conducted Feb. 21 at New Paltz Cemetery by the Rev. John Follette of New Paltz, a long-time family friend.

Mrs. Irving D. Sutton, a patient at the New Paltz Nursing Home where she is convalescing, celebrated her 90th birthday Saturday, March 4.

Mr. and Mrs. Richard Carter are the parents of a daughter, Stephanie Jo, born Feb. 21 at Kingston Hospital.

Miss Helen Hasbrouck and Mr. and Mrs. Douglas Alverson are among those vacationing in Florida.

Mr. and Mrs. Dale Brenner are the parents of a son, Dale Fitzpatrick, born Feb. 25th at Kingston Hospital.

The Jaynees, with the help

of the Christmas committee, are planning to fill and distribute Easter baskets to 36 needy families in the community. The group is seeking baskets for this purpose, and if anyone is interested in donating any they may have, they may contact members.

Representing Sullivan-Shaffer Post No. 176 of the American Legion and Auxiliary at the Ulster County Committee meeting held recently in Saugerties were Mrs. Delia Shaw, Mr. and Mrs. Louis VanDeMark, Mr. and Mrs. Charles Deyo and Mrs. Edna Branigan.

County Farmers To Get Awards

At a "Town and Country" dinner, sponsored by the Ulster County Farm Bureau Thursday, April 6, at Ireland Corners Hotel, Ireland Corners, two Ulster County farmers will receive the "Century Farm Award," an award which is made to farmers of lands which have remained in the same family for a century.

Port Ewen Group To Install New Officers Mar. 23

New officers of the Port Ewen Businessmen's Association will be installed at the fourth annual dinner 7 p. m. March 23 at the Tropical Inn, Port Ewen.

Vernon Frost was elected president at a recent meeting of the group, replacing Zale Liese who served for the 1960-61 term. Other officers are Floyd Light, vice president; Ethel Howard, secretary; John Henry, treasurer; Cleon Jump and Roland Myers, directors.

The usual meeting date of the group is the last Thursday of the month, but due to March 30 being Maundy Thursday, the dinner date has been moved one week. Dinner chairman is William Gould.

Further announcement of the awards will be made.

At the dinner the guest speaker will be Paul Laffey of the Farm Family Life Insurance Company.

SHOKAN NEWS

Shokan — Edwin Messick, Spencertown, Columbia County, was a caller in the hub of the reservoir country Sunday. He was accompanied by Ernest MacDonald of Philmont.

Other weekend callers in the village included John Remensnyder, Saugerties. A native of the Bronx, his home is the old Mynders stone house near the river. Remensnyder, who is an active member of the county historical society, collects early American tools.

Mrs. Earl Dean who for the past two years has resided in the village center, reportedly is making her home at Mt. Tremper this winter.

Members of the city's forestry crew have been getting out logs which were snowed under during the blizzard. Most of these were on the reservoir preserve in the spillway neighborhood. A lot of lumber has been stockpiled as a result of operations down at the city's sawmill the past few months.

James Smith and family of the East Kingston area were Shokan callers last Sunday.

Birthdays March 10 include that of Justus North, a native of Olive and long time resident of Shokan. A trustee of the local Reformed Church, he is married to Mary Palen and they have three grown children.

A-fizzo

Mrs. A. Babcock, Arkville,

spent Friday with her daughter, Mrs. Joseph Ellsworth.

Callers at the local museum Sunday included Alfred Volker, Purling, and his son-in-law, Richard Buoniconto of Cairo.

Mr. and Mrs. Robert Winnie, Ridge Road, have returned from a month's vacation trip to Los Angeles. Worst traveling conditions the couple encountered on the trip West in early February was in the Gulf States where sleet, snow and ice halted long lines of cars.

The Freeman's Shokan reporter writes under date of Thursday, Dec. 21, 1881, as follows: "While Marshall Hollister was at Baptist Church services Sunday evening, some miscreant appropriated to his own use his horse and buggy. So at close of service Mr. Hollister found himself some miles from home with a fair prospect of trying his qualities as a pedestrian, and to increase the perplexities of the situation he was accompanied by a lady friend. However, Mr. D. N. Matthews came to the rescue with horse and wagon, and the missing rig was found next morning with a wheel caught on a tree, the horse being held by his harness. The rowdies apparently had turned the horse loose after riding around all evening."

The ruins of the Hollister old stone farmhouse can still be seen on the north side of Route 28A, several miles below West Shokan.

Rondout Valley PTF Club Will Meet March 21

Victor Mc Gee of South Africa, currently on a fellowship at Princeton University, will be the guest speaker at the Rondout Valley High School P.T.F. Club meeting March 21 at 8 p. m. at the new building on Kyserike Road.

Mc Gee, a graduate of Cambridge University, England, has taught in South Africa. His talk will show a comparison of the educational systems of South Africa, England and the United States. The public is invited to attend.

Quick Accident

Athens, Tenn. (AP)—Harvey Womack, 31, bought a new motorcycle, climbed aboard and ran the new vehicle into a brick building across the street two minutes later. He was not injured seriously.

LISA TIANO, Correspondent

Committee Named to Study Permanent Taxpayers Group

A committee has been appointed to take preliminary steps to organize a permanent district-wide taxpayers and voters organization. The new group would embrace all school voters in the entire Onteora Central Schools District.

Richard L. Lane, West Shokan publisher and operator of Onteora Speedway, was named chairman of the study group at a meeting held Sunday at the American Legion hall in Ashokan.

Others on the preliminary committee are: Ernest Gardiner, Duke Eckert, Herman Weidner, Justin McCarthy and James Clemens. Mrs. Freida John was named temporary secretary. Representatives from all communities in the OCS district will be added to the committee as plans develop.

Principal objectives of the group is to organize a permanent association of taxpayers and voters to maintain year-round study of school problems and keep a close watch on all expansion programs.

Declaring that the present Onteora school board is inadequate to handle current expansion problems, Herman Weidner foresaw the need for outside consultants to review operating expenses and make long range studies. "This should have been done a long time ago and it might cost some money, but in the long run it would save the taxpayer a lot of money," said Weidner.

"I don't know if the people are angry enough to form such an organization," Weidner added, "but I think it's time to get down to business." He also

branded as "preposterous" the present "curricula and some of the things we teach" and scored what he termed "teacher junkies" in the school vehicles.

Suggests Council

Chairman Lane suggested an advisory council working up to a permanent district-wide organization that could eventually afford "heavyweight talent" to put the district's business in order.

Former trustee Albert S. Fox again raised the controversial issue of the so-called "gentlemen's agreement" in selecting trustees for the Board of Education. Fox charged that the agreement was broken a few years ago when "an opponent from West Hurley ran against me" and later when John Aalto opposed a Woodstock man.

"No Olive representative on the Board of Education is a bad situation," Fox told the group. "Nobody can tell me that all the superior people in the district come from outside Olive. I think it's time people took an active interest in what's happening to their school systems."

Fox also charged that the Board of Education is "burying more than \$200,000 in Phenicia and I can't see why taxpayers want to throw away that kind of money. This hysteria of spending has to be stopped and somebody has to demand a higher degree of economy."

Fox said reference to the \$200,000 was the difference between what it would cost to add eight rooms to the Bennett School and the cost of a new 8-room school at Phenicia.

The newly formed Onteora District Voters' Committee will be held Friday night at 8 o'clock at Shandaken town hall.

Lecture Series On Decorative Arts in Albany

The Mechanics and Farmers Bank of Albany has arranged with the Albany Institute of History and Art to sponsor a series of addresses about American decorative art in connection with their 150th anniversary which will be celebrated in 1961.

The series is being presented at the Institute during this month and April and will bring to Albany three internationally known people in the American decorative arts field. Each lecturer is a recognized authority on the subject about which he will speak and all three lectures will be illustrated with specially prepared slides from various museum and private collections.

The three lecturers are: Mrs. Yves Henry Buhler, expert on American and European silver who is on the staff of the Museum of Fine Arts, Boston; Charles F. Montgomery, expert on pewter, recognized in the field of American decorative arts, and director of the Henry Francis du Pont Winterthur Museum; and Dr. Edgar P. Richardson, known the world over in the field of painting, editor of Art Quarterly, head of the Archives of American Art and Director of the Detroit Institute of Arts.

The first of these programs will be given Friday night (March 10) at 8:30 p. m. Mrs. Buhler will speak on American Silver featuring some Hutton pieces. Mrs. Buhler, in 1960 wrote the catalog for the exhibition "American Silver" first held at the Virginia Museum of Fine Arts in Richmond and then at Christie's in London, to which the Institute loaned a tankard.

Her writings have appeared in such publications as Antiques magazine and The Connoisseur and she has the distinction of having authored the cheapest book on silver available today. It is entitled American Silver

and was published by The World Publishing Company. Mrs. Buhler has written several other books including Mount Vernon Silver and Paul Revere Silver. She has recently lectured at Colonial Williamsburg in Williamsburg, Virginia.

More Questions On Bond Issue

For the next several weeks via the cooperation of this newspaper and the Onteora Board of Education answers will be provided to questions covering various aspects of the proposed \$1,016,500 bond issue. Questions should be addressed to: District Clerk, Onteora Central Schools, Boiceville.

Q. Are double sessions planned?

A. Yes, double sessions are scheduled for Woodstock, West Hurley kindergarten classes beginning in September, 1961. It is anticipated that unless additional classrooms are provided by September, 1962, it will be necessary to schedule all children in grades K-4 on a double session basis at that time.

Q. What are the disadvantages of double sessions?

A. Double sessions mean: half day schedules, elimination of courses, reduced educational standards, possible college rejection, increased transportation costs, extensive parental inconvenience, extensive student inconvenience, expenditure without equity.

Q. Can we erect an addition to the West Hurley building?

A. This is not possible. State Education and school district architects advise that this move would not be feasible architecturally. Additional problems are presented by the inadequacy of the present school grounds, heating plant and water system.

Mrs. Bertha Poole Weyl, Ex-Library Figure Died In Chicago on March 3

The trustees of the Woodstock Library have learned with deep

regret of the death on March 3 of Mrs. Bertha Poole Weyl. Born in Chicago, she had been a summer resident of Woodstock for more than 50 years.

Mrs. Weyl was the widow of Walter Weyl, who was an economist and a mediator in labor problems. He was one of the founders of the Woodstock Library. Mrs. Weyl had an exceptionally fine mind. She devoted much time to reform movements and to the alleviation of injustice. She also gave generous support to the promotion of music, the theatre and other arts in this town.

For many years she was an active trustee of the library and upon her retirement she was made an honorary member of the board. The library building was given by Mrs. Weyl in memory of her husband.

She is survived by a son, Nathaniel Weyl, a writer; two grandchildren. She also leaves a devoted friend, Miss Mari Bollman.

Christian Science

Theme Is "Substance"

The indestructible nature of man's spiritual faculties will be stressed at Christian Science church services in Woodstock on Sunday.

Matthew's account of Jesus' healing of the two blind men (ch. 9) will be read. The Lesson-Sermon entitled "Substance" will also include this verse from Proverbs (20:12): "The hearing ear, and the seeing eye, the Lord hath made even both of them."

A correlative citation to read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (162:13-16): "The indestructible faculties of Spirit exist without the conditions of matter and also without the false beliefs of so-called material existence."

Planning Board Due At Zena Fire Company

Woodstock Fire Company No. 4 in Zena has invited all members of the Woodstock Planning Board to attend an open meeting at the fire house in Zena on Monday, March 13.

At that meeting, J. C. van Rijn, chairman of the Planning Board, will explain the work of the board, its progress to date and the problems it faces in the future.

All Zena residents are invited to attend and take advantage of this opportunity to ask questions regarding town planning, the control of land use and any other items that may be of local interest.

Union Lenten Service At Christ Lutheran

The fourth in a series of Union Lenten services will be held this Sunday, March 12, at Christ Lutheran Church. The Rev. Rolf W. Eschke, pastor of St. Paul's

Lutheran Church, Wurttemberg, N. Y., will bring the message. The Rev. Lloyd H. Uyeke, vicar of St. Gregory's Episcopal Church, Woodstock, will read the lesson for the evening. The time of the service is 7 p. m. and everyone is invited to attend.

The last service in this series will be held next Sunday at the Woodstock Reformed Church with all the ministers participating.

Quiet Day for Women At St. Gregory's Church

The Sister Paula, O.S.H. of the Convent of St. Helena, Newburgh, N. Y., will lead a Quiet Day for Women at St. Gregory's Episcopal Church on Tuesday, March 14.

The day will begin with Holy Communion at 10 a. m. and end with Evening Prayer at 3:30 p. m. This is a day of quiet, of meditation, readings and prayer, and all women are cordially invited to attend, if even for a few hours, if the full day is impossible.

Those attending are asked to bring their own box lunches. In the words of St. Gregory's vicar, the Rev. Lloyd H. Uyeke, "There will be time to observe the dictum: 'Be still and know that I am God.'"

Episcopal Guild Sets Meeting on March 15

Following the 10 o'clock Holy Communion Service and the Bible Study Hour on Wednesday, March 15, the Ladies Guild of St. Gregory's Episcopal Church will hold its regular monthly meeting. All women of the parish are automatically members of this group and heartily welcome to attend all meetings.

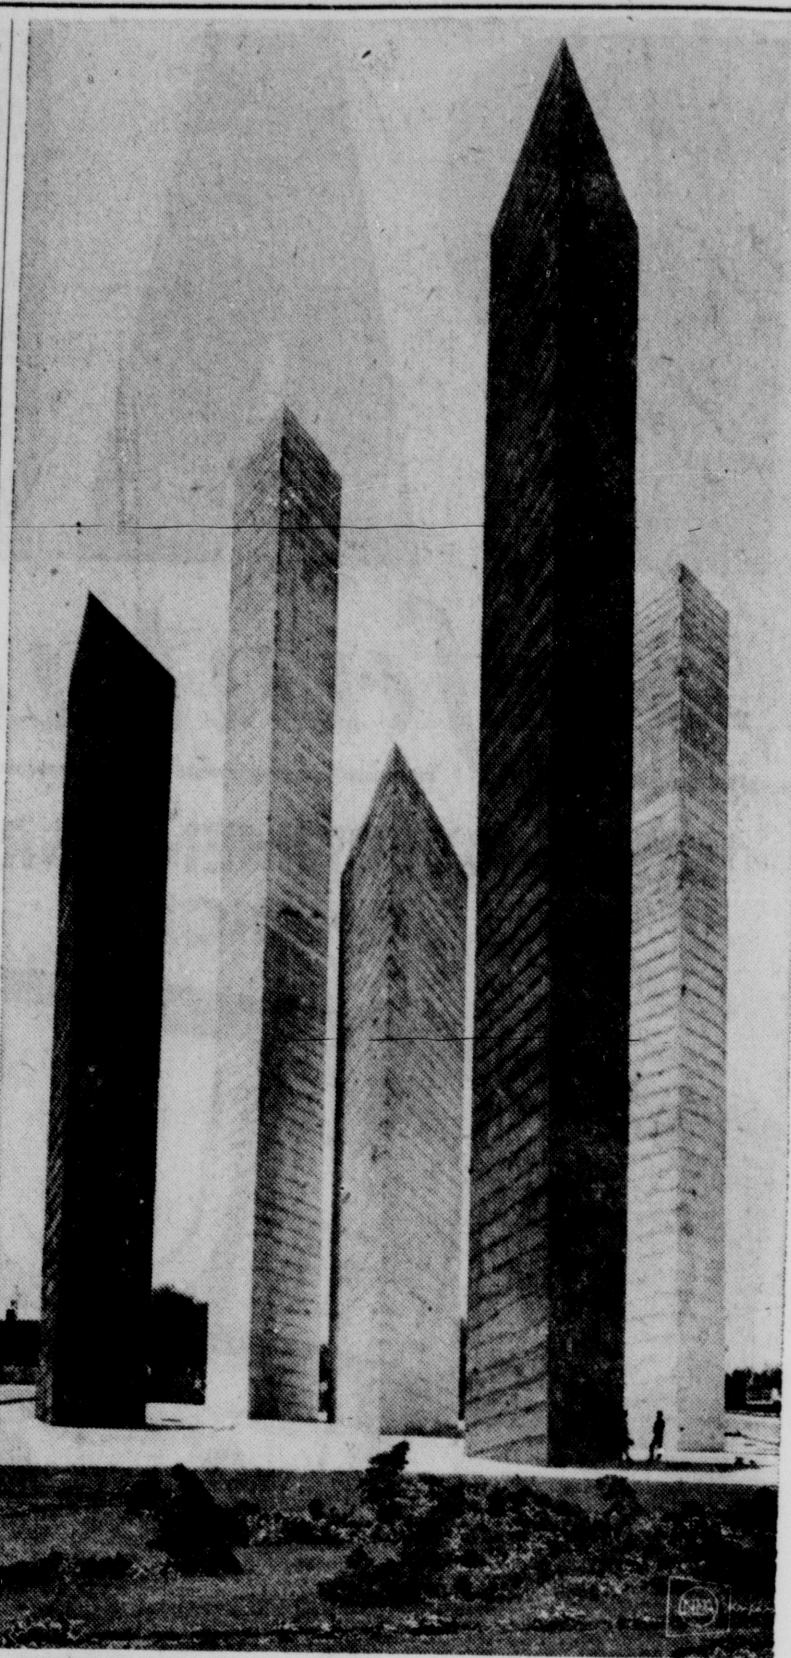

The weekly Holy Communion service at 10 o'clock on each Wednesday is a regular part of the Lenten schedule.

Why We Say--

"GIVE HIM THE SLIP"

FROM SAILING: When we say that we are going to "give someone the slip," we are preparing to elude them. The expression started in sailing when ships were anchored in the harbor by a line slipped through a hawse pipe. If the ship wanted to leave port unnoticed, the captain would get past the anchor by slipping out the cable and letting it lie there.

GATEWAY TO TOMORROW—Striking 114-foot structures mark one of Mexico City's modern suburbs—Ciudad Satellite (Satellite City). Presently only 300 homes have been built in this "city of tomorrow," but envisioned are 50,000 within 10 years.

OPEN 24-HOURS DAILY

SCHENLEY DISTILLERS CO., N. Y. C. • BLENDED WHISKY, 86 PROOF, 65% GRAIN NEUTRAL SPIRITS

How an exclusive discovery whips extra smoothness into Schenley whisky

This is a glass of unusual whisky. It is Schenley. Its extraordinary smoothness is the result of the greatest advance in whisky making in twenty-five years.

Taking the same fine whiskies always reserved for Schenley, we now put them through a costly new step. In this exclusive step the whiskies are whirled in a specially-designed vat by stainless steel blades and literally whipped into a smoothness never before attainable. This unique process breaks down each drop of the fine whiskies and grain neutral spirits into its smallest possible components and then "marries" them more thoroughly than ever before.

The result can only be realized by tasting Schenley whisky. We think you'll agree: smoothness in a whisky has now taken on a completely new meaning. So start enjoying Schenley, the only whisky with extra smoothness whipped in. 5.90 qt. 4.79 fifth 3.00 pt.

Beverage Firm Names Officer, Franchise Head

HOWARD J. TERWILLIGER

Election as vice-president and franchise director of Howard J. Terwilliger, 24 Emerson Street, for the No-Cal Corporation was announced today.

A lifelong resident of Kingston, Terwilliger will continue his residence here although his office will be at No-Cal headquarters, 921 Flushing Avenue, Brooklyn.

In announcing this appointment, Morris Kirsch, president, said No-Cal Corporation has gained one of the most experienced and qualified executives in the soft drink industry.

Terwilliger was for many years an executive in the Pepsi Cola Company, having been franchise manager of that company. For the past two years he has been vice president and sales manager of Uptown Beverage Company, from which he resigned to accept this new position with No-Cal Corporation.

No-Cal Corporation is the parent company. It has franchised bottlers throughout the world who bottle and distribute the complete line of No-Cal beverages, the original sugar-free, non-fattening soft drink.

Gardiner

Reformed Church Notes

Lloyd Legion Post Plans Celebration For 42nd Birthday

Lloyd Post 193 of Highland will observe the 42nd Birthday of the American Legion with a birthday party at the Legion Home Wednesday, March 15 at 8 p. m.

National Commander William R. Burke has designated "Welcome Back" as the official theme of this year's birthday celebration. In line with this official designation, Lloyd Post Commander Thomas Rizzo is extending an open invitation to all veterans of World War I, World War II and the Korean Conflict to attend this friendly reunion.

The commander announced

that members of Lloyd Auxiliary will serve a birthday cake and refreshments. Legionnaires are being asked to bring to this Legion "family" get-together former members who have let their membership lapse.

In asking for a good turn out of veterans at this commemorative social meeting, Commander Rizzo has stated that "The occasion of the American Legion's 42nd birthday anniversary furnishes an appropriate reason for all veterans to reflect upon the accomplishments of the world's largest veterans' organization. The many benefits of the G.I. Bill of Rights, Land Tax Exemption, Veteran's Care and

Rehabilitation are some of the results of hard American Legion efforts and sponsorship. In the field of Child Welfare and Americanism the American Legion over the past 42 years has contributed much to the greatness which is America's today."

A brief service presenting the local Boy Scout Troop sponsored by the American Legion Post will precede the party.

Alaskan Minerals

Between 1880 and the mid-1950s, approximately a billion dollars' worth of minerals was mined in Alaska, with gold and

LITTLE LIZ

copper leading in valuation, according to the Encyclopedia Britannica.

A fathom of water is six feet deep.

Glancing Over TV Bill of Fare

By BERNARD GAVZER

AP Newsfeature: Writer

NEW YORK (AP)—The balding little man with the hangover tummy enters the picture at the crucial moment—a second's delay might bring mayhem—and gleefully announces, "You're on television!"

The victim, a person who has been goaded to a point just short of murder, begins behaving like an embarrassed bridegroom.

This is another climax in the most extended practical joke on record: "Candid Camera."

Great tribute belongs to the suffering American public—the

public that plays foil in these Sunday shenanigans—rather than to Allen Funt, the inventor and proprietor. It's amazing that week after week so many people should be fooled and take it in good spirit. If the rest of the world needs evidence that Americans are patient and cooperative—even eager to get along with the most difficult people extant—they need only look at a few of the shows.

Placing people in trying circumstances without their knowing that the whole thing is supposed to be a gag calls for a great deal of faith and luck. Sometimes the circumstances are the quintessence of humor, and

sometimes they border on the sadistic. The long odds are that somewhere along the line Funt and his funny men are going to run out of luck and come face to face with an unstable character who will blow up before anyone can stop him. Telling this kind of squirrel he's on TV might start more shooting than could be seen in a month of "Untouchables."

Recommended tonight: Perry Como, NBC, (9-10 EST)—Judy Holiday and George Sanders join Mr. Casual; U. S. Steel Hour, CBS, 10-11—"Private Eye Private Eye," brings Ernie Kovacs forward in a musical lampoon of the private eye dodge; with his wife, Edie Adams, and Pat Carroll.

So They Say..

The value of "useless science" must be stressed. I should like to be able to make people see research in science as one of the great achievements of the human mind, an activity more allied to the arts.

—Sir George Thomson, Nobel Prize-winning physicist.

We (labor) fear technological change because it probably will mean that our opportunity for work will be reduced. In fact, experience has taught us it will mean fewer jobs.

—Guy L. Brown, retired grand

chief of Brotherhood of Locomotive Engineers.

How do we intend to conquer space and survive when only about 50 per cent of our male population has enough physical efficiency to be qualified to wear the uniform of our armed services?

—Col. Frank J. Kones, director of physical education at West Point.

OFFICE CAT

By JUNIUS

Trade Mark Reg.

People are paid wages for doing things they are told to do; salaries for doing the same things without being told.

Twenty years ago lots of folks dreamed about earning the salary they can't get along on today.

Wiwe—I can't make a choice. Should I go to a palmist of a mind reader?

Husband—Better go to a palmist. You've got a palm.

Pity the poor motorist who folded his road map only to find that his compact car was inside.

Ten Ways to Wreck an Organization

1. Don't go to meetings.
2. If you do, be late.
3. If it is bad weather, don't even think of going.
4. When you do attend a meeting find fault with the president and other officers.
5. Never accept an office, it is much easier to sit back and criticize.
6. If you should be appointed

TIZZY

By KATE OSANN

"Freddy's a real off-beat character. My father likes him!"

on a committee, don't go to the meetings. If you are not appointed, get peeved about it.

7. When your opinion is asked, reply you have nothing to say, but after the meeting tell everyone how things should be done.

8. Do nothing more than is absolutely necessary. But when others do the lion's share, tell

everyone how the organization is run by a clique.

9. Don't worry about paying your dues, wait until you receive two or three notices from the secretary, and that will keep him from running out of anything to do and getting lazy.

10. Don't bother about getting new members, let the ones who do all the work do that too.

IN THE Service

MONTAGUE C. SMITH, son of Mr. and Mrs. Eber H. Smith of Modena has entered the Electronic School at Keesler Air Force Base, Biloxi, Miss. Airman 3/C Smith is a graduate of the Wallkill Central High School, and was employed by IBM, Kingston and Poughkeepsie. Airman Smith enlisted in the U. S. Air Forces at Poughkeepsie on Dec. 5, 1960 and completed his basic training at Lackland Air Force Base, San Antonio, Texas.

Failed Purpose, Grange View of Advisory Group

WASHINGTON (AP)—Herschel D. Newsom, master of the National Grange, says the National Agricultural Advisory Commission failed to fill the purpose for which it was created.

The 18-member commission was created eight years ago by the Eisenhower administration for the purpose, Newsom said, of representing the differences of view as well as the geographical, production and marketing patterns of American agriculture in advising the secretary of agriculture on farm programs. The Grange had developed the idea of the commission.

Most of the members who served under the Eisenhower administration reflected views and policies of its secretary of agriculture, Ezra Taft Benson.

Writing in his organization's magazine, Newsom said the appointment of Harry B. Caldwell, master of the North Carolina Grange, by President Kennedy to head the commission opens the hope that the purpose of the group will be realized.

Keating Suggests U. S. Follow N. Y. On Benefit Plan

WASHINGTON (AP)—Sen. Kenneth B. Keating, R-N.Y., suggests the nation follow the example of New York State in providing extended jobless benefits automatically in times of serious unemployment.

The New York Legislature just passed a bill to extend unemployment-compensation benefits when 1 per cent of the covered workers exhaust their jobless pay within a 13-week period. The extension would be for 13 weeks.

"This trigger point insures that additional coverage will be available as soon as economic conditions become severe enough to warrant it," Keating said in a Senate speech Tuesday.

Troops Give Ground

VIENTIANE, Laos (AP)—Government forces met a setback in an artillery battle with pro-Communist rebels at a strategic road junction 40 miles south of Luang Prabang, reports reaching here indicated today.

Royal army troops gave ground at Sala Phou Koun on the Queen Astrid Highway leading eastward to the rebel stronghold in the central Laotian Plaine des Jarres.

To Beautify Project

NEW YORK (AP)—The St. Lawrence power project near Massena will be beautified by 22,750 trees, shrubs and other plants, under a \$54,676 contract the State Power Authority awarded Tuesday to Steve Brody Inc. of Lynbrook.

matter of FACT

There was a time when you could call a woman a "hussy" without the danger of getting your face slapped. In medieval England, when people pronounced the word "housewife" they dropped out the middle of the word and it sounded like hussif. First thing you knew, everyone had shortened it even further by dropping the "f."

Tough Competition

Andre Previn Not Counting on 3rd Oscar This Year

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD (AP) — If Andre Previn has Oscar on his mind, no wonder.

He is nominated for three Academy Awards, his wife for another. He has won two, has been up for four others. This year he will be conducting Oscar's musical accompaniment at the telecast for the fourth time.

All this fails to turn the head of Previn, whose honor-laden career began when he wrote his first film music at 17. Now 31 and a veteran of 37 movie scores, he takes a realistic view of his Oscar chances.

"I don't think I'll win this year," he remarked. "There are too many other contenders that have gotten more notice."

Even without winning the final prize, Previn's achievement is remarkable. Record-hunters can find nothing to equal his feat of getting three nominations in three categories. They were: "Bells Are Ringing" for best score of a musical film; "Elmer Gantry" for best score of a dramatic film; and "Faraway Part of Town" from "Pepe" as best song. Mrs. Previn, Dory Langdon, wrote the lyrics.

Previn has been trying to counsel his wife not to expect victory. Even so, she admitted sleepless nights while composing acceptance speeches.

"That happened to me the first four years I was nominated," Previn sighed. "I was all ready with a lovely speech, but I never won."

"On the fifth year, I didn't think about it. I was in the pit when my name was announced, and I didn't know what to do." Previn is a switch-hitter who is equally adept in jazz or symphonies. He does six albums and plays 30 concerts each year, both styles. Hot or cool, at the piano or leading a studio symphony, his style is imaginative and in good taste.

Denies Call Ignored

ALBANY, N. Y. (AP)—A woman who lives near New York's Executive Mansion says she telephoned the Fire Department last week to report a fire at the mansion and was treated as a prankster.

The fire, which damaged the 101-year-old mansion extensively, probably had a five-minute advantage as a result, according to Mrs. Marie McCoy, one of three sisters involved in reporting the fire.

Told of Mrs. McCoy's contention, Battalion Chief Richard D. Fleming insisted today that a box alarm at 11:59 p. m. was the first alarm and that no telephone call about a fire ever is ignored. He said he would ask the fire chief and the superintendent of the fire-alarm system to investigate, however.

Rosendale, Tillson News

Kay Conway Will Be Speaker at Women's Club

Miss Kay Conway, assistant to Mary Margaret McBride, will be a guest of the Women's Club of Rosendale at the meeting Thursday 8 p. m. at the Rosendale Library.

Miss Conway will speak about her association with Miss McBride as well as judge the entry for the New York State Federation of Women's Clubs Convention. Members will bring arts and crafts items for the judging. The convention will be held April 10 to 13 at the Hotel Concord, Kiamasha Lake.

Mrs. Charles DeWitt, New York State winner of the fashion sewing contest two years ago, will model her entry which will be judged at the district meeting.

Members will bring baby clothes for a needy local family. A bassinet and bathinette are also needed.

Hostesses for the meeting will be the Mmes. Donald Hasenflue, Peter Mathews and Arthur Mulligan.

Mrs. Grupe Feted At Surprise Party

Mrs. Robert Grupe, wife of the minister of the Rosendale Reformed Church, was honored at a surprise birthday party recently at the church.

Given by the present members of the executive board, the Mmes. Bertrand Burr, Wilfred Doolittle, George Mollenhauer, James Schulz, Albert Schneider and Gene Van Winkle, the party was attended by the following:

The Mmes. Harold Arnold, Donald Hasenflue, George Dunn, Doolittle, Robert Demarest, Herbert Burhans, James Meigel, Schulz, Irving Smith, Milton Shufelt, Elmore Wallace, George Winters, Van Winkle.

Also attending were the Rev. and Mrs. Richard Brown, Mr. and Mrs. LeRoy Constant, Mr. and Mrs. George Mollenhauer, Mr. and Mrs. Albert Schneider, Wally Fulford and the husband of the guest of honor, the Rev. Robert Grupe.

Also sending gifts were the Mmes. Vincent Brancato, Herbert Kimker, William Kloefer, Richard Weir and Harry Wesp.

Events Scheduled

The Tillson Parent-Teacher Association will meet Wednesday 8:30 p. m. so that members may attend church services prior to the meeting.

Murray Weiss, school psychologist, will discuss the role of the psychologist in the school. Plans for an auction will be discussed.

In commemoration of the 42nd anniversary of the American Legion, the Rosendale-Tillson Post 1219 will hold an open house Saturday, March 18, at 7 p. m. The public may attend. A corned beef and cabbage buffet dinner will be served.

THEY'LL DO IT EVERY TIME (Registered U. S. Patent Office)

Science at Work In World Today

By THE ASSOCIATED PRESS

Short horizons on the moon, sunlight on the earth and wasted water are subjects for science at work:

MOON TALK

Space pioneers on the moon may have to use lip-reading or sign language if their radios fail.

The reason: With no air or atmosphere to carry sound waves, talking will be impossible.

Even radio has its limitations, explain experts at Aerojet General Corp. Since radio waves travel only in straight lines, a person out of sight below the moon's horizon will not get the message. And the moon is smaller than earth, so its horizon will be only three miles away.

One emergency alternative: Fire pistol shots into the moon's surface as a distress signal, letting the ground carry vibrations to fellow space travelers.

ACRES OF SUNLIGHT Small villages in the sunshine lands of the tropics might be able to use the sun's energy to produce electricity—and make it pay, scientists suggest.

Science can now convert 10 per cent of the sunlight collected into electricity. For a small village that needs only about 50 kilowatts of continuous power, you'd need sunlight collectors covering about 1½ acres of land.

But for a modern industrial town needing 50,000 kilowatts of power, it would take literally square miles of collectors to gather enough sunlight.

HARVEST THE RAIN Just an inch of rain on one square mile means 27,000 tons of water. But the earth's ability to soak up that water determines whether it can be used or not.

Savings Window Has Display of Ceramics Items

A display of ceramics made by members of the Adult Education Class of the Kingston School District, Consolidated, is being shown in the windows of the Ulster County Savings Institution on Wall Street.

The class, numbering 34, has been meeting each Tuesday since last October at the George Washington School under the direction of Robert Steinmire, teacher. The display of ceramics, which will close after March 21, includes numerous pieces of original design and color which have been moulded by the more expert members of the class.

Hubert Hoderath is director of the Adult Education program in the Kingston schools.

Heads Lutheran Camp

Clyde W. Kaminska, athletic director of Concordia Collegiate Institute, Bronxville, has been appointed director of the Lutheran Laymen's Camp-of-the-Pines. It was announced today by Carl W. Rappe Jr., president.

The camp, on Lake Champlain at Willshoro, was purchased last May by the Eastern New York Zone of the Lutheran Laymen's League (Missouri Synod). The Albany office is at 1883 Western Avenue.

28 Become U. S. Citizens Here at Court Ceremony

Presiding Friday at his first term of Naturalization Court since his elevation to the Supreme Court bench, Supreme Court Justice Louis G. Bruhn told 28 naturalized citizens that the occasion was not only a memorable one for them but for himself, since it was the first Naturalization court he had presided over since leaving the Ulster County Court bench on January first.

There were 28 residents of Ulster and Sullivan counties who received their final admission papers, 22 of them being residents of Ulster County and six from Sullivan County. Four applicants had their cases continued to the next term.

Participating in the ceremonies and welcoming the new citizens were representatives of Wiltsyck Chapter D.A.R., of Kingston, Saugerties Chapter D.A.R., and members of the Ladies Auxiliary, Veterans of Foreign Wars. Also taking part in the program were members of the Kingston High School Choir.

Judge Bruhn called attention to the celebration of two very important dates in February, Washington's birthday and that of Abraham Lincoln.

Justice Bruhn said George Washington the first president came from a very wealthy family but Abraham Lincoln was born a poor man. This contrast, he said, was indicative of the equal chance which all men have in the United States.

The right to vote is one of the newly acquired rights of the group, Justice Bruhn said, and

he urged the new voters to exercise that right, always remembering to support and elect good candidates.

Those admitted from Ulster County were:

Kalliope Kotzias, who changed name to Kalliope Konias; Josef Seidl, Otto Albert Stahl, Justine Straka, Masako Economos, who changed name to Masako Mary Economos; Luigi Ninia, Nathan Weingarten, Martina Rauscher, Reinhard Alfred Mielisch, who changed name to Reinhardt Alfred Mielisch; George Zanos, Annemarie Kurtz, Georgios Athan Papsorgiou, who changed name to George Athan Pappas; Anna Simons, Lina Lisette Milber, Anna Emma Bracklow, Chae Yu Van, Santo Rovereto, Hugo Waldbuesser, who changed name to Hugo Wald; Kurt Eisler, Ruth Eisler, Alice Veronica Kappell, Helena and Helen Popovitz.

Those from Sullivan county were:

Helga Dora Tulowitz, Oskars Ziliske, Theresia Mayenzet, Mary Kostikowitz, Emil Mayenzet, Winifred Mary Smith.

Absent were Edith Elfriede Kulikowski, John Kendly, Minnie Hodes and Metodej Pavelki who changed name to Michael Povelka. Continued were petitions of Isaac and Sarah Glozer.

Two petitions were withdrawn.

Members of the high school capella choir who participated in the program were Jean Wells and Shiela Sleight, sopranos; Diane Deyo and Shiela Plunket, altos; Walter Dow and Thomas Tierney, tenors; Carl Markle and Kenneth Becker, bass. Bugler was Kathryn Lacey.

Representing the Kingston D.A.R. was Mrs. Conrad J. Gross, Mrs. Clair S. Sheaffer and Saugerties D.A.R. was Mrs. Carroll Neiffer.

The pledge of allegiance to the Flag was led by Mrs. Robert Davis, president of the Ladies Auxiliary of Joyce-Schirick Post, 1386, Veterans of Foreign Wars.

Commands to the Color Guard were given by Mrs. Andrew Dykes, Banner bearer was Mrs. Howard Shurter, Flag bearers were Mrs. Douglas Edwards, Miss Gail Edwards and Mrs. Sylvia Mackey. Mrs. William Bates was a guest at the ceremony.

Favors Town Merger

KENMORE, N. Y. (AP) —The Tonawanda town board adopted unanimously Monday night a resolution favoring a proposed merger of the town and the village of Kenmore to create what would be the state's seventh largest city.

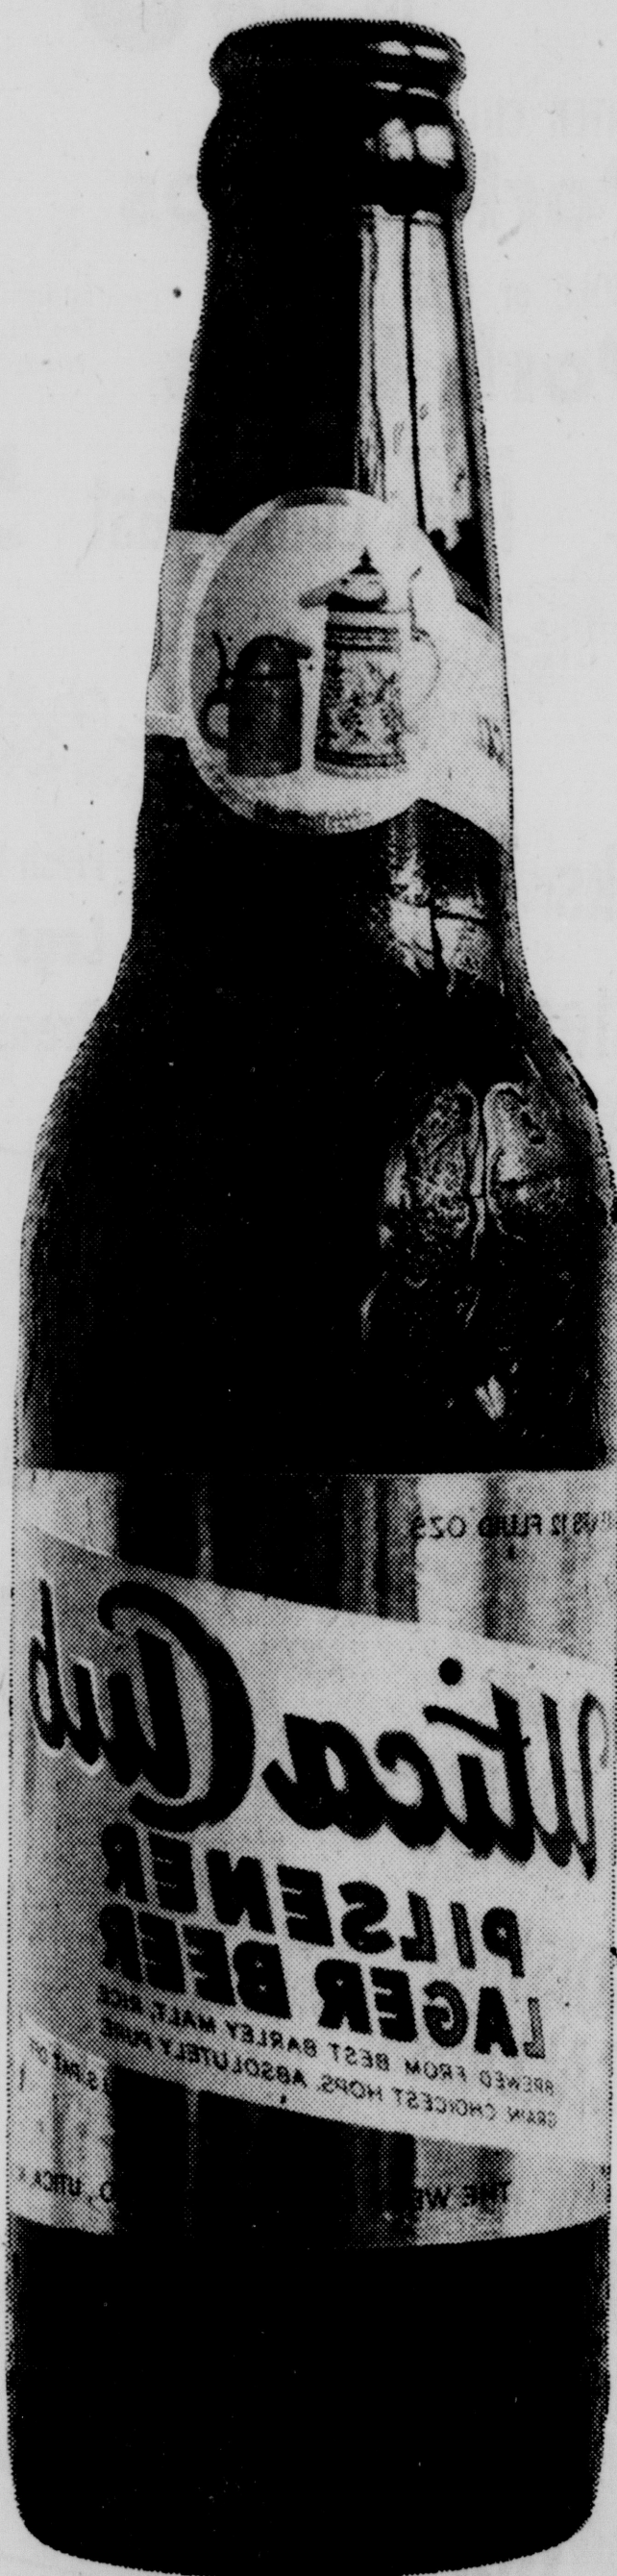

The Kenmore village board will consider the proposal tonight.

Are beer tastes going backward?

Ever since the war, many beers have been getting lighter and lighter and lighter. And bubblier and bubblier and bubblier.

We think the turning point has been reached. We think that people are going back to the authentic pilsener. The pilsener with body and character. The quiet

pilsener, without artificial carbonation. The pilsener that's been aged for months and not just for weeks, so that it has a natural life of its own.

The old-style pilsener that you pour with a "whack," right down the middle of the glass.

As a matter of fact, we don't just think

that it's coming back. We know that it's coming back, because we've seen how the sales of Utica Club beer have been going up during the last two years.

Try a bottle of Utica Club tonight and see what it's got.

You might like it. And then again, you might not.

5,000 Roam Burmese Frontier

Chiang's Remnants Pose Problem for Washington

BANGKOK, Thailand (AP) — Some 5,000 Nationalist Chinese irregulars—remnants of Chiang Kai-shek's anti-Communist force on the mainland—are posing a problem for Southeast Asia and the United States.

For 12 years the irregulars have been roaming the 100-mile long, heavily jungled frontier area where Thailand, Laos, Burma and Communist China meet.

Make Occasional Forays

From hideaways in Burmese territory, where they set up an opium processing business, the Nationalists made occasional forays on Communist Chinese border villages.

This earned them the name of bandits among Burmese officials, who feared the raids would spoil the increasingly friendly relations between neutralist Burma and its powerful Communist neighbor.

The Nationalist activities became even more of an irritant last year when the Burmese and Chinese reached agreement on a border treaty ending a long dispute between the two countries. Last January the Burmese army launched a campaign to clean out the Nationalists.

The Nationalists, armed mostly with World War II vintage weapons, slipped over the borders into neighboring countries. The bulk of them fled to Laos while about 1,000 crossed into Thailand.

Rumors that Nationalist planes from Formosa were dropping American-supplied arms to the irregulars were heightened last month when a Formosa-based plane was shot down in the border area. The Burmese claimed it had dropped arms to the irregulars, and thousands of Burmese rioted in front of the U. S. Embassy in Rangoon.

The U. S. government dispatched an American mission to

north Burma to check on the rumors and expressed its concern to Chiang Kai-shek's government. Chiang's regime claimed the plane was unarmed, chartered by a relief association on Formosa, and was dropping food and medicine.

Thailand's government last week said it had ordered strong troop detachments to northernmost Chiangrai Province to disarm the Chinese and "in case of resistance to expel them from Thai territory by force." Monday night the Thais said the irregulars had withdrawn, presumably back to give the Burmese more headaches.

Pt. Ewen Library Group Reelects Justice Elsworth

Supreme Court Justice Roscoe V. Elsworth of Port Ewen was reelected president of Port Ewen Library Association at the recent annual meeting held at the library.

Others named were Mrs. Walter Hutt, vice president; Mrs. Raymond Howe, secretary, and Mrs. Percy Fairbrother, treasurer.

Trustees reelected for five year terms were Miss Helen Elgo and Justice Elsworth.

Custodians of the library building are Mr. and Mrs. Thomas Price. Miss Sarah Townsend is librarian, and Mrs. Charles Zimmerman, assistant.

The annual report showed the library in a flourishing condition with an increase in circulation and several hundred new books added.

Library hours are Monday 2 to 5 p. m.; Wednesday and Friday, 2:30 to 5 and 6:30 to 8:30 p. m.

OUTDOOR CHECK-UP—Ethiopian boy in an Addis Ababa school holds on to the chair for dear life as a dentist checks his teeth. It was part of the careful medical examination of students made by visiting nutrition specialists of the United Nations International Children's Emergency Fund (UNICEF).

NY Telephone Co. Has \$300 Million Expansion Plans

A record \$300 million expansion and improvement program will be carried out this year by the New York Telephone Company, President Clifton W. Phalen revealed today in the company's annual report.

Mr. Phalen said that the money value of this year's program, like that for 1960, exceeds by far the total investment of all but a few of the very large businesses in New York and makes an important contribution to the state's economy.

"It means not only jobs for telephone men and women, but purchases and contracts for other businesses throughout the state, and jobs and wages for their employees," he noted.

Mr. Phalen said that during 1960 the company spent \$293 million to improve and expand serving New York State and bring better and more useful services to customers.

The report noted that many large firms began using direct inward dialing to speed incoming calls directly to extension phones. The reduced number of calls to the firm's main number makes it possible to replace large, floor-model switchboards with attractive desk-top consoles. The system results in operating savings to the customer.

Another service that proved a great aid to business customers was Data-Phone. This service, which transmits data between business machines over regular telephone lines, will become increasingly important to the efficient operation of business. Phalen pointed out that airlines used Data-Phone service to send completed flight tickets to the offices of principal customers. Other applications of Data-Phone service developed during the year include a high-speed unit that sends up to 1,600 words a minute and another that makes it possible to transmit written material over telephone lines.

Unimpressed

Thomas Jefferson, after his inauguration as president of the United States, walked from the Capitol to his boarding house nearby, where he took his usual place at the foot of a table for 30, it being lunch time.

Would Give Men Isolation Pay

O'Brien Recommends \$13 Million for Antarctica Nuclear Program

By JOSEPH R. COYNE

WASHINGTON (AP) — Extra pay for isolation at the South Pole?

That's the least Rep. Leo W. W. O'Brien, D-N.Y., thinks the United States can do for its military personnel marning stations on the Antarctic continent.

And O'Brien is in a position to know. He's been there.

The affable Albany congressman has just submitted to the House Interior Committee a four-page report on the trip he and Rep. Robert W. Hemphill, D-S.C., made to the Antarctic last November. Both are committee members.

Makes 5 Recommendations

It was summer when they arrived at McMurdo Sound—only 41 degrees below zero.

O'Brien made five recommendations in the report, including the one for isolation pay.

He said he and Hemphill made many inquiries about the impact of loneliness and the rigors of an Antarctic assignment upon U. S. servicemen but "we were astonished by the lack of problems."

Nevertheless, O'Brien said, these men are entitled to isolation pay.

"Money did not cause them to volunteer, but it jars our ideas of American fair play to learn that

some of the civilians, from other departments of the government, do receive extra compensation denied men in uniform," O'Brien said.

He did not specify how much isolation pay each serviceman in Antarctica should receive.

Other recommendations:

1. The U. S. mission in the Antarctic should be made permanent.

2. Further hearings should be held by the Interior Committee before a decision is reached to create a U. S. Antarctic Commission.

3. The United States should not rest on two nuclear plants costing \$7 million now being built at

Antarctic but should round out its peaceful nuclear program there to the tune of \$13 million.

4. Scientists working at the pole should be paid by the government for one year after they leave, while they correlate and evaluate their findings.

O'Brien called wasteful the present procedure of sending a scientist directly to his regular duties when he returns from the pole and permitting much of his hard won data to gather dust.

O'Brien also said the question of building a permanent concrete runway for airplanes in the Antarctic must be delayed for lack of funds.

Commenting on nuclear power development at McMurdo Sound, O'Brien said he and Hemphill did not share the fears of some that the installation has military implications.

"On the contrary," he said, "when completed, the plant will carry the spectacular implication of what can be done by the peaceful use of atomic power."

O'Brien, a former newspaperman, sheepishly admitted he waxed poetic in the report when he said nuclear development "will dull the edges of hardship at these bleak establishments where men cling to the icy breast of a frozen continent."

COMPARE NEW Freihofer's BATTER WHIPPED SUNBEAM

Mt. Marion

MT. MARION — Girl Scout Sunday will be observed March 12. Troop 66 will assist in the order of services at the Plattekill Reformed Church, Mt. Marion.

Mr. and Mrs. Thomas Gleason have returned home after spending three months in Arizona and Florida.

Mr. and Mrs. William Goetz have announced the birth of a daughter, Pamela Sue, born Feb. 20.

Cub Pack 138 will hold its annual father and son banquet in the church hall Saturday 5:30 p. m.

Mrs. Henry Sagazie returned home Sunday after several weeks vacation in Europe.

Mr. and Mrs. Frank Antalek and daughter, Diane, spent the weekend in Schenectady.

The Civic Association met at the old schoolhouse Monday night.

Mr. and Mrs. Earl Law of St. Mary's Idaho, attended church services and visited friends here Sunday. Mr. Law is a former resident.

Mrs. Augustus Leier has been ill at her home.

Mrs. Harold Davis of Hurley visited Mrs. Fred Osterhout Sunday.

The Ladies' Aid Circle will serve a roast beef dinner at the church hall April 8 at 6:30 p. m. Addie Pleuss of New York City is visiting Mr. and Mrs. Robert Snyder.

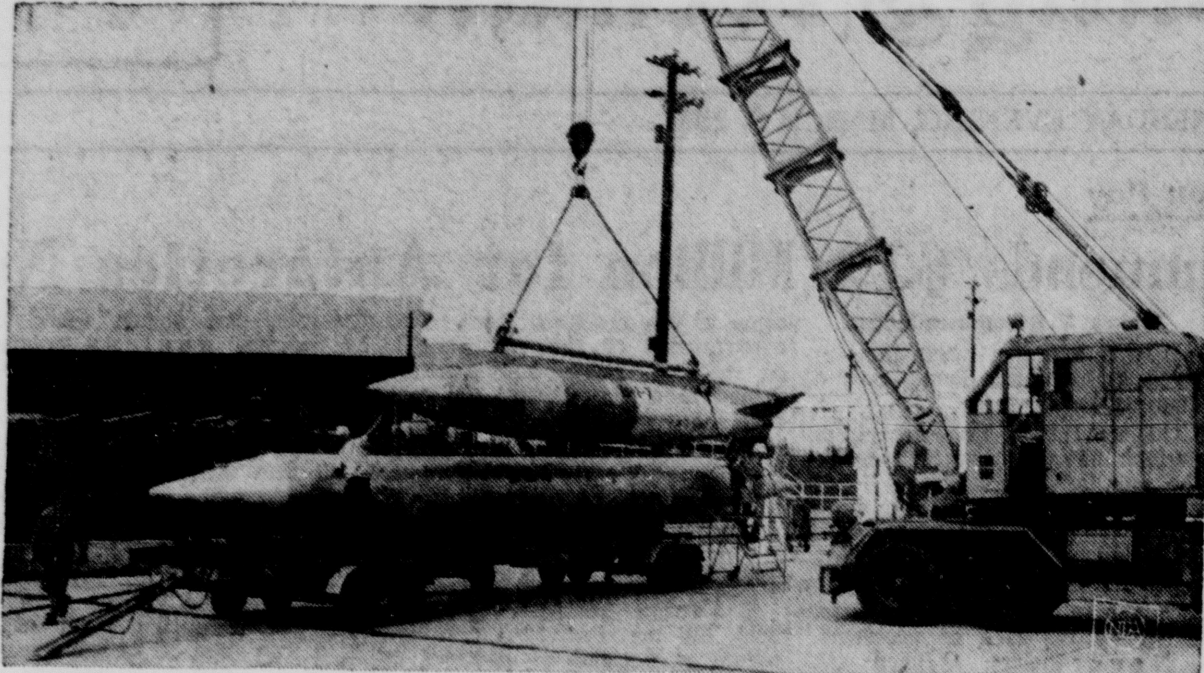

Ready to Suffer

SAINT-BRIEUC, France (AP) — Jean-Baptiste Bellec, 46, a bricklayer, has been living in an oversized wardrobe in a Brittany field for three years, ever since his wife turned him out of the house.

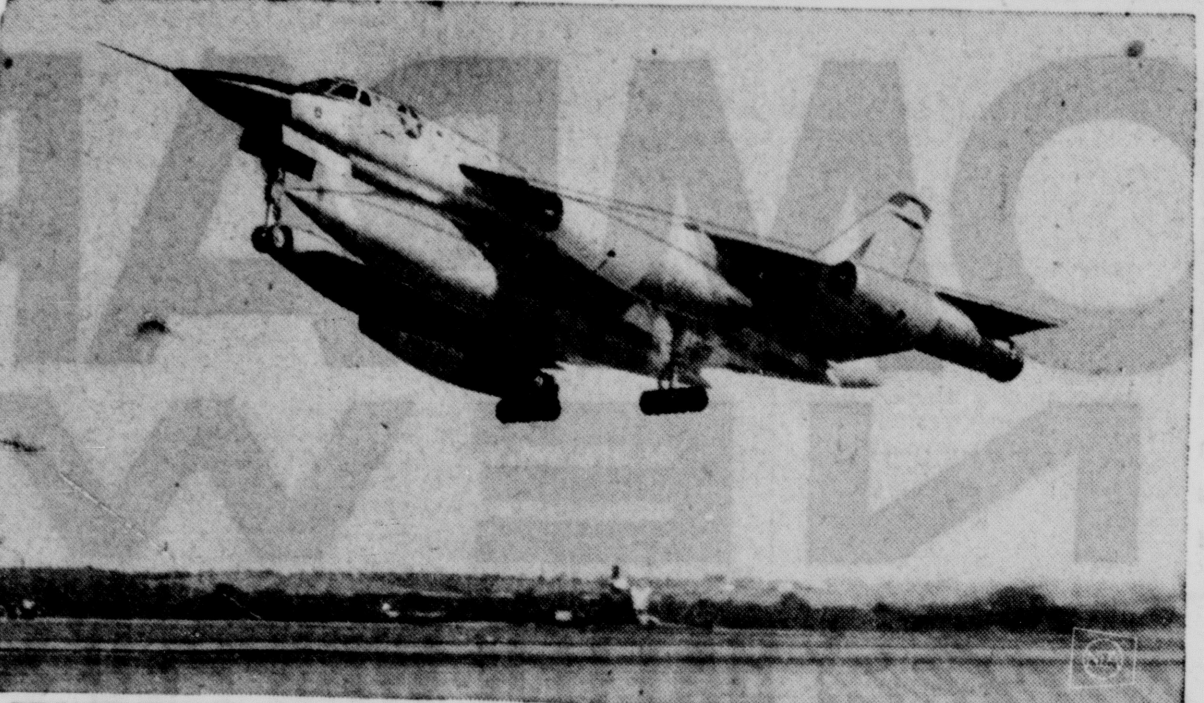

Bellec makes his bed in the drawer of the wardrobe, stores his food under the bedding and hangs his clothes in the upper part.

What about winter? "Then I close the doors of my house," he said, smiling. "To be free and happy one must be ready to suffer a little."

Peace in a Pad —

MATING GAME—A missile being raised into firing position? Not quite. The torpedolike object at the end of the crane is one of two pods carried in the underbelly of a B-58 Hustler bomber. The smaller one, designed to carry a nuclear bomb, is being mated to the larger one which carries fuel. Both will then be attached to the bomber.

RECORD MAKER—One of the fastest aircraft in the world, a B-58 Hustler jet bomber takes off at Convair's Fort Worth, Tex., plant. Hung between the long storklike legs is a new two-in-one pod which carries both fuel and a nuclear bomb. An Air Force Hustler recently set several new world speed records, hitting over 1,200 m.p.h.

Buy Sweets, Pay Later

CHATTANOOGA, Tenn. (AP)—If a shaggy dog tries to buy a lollipop from you, don't get excited. His credit is good.

Mrs. Milton Rowland explained Tuesday that the brown and white mutt disappeared Sunday, and is likely to develop a craving for lollipops. He's had one every night for eight years, and has learned to select his own at stores.

"We always go down to the store and pay for the lollipop," she explained.

Meet on Racial Crisis

LONDON (AP) — Prime Ministers of the British Commonwealth convened today for a conference overshadowed by racial problems and the future association of South Africa with the family nations.

Despite the widespread opposition to South Africa racial segregation policies, advance word was that most of the nonwhite nations had decided not to press for South Africa's expulsion from the Commonwealth.

Vigilantes Available

HARLAN, Ky. (AP) — Vigilantes may ride in Harlan County, deep in the eastern Kentucky mountains once known for strife and violence.

Circuit Judge Edward G. Hill, commenting on numerous food and clothing thefts in this depressed coal field, said unpaid volunteers are available to stop new threats of lawlessness.

He added that the sheriff's office doesn't have enough officers to cope with the problem.

Senior Member Dies

LITTLE ROCK, Ark. (AP) — The senior committeewoman on the Republican National Committee, Mrs. Ellen Lucy Cates Rempel, died at the age of 73.

Mrs. Rempel, a GOP committeewoman for 32 years, was stricken Tuesday night at the home of a son, Roland E. Rempel. She apparently died of a heart attack.

Port Ewen

There will be a civilian defense training course "Self Help-Neighbor Help" offered to the public through the adult education program. Classes will be held at the Port Ewen School each Thursday 7:30 p. m. for five weeks each. All persons interested may register Thursday, March 16, at 7:30 p. m. at the Port Ewen School. Anyone wishing further information may contact Mrs. Sterling Atkins, West Main Street, before March 16. The course is offered free to the public.

Tonight 7:30 p. m. Novena to Our Lady of Perpetual Help, will be offered at Presentation Church with sermon by the Rev. Peter Ellis.

Thursday 10 a. m. the Thimble Club will meet at St. Leo's Hall. The consistory will meet Thursday 8 p. m. at the Reformed Church Hall.

The Men's Bowling League will bowl tonight with teams 2 and 3 at 7 o'clock and teams 1 and 4 at 8:30.

Clear Rail Wreckage

HORSEHEADS, N. Y. (AP)—Pennsylvania Railroad repair crews worked today to clear the wreckage caused by the collision of a 15-car freight train and an automobile Tuesday night.

The driver of the car, Dominic Zafarano, 52, of this Chemung County village was injured and reported in fair condition at a hospital.

Four cars of the train were derailed in the collision at a grade crossing.

CAB Says Airlines Should Get \$558,124

WASHINGTON (AP)—Mohawk Airlines should receive an additional \$558,124 in mail subsidy payments for the period from March 18 through Dec. 31, 1960, the Civil Aeronautics Board has recommended.

The increase, the CAB said Tuesday, would raise the line's subsidy to \$2,688,762 for that period. The increase will become effective in eight days if no objections are filed.

Mohawk did not request a subsidy increase for this year, the board said, because of a pending mail-rate proceeding. The CAB proceeding would establish subsidy rates for local-service airlines as a class.

Best market for cold cut meats in the United States parallels coal mines and steel mills from Eastern Pennsylvania to Milwaukee, reports the National Assn. of Retail Grocers.

8 Days Around Globe

Conrad Sets New Light Plane Mark

MIAMI, Fla. (AP)—Max Conrad, 57, the flying grandfather, landed deftly at Miami International Airport early today, completing an around-the-world flight in 8 days, 18 hours and 49 minutes.

The flight smashed a 29-day record previously held for light planes circling the globe. A tailwind boosted Conrad and a companion, Dick Jennings of New York, in their two-engine Piper plane on the last leg of the flight from Port of Spain, Trinidad. The plane passed Miami Airport's checkpoint at 2:46 a. m. and was on the ground two minutes later.

The Winona, Minn., native and veteran sports flyer was clocked off Miami Airport at 8:07 a. m. Feb. 27 on the first leg of his flight. The flyer would have arrived in Miami a day earlier had he not made an unscheduled landing Monday at Amapa, on Brazil's northern coast, en route from Dakar, West Africa, to Port of Spain.

Conrad embarked on a 25,457-mile itinerary in hopes of cutting 20 days off the 29-day record set in 1959 by the late Peter K. Gluckmann for planes in the 3,858 to 6,613-pound class. Gluckmann flew a 23,456-mile route. The record was recognized by the Federation Aeronautique Internationale, governing body of sport flying.

The flying grandfather has five children of his own. He learned to fly in 1928 at Denver and has made more than 75 transatlantic crossings in light aircraft.

Give thanks this Easter with Easter Seals.

Freed From Jail But Wallet Stays

SAN ANTONIO, Tex. (AP) — Guadalupe Longoria Acosta complained bitterly to the FBI that police held his billfold although he had been released from jail.

An agent accompanied Acosta to the county jail where Acosta had been freed following questions about government checks stolen from mail boxes.

But only the agent left the jail. Acosta was placed under \$5,000 bond after arraignment on charges of forging and passing a U.S. Treasury check.

The FBI explained that positive identification of Acosta had just been made when he telephoned about his billfold.

Castro Kills 4 More

HAVANA (AP)—Fidel Castro's firing squads cracked with a new burst of fury today as the government stepped up its reprisal campaign against the growing defiance of the revolutionary regime.

Four convicted bombers and arsonists were shot in the dry moats of La Cabana military fortress a few hours after being condemned by a revolutionary court.

Boy, 14, Killed By Gun Blast

BINGHAMTON, N. Y. (AP)—Jack Darling, 14, was shot and killed Tuesday when, police said, a playmate squeezed the trigger of a shotgun in the belief the safety catch was on.

Police said the safety was broken.

Dist. Atty. Louis A. Greenblatt of Broome County said the shooting apparently was accidental.

Police said Howard L. Heath, 14, told this story.

He accompanied Darling to his bedroom, took a 12-gauge shotgun from a rack and loaded it with two shells Darling tossed to him. He waved the weapon back and forth in front of Darling and "somehow" squeezed the trigger.

The blast at close range struck Darling in the throat.

Police said a boarder who had taken Darling on hunting trips owned the gun but it was kept in the youth's bedroom.

Darling was the son of Mrs. Iva Sims.

Orange Men Plead Guilty in Robbery

GOSHEN, N.Y. (AP)—Two Middletown, N.Y., men have entered guilty pleas to charges of the attempted grand larceny of a tractor-trailer a year ago.

The truck's driver, Edward Fry of Washington, N.J., was shot and critically wounded during the attempted robbery in Middletown. He recovered.

James Gibson, 22, and Robert Townsend, 20, pleaded guilty to the attempted grand larceny charges in Orange County Court Tuesday. They remained free in bail pending sentencing.

Two others arrested in the case, Glenn Cutler, 20, of Middletown, and John Bristol, 33, of Greenville, N.Y., are awaiting trial. Bristol faces an additional charge of criminal possession of a loaded pistol.

PHOENICIA NEWS

Cub Pack Holds Blue, Gold Fete

PHOENICIA—Cubs and parents of Phoenicia Pack 60 attended the annual blue and gold dinner at St. Francis de Sales Parish Hall recently.

Francis A. Hanigan and Mrs. Lonnie Gale, chairman, with assistance of Committeemen, Cub Dads and Den Mothers, arranged the event for 175 parents and guests. Den Chiefs John Byer, Larry Hughson, Richard Kahil, Joseph Rotella and Jay Simpson and Webelos Leader Roger Segelken served dinner.

Following the dinner, Cubmaster James Hefferan introduced the guests of the evening, the Rev. Ernest Estes, minister of the Phoenicia Baptist Church;

Beech-Nut Firm Buys Fruit Flavoring Co.

NEW YORK (AP)—Beech-Nut Life Savers Inc. of Canajoharie is purchasing the J. Hungerford Smith Co. of Rochester, the companies announced Tuesday.

The Rochester company makes fruit - flavoring and ice - cream mixes.

Directors approved an exchange of 9 shares of Beech-Nut for each 10 shares of J. Hungerford Smith. The sale is subject to approval of Smith stockholders.

Beech-Nut last year had sales of \$118,290,926 and earnings of \$8,978,238. J. Hungerford Smith had sales of \$10,886,769 and \$933,544 in net income.

Man, Convicted Of 1957 Death, Gets New Trial

MAYVILLE, N. Y. (AP)—A new trial has been ordered in the case of a Jamestown man who was convicted two years ago on charges of second-degree murder in the death of his wife.

Donald F. Warner, 26, who has been serving a 30 to life sentence in Dannemora State Prison, was convicted Jan. 18, 1958 in Chautauque County Court in the fatal beating of his wife, Winifred, 18, in her mother's home in nearby Frewsburg Sept. 14, 1957.

The State Court of Appeals called for the new trial on the grounds that an alleged confession was used illegally as evidence by the prosecution.

Judge Orders Check

SYRACUSE, N.Y. (AP)—Judge James T. Foley of U.S. District Court has ordered a pre-sentence investigation of James V. Pettinelli of Rome in a kickback case.

Pettinelli pleaded guilty Tuesday to two of four counts charging he took kickbacks from subcontractors repairing government vehicles at Griffiss Air Force Base, Rome. Pettinelli was the prime contractor.

Robert Hensel, district scout executive; the Rev. F. Milos, MS, assistant pastor of St. Francis de Sales; the Rev. H. Chase Page, minister to the Phoenicia Methodist Church; Richard K. Stewart, district commissioner; John Wallace, Grand Knight of the Knights of Columbus, sponsors of Phoenicia Pack 60.

Cubmaster Hefferan then gave citations for perfect yearly attendance to Henry Bernstein Jr., Charles Frasier, Robert Hanigan, William Jensen, Keith and Mark Keenally. Flag ceremony was then led by the boys of the Webelos Den.

Colored slides of Camp Tri-Mount were shown and narrated by Bob Hensel and Dick Stewart followed by an assemblage of Cub Scouts on the Parish Hall stage singing "Good Night Cub Scouts" accompanied by Mrs. Lonnie Gale.

BEAUTY AND BOOKS—University of Tulsa coeds—Georgia Meadors, left, and Mary Gage—take advantage of the near-80 degree weather to don shorts and slacks to study outdoors. Just a short while ago they had to study indoors because of the snow.

Modena Grange Notes

MODENA—Mrs. Leon Farney assisted in presenting the program at a meeting of the Plattekill Grange Saturday evening, when the annual open house was held.

More than 100 persons were in attendance and the guest speaker was Miss Pat Emerson, youth director of the New York State Grange.

A pageant entitled "Forward with the Grange" was comprised of six scenes. Narrator was Miss Dorothy Olree, of Highland, teacher in the Plattekill Elementary School.

Members of the Grange will attend a county supper-meeting at the Huguenot Grange Hall, New Paltz, Wednesday 7 p. m.

Community Notes

The Plattekill Town Board will meet Wednesday 8 p. m. at the town hall, Ardonia.

The Modena Rod and Gun Club will meet Friday 8 p. m. at the Hasbrouck Memorial Hall.

Mrs. Vivian Daunt, of this place, president of the Wallkill Parent's Club, is co-chairman of arrangements for the third annual Science Fair at the Wallkill Central School gym Friday and Saturday, March 17-18.

Judging of exhibits will be Friday afternoon, and Saturday the fair will be open to the public. Refreshments will be available.

The Rev. George T. Johnson, pastor of the Modena and Clintondale Methodist Churches, and members of the Modena commission on membership and evangelism, have compiled a parish devotional booklet for Lent, and distributed it throughout the community. The booklet is comprised of religious meditations and quotations, prayers, observations and personal experiences relating to religion. Subsequent booklets will be compiled, and articles of similar nature are requested by the Rev. Mr. Johnson and members of the commission.

Village, Town Approve Merger For City Status

KENMORE, N.Y. (AP)—The bustling village of Kenmore and the sprawling town of Tonawanda, hemmed in by two cities, have decided it's the city life for them.

The first stage of a proposal to merge the two into the state's seventh largest city in population was completed Tuesday night when the village board adopted a resolution to unite with the town in the venture for urban status.

The town approved the same resolution Monday night.

With the initial step taken the town and village now will:

1. Draft a proposed city charter, pass an enabling act to authorize a particular type of charter, and compose an administrative code;
2. Conduct public and private hearings;
3. Submit the issue to the State Legislature, and
4. If passed by the Legislature, return the plan to the residents for vote under separate referendum.

One town official said it was hoped that the new city, to be known as Kenmore, would become a reality by Jan. 1, 1963.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little PASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor breath". Get PASTEETH at drug counters everywhere.

Plan Exhibits On Earth, Sky At School No. 8

Experiments pertaining to the earth and sky, a project of Mrs. Mary Danford's Fourth Grade are among the preparations being made by students of School No. 8 for the annual Science Fair to be held March 13 to 17.

In Mrs. Adelaide Van Wageningen's Fifth Grade the students have been working on a number of experiments having to do with electricity and the solar system. Some of the experiments are: Open and closed circuits, Sputnik orbiter, two-way telephone, telegraph set, electro-magnet, electric motor, crystal receiver, solar system model, an active volcano, a rocket and a demonstration of an X-ray machine. There are also a number of experiments having to do with sound and a diagram of animal anatomy and survival of animal life.

The Sixth Grade has been working on many different types of experiments such as: An electric turbine, diagram of a coal mine, wiring of a house, working model of the arm, electric scoreboard, electric motor, diagram of the digestive system, solar system, working model of a crane, wet cell battery, diagram of the body, a volcano and a telegraph.

The Sixth Grade teacher is Leon Hobbs, science fair representative for School 8.

Last year's winners were John Quick and Harriet Wolf in the Fourth Grade, Mary Ann Tubby and Alma Becker in the Fifth Grade and Susan Brueckner in the Sixth Grade.

Bill Would Give 10 PC Phone Tax to States

WASHINGTON (AP)—States would be permitted to take over the 10 per cent federal tax on telephones, under a bill before Congress.

The measure is similar to one endorsed last year by Gov. Nelson A. Rockefeller of New York but rejected by former President Eisenhower.

Rep. Charles E. Goodell, R-N.

Y., sponsor of the current measure, suggested Tuesday that the tax money be used for school aid. His bill does not, however, specify how the money should be used. Goodell said New York would receive \$66 million a year if permitted to take over the tax, compared with \$37,650,000 the state would receive under President Kennedy's aid-to-education proposal.

Dr. Harvey D. Thatcher patented the first milk bottle in 1885.

Columbiettes Plan Communion, Lunch

The annual Hudson Valley communion and luncheon for Columbiettes, sponsored this year by the John Cardinal McCloskey Council K of C of New City, N. Y., will be held March 25.

The Mass will be at Our Lady of Peace Chapel, Rockland State Hospital, Orangeburg, N. Y., at 11 a. m., with luncheon afterwards. All reservations for Columbiettes planning to attend must be in by March 15. Contact Miss Madeline Berg of Kingston, for detailed information.

Immaculate Conception

The annual Communion Breakfast of the Immaculate Conception Rosary Society was held on March 5.

Members and friends received Holy Communion at the 8 a. m. Mass. After Mass, breakfast was served at Ray's Riverside Rest. Guest speaker was the Rev. Joseph Siczek, pastor of the parish.

Mrs. Anne Raskoski was chairman, assisted by Miss Mary Rylewicz.

Texas Rabbi Will Lead Israel Bar Mitzvah Tour

Rabbi Gerald Kaplan, first spiritual leader of Congregation Beth Israel, Mesquite, Texas, will lead a special tour to Israel for the Bar Mitzvah of the Republic which was founded 13 years ago.

Rabbi Kaplan and his group will depart New York June 26 for Paris. The party will return to New York July 17 from London.

The itinerary features visits to Paris, Tel Aviv, Haifa, Jerusalem, Athens, Rome and London. In Israel the group will visit the Weizman Institute of Science in Rehovot; Kibbutz Givat Brenner; the Israel Opera; the Arava Valley; the Dead Sea; the Salt Grotto of Sodom; Ellat; Solomon's Mines; the Beer Ora, an experimental farm in the Negev. Also Hadera, Nazareth, Haifa, Mt. Carmel, Mikve Yisrael, Bet Dagon, Ramla, Mt. Zion, Hebrew University, Mt. Herzl, Bezalel National Museum, the Israel Parliament and Mea Shearim.

Rabbi Kaplan is a graduate of Ch. Berlin Yeshiva, and has served at Temple Israel in Portsmouth, New Hampshire. He was also Auxiliary Chaplain at Pease Air Force Base and Hill Counselor at University of New Hampshire.

KHS Class of 1955

There will be a meeting in the Kingston High School cafeteria on Thursday, 7:30 p. m. of the committee for the 1955 class reunion. Those interested in serving on committees are asked to attend. Addresses of members are now being compiled by Mrs. Marilyn Johnson Perry, Country Lane, Lake Katrine, and Mrs. Barbara Barkley Amato, 188 Tremper Avenue.

PLAN SOCIETY BREAKFAST—St. Peter's Holy Name Society will have its annual communion breakfast on Sunday, March 12, after the 8 a. m. Mass. Main speakers will be the Rt. Rev. Msgr. James V. Hart, pastor of the Church of the Blessed Sacrament in the Bronx, and Judge Lawrence Cook, Sullivan County. Meeting to discuss plans recently were members of the Planning Committee. They are, seated (l-r) the Rt. Rev. Msgr. Joseph D. Ostermann, pastor of St. Peter's Church; Eugene Loughlin; stand-

ing (l-r) the Rev. John Dwyer, assistant; Leo Schupp, general chairman; and Joseph Mikesch. Larry Geuss, president of the society, has also announced that plans are being formulated for a variety show in April, adult dances in April and May, parish picnic for July and family steamboat excursion. A combined business and social meeting of the Holy Name Society will be held March 17 to commemorate St. Patrick's Day. Refreshments will be served. (Freeman photo)

Local DAR Chapter Hears Paper on Purpose Of Organization; Spring Luncheon Planned

Mrs. J. Baker Burroughs, Regent, presided at the meeting of Wiltwyck Chapter, DAR, held at the Chapter House on Thursday.

There were reports from the various committees.

Mrs. Harry Rigby Jr., discussed plans for the Chapter's thrift sale to be held at the Chapter House on March 23 and 24, and urged all members to have their contributions there before these dates.

The Chapter will hold the annual spring luncheon at the Governor Clinton Hotel at 1 p. m., April 6. Mrs. Frank B. Cuff, New York State Regent will be the guest speaker.

A new date, April 25, has been set for the Annual Card Party and Bazaar. This will be held at the Chapter House during both afternoon and evening. The following were appointed to the committees:

Chairmen: Afternoon — Miss Virginia M. Curtis, Mrs. Conrad J. Gross; Evening — Mrs. Adam H. Porter, Mrs. J. James Soechting. Fancy and Apron Booth — Mrs. George C. Swart, Mrs. Herbert C. Foster, Miss Sarah H. Cole. Baked Goods — Mrs. Harold F. Smith, Mrs. Ralph E. Post. Refreshments — Mrs. Walter A. Perrett.

Decorations — Mrs. Hollis M. Burhans, Miss Geraldine Howard.

Awards — Mrs. Adam H. Porter. Publicity: Miss Grace Terwilliger, Mrs. Adam H. Porter.

Telephone: Mrs. Raymond Mizel.

Mrs. William Ochs, program chairman, then introduced Mrs. Cloyd L. Elias, who read a paper covering pertinent parts of an address "Cornerstones for the Future," which Mrs. Ashmead White, President General of the National D.A.R., had given during 1960 before the many DAR State Conferences, commemorating the 70th anniversary of the founding of the DAR.

There are many interesting incidents connected with the founding of the society on October 11, 1890, by four ladies in Washington, D. C., with a membership of 18 which has increased to 187,000 today.

New York was one of the six states to form Chapters in 1891, with Miss Mary Isabella Forsyth of Kingston the founder and first New York State Regent.

The DAR has accomplished a great deal during these 70 years, and is still striving to do more for "Home and Country," with the great objectives "Historic, Patriotic and Educational".

Valuable services were rendered by the DAR Hospital Corps during the Spanish-American War, when the organization processed the applications of some 4,600 nurses, and sent those who qualified where and when directed by the War Department. This was the founding of the present Army Nurses Corps. As the Spanish-American War was of short duration, many nurses had not served the required time for Government pensions. The DAR, feeling responsible for having selected these nurses for war duty, paid their pensions through voluntary contributions from its members.

The cornerstone of Memorial Continental Hall in Washington, D. C., was laid in 1904, and is the first building constructed by the society. It is a marble and granite structure and contains many state rooms furnished in period style. The library has the largest collection of books on Genealogy and American History in the United States. The Museum displays over 10,000 priceless treasures of early patriots. These adjoining buildings are now valued at more than \$10,000,000. During the Second World War the society donated the use of these buildings to the American Red Cross.

The Memorial Bell Tower at Valley Forge, honoring the nation's war dead, was constructed by the National Society and given to the Washington Chapel there. It contains the great national carillon.

The DAR Manual for Citizenship, first published in 1920, has now reached a total distribution of 8,766,000 copies. This booklet is distributed to new citizens at Naturalization Courts, and also aids many Americans in a clearer

League Consultant Visits Kingston; Reviews Objectives

Mrs. Robert A. MacKinnon, president of the Junior League of Kingston, presided at the regular monthly meeting held on Wednesday, at the Governor Clinton Hotel.

It was announced that Mrs. MacKinnon and Mrs. Robert O'Reilly, chairman of the public relations committee, will represent the Junior League of Kingston at the national conference to be held in Dallas, Texas May 1-5. Mrs. William Darling is the first alternate delegate to this conference.

On March 24, there will be a board orientation meeting at the home of Mrs. Clyde Wonderly Jr., which all outgoing and incoming board members and committee chairmen will attend. The purpose of this meeting is to acquaint the new board members and committee chairmen with their duties.

Mrs. Edward deGroff Jr., and Mrs. William H. Hobbs, and their committee of sustainers will act as hostesses at the annual April luncheon to be held at the Skytop Restaurant on Monday, April 3.

Mrs. Frank J. Hartel of Scarsdale, Consultant on Program for AJLA, was the guest speaker of the evening. Mrs. Hertel had spent the two preceding days meeting with the Board of Directors, the officers, committee chairmen and committee members of the League to discuss

their aims, plans and problems. Mrs. Hertel spoke of the purpose of the Junior League which is "to foster interest among its members in the social, economic, educational, cultural and civic conditions of the community and to make efficient their volunteer service." She reminded the members that the League trains for leadership and expects its members to become active in the community and to assume responsible positions.

In addition, Mrs. Hertel spoke of AJLA professional staff, their duties and the ways in which they help local Leagues operate more efficiently. AJLA assists the local Leagues by giving professional assistance when and where it is needed.

She said the Junior League should be proud of its record in the areas of youth, health, and Welfare. She reminded the members to strive to raise the quality of their volunteer work and to be alert to new community needs and problems and to work toward their solution.

Science has identified 40,000 different kinds of fish.

Gateway to Hold Open House Sale

Gateway Industries, 519 Broadway, has announced the first "Open House" event will be held Saturday, March 11 from 10 a. m. to 3 p. m.

A few articles will be on sale and orders will be taken for other items. All articles offered for sale were made exclusively by the handicapped. The public is invited.

Card Parties

Golden Age Club

The Kingston Golden Age Club will sponsor a progressive card party Monday, March 13 at the YWCA. Refreshments will be served. Public is invited.

Christian Mothers

A card party sponsored by the Christian Mothers Society of St. Peter's Church, Kingston, will be given March 17 at 8 p. m., in the school hall on Adams Street. Refreshments will be served.

St. Ann's Altar-Rosary

A card party will be given by St. Ann's Altar-Rosary Society, Sawkill, in the church hall on March 24 at 8 p. m. Guests are asked to have their own cards.

Hurley Parents

A card party sponsored by the Parents Club of the Hurley School will be held at the Hurley Reformed Church on Saturday, March 25 at 8 p. m. Proceeds will be used to purchase children's books for the Hurley Library. For those interested in duplicate bridge, a special section will be directed by I. Wheatcroft, director of the Glenrie Bridge Club. Refreshments will be served during the evening. Public is invited.

4-H Club News

Rifton Unit

Members of the Rifton 4-H Club at a recent meeting elected officers for the coming year as follows:

Thomas Barberich, president; Russell Fisher, vice president; Stephen Withall, secretary; Gregory Bailey, treasurer; John Courlesse, news reporter.

understanding of the duties of a citizen.

Hundreds of thousands of boys and girls of all races and creeds have learned of their duties toward their country and a respect for the rights of others through the DAR Junior American Citizen Clubs.

The DAR Good Citizen Committees have centered the attention of hundreds of thousands of high school girls upon what constitutes good citizenship, primarily through the essay contests conducted each year by the many chapters, and the entailing interest and knowledge gained by the research incident to writing these essays.

Thousands of children in remote mountain communities find training for which they are adapted in schools which are solely or partially supported by DAR funds.

After the program, refreshments were served by Mrs. W. Dale Swartzmiller and Mrs. Maynard Mizel, with Mrs. Maurice S. Safford at the tea table.

Sickler-Smith Engagement Told

Arthur Sickler of Lake Hill has announced the engagement of his sister, Helen Leone, to Maynard E. Smith of Akron, Ohio.

Miss Sickler is the daughter of the late Mr. and Mrs. John Sickler of Lake Hill. Her fiancé is the son of the late Mr. and Mrs. George Smith of Jersey City, N. J. Mr. Smith is retired having been associated for the past 43 years with the General Traffic Department of Babcock and Wilcox Company of Bayonne, N. J., in the New York City office and Barberton, Ohio.

An April wedding is planned.

Wendt on Dean's List

Roland A. Wendt, son of Mr. and Mrs. Herman Wendt, Shokan, is on the dean's list at Drew University, Madison, N. J. A freshman majoring in mathematics, Wendt is an alumnus of Onteora Central School.

Benedictine Group Announce Activities

Following a regular meeting of the Benedictine Hospital Auxiliary held in the auditorium of the Nurses' Residence on Wednesday, March 1, members enjoyed a wonderful description of the Annual German Passion Play by Mrs. Fred Ertel. This play is given every ten years in the village of Oberammergau in the Alps mountains of Germany. This play started at 8:15 a. m. and lasts eight hours. The first performance was May 19 and daily thereafter until September 25 with a capacity attendance of 5,000 people at every performance many of them American tourists.

Mrs. Ertel, assisted by her daughter, Mrs. John Schomer, showed color slides of the play, and slides of the country around the village of Oberammergau. Mr. and Mrs. Ertel were fortunate in being able to meet Anton Preisinger, who played the role of Christ, only because his nephew had at one time lived in Kingston and was employed at the former Stuyvesant Hotel during his stay here. Mr. Preisinger's role is such a strenuous one that he rarely ever meets anyone after a performance.

The business meeting was conducted by Mrs. William Cranston, president. Reports were made by Mrs. Robert Stenson, recording secretary, Mrs. Joseph Robertson, treasurer, Mrs. Edward Whelan, corresponding secretary, Mrs. Andrew Daly, desk and escort service, Mrs. Nicholas Stock, junior volunteers, Mrs. John Ryan, baby photo.

Mrs. John McCordle announced that the gift shop will soon be in operation. This will be another service to the patients in the hospital. Due to the absence of Mrs. John Finch and Mrs. Martin Golden, their reports were given by Mrs. Knute Beichert.

Mrs. Vincent Guido reported the hospital committee is making Easter favors for hospital trays. Also, they are assisting Edwin Bolz, associate administrator of the hospital, in redecorating the hospital. Mrs. Collins Troy announced that Johnny Michaels orchestra with Jim Sweeney at the piano will furnish the music for dancing at the Spring Ball to be held at the Governor Clinton Hotel April 8.

Mrs. Knute Beichert reported that Hospital Week this year will be May 7. Plans are being made to entertain the junior volunteers.

Awards will be given to these young ladies for their many hours of volunteer work. In speaking to the members Sister M. Berenice, Hospital Administrator, paid tribute to the late Rev. Msgr. Martin J. Drury for his leadership during the past 22 years and for all the hard work that he contributed during three major drives for funds the hospital conducted during the time he served.

Mrs. Fred Bruhn was happy to introduce 16 new members. They are the Mmes. John Duffy, Lawrence King, Glen Teetsel, Charles Tucker, William Gage, Walter Dougherty, Donald MacDonald, Franklin Morris, Louis Lambiasi, Alfred Karlsbach, Theresa Quinn, and the Misses Marguerite Graham, Maude Sheldon, Catherine Rafferty, Ethel Carter and Lillian Carter. Hostesses for the evening were the Mmes. John Heitzman, Lawrence King, Fred Weber and Carroll Prince.

Rapid Hose Company

Rapid Hose, Ladies' Auxiliary, will meet Thursday, 8 p. m. in the firehouse on Hone Street.

URSULA STUDENTS ASSIST PARENTS.—The Parents Association of Academy of St. Ursula will sponsor its annual St. Patrick's Day card party on March 17 in the school auditorium. Students of the Academy will serve dessert and coffee at 1 p. m. and at 2 p. m., they will model some of the latest spring and summer fashions as an added feature. A food and cake sale will be held during the afternoon. Baby sitting services will be provided for the

convenience of guests with small children. Tickets may be obtained from Mrs. Fred Renn, and reservations may be made with Mrs. Andrew Cook before March 15. Guests are asked to have their own playing cards. Working on decorations for the occasion are Ursula students, pictured above, (l-r) Karen Cook, Phyllis Smith, Susan Bodenweber and Barbara Vicevich. (Freeman photo)

Secretaries Attend Speech Seminar

"Effective communication is a lifetime job." With this statement, Professor Robert F. Young opened his workshop entitled "Do You Mean What You Say?" at the recent National Secretaries Association's sponsored seminar at the Polytechnic Institute of Brooklyn. Covered during the lecture were the ground rules for effective speaking, including hints and a formula to assist in making public speeches.

Professor Young is assistant professor in the Department of Speech and Theatre at Brooklyn College. He was a former professor at the Universities of Missouri and of Washington, Harvard University, Amherst and Smith Colleges, Dale Carnegie Institute and Columbia.

The afternoon session features a lecture by Dr. Charles Obermeyer entitled "An Old Approach to New Art." Dr. Obermeyer is the professor of psychology at the Polytechnic Institute of Brooklyn. He was a former professor of philosophy, literature, sociology and languages at London County Council, New School of Social Research, Columbia University and the University of Mexico.

With art explained as an expression of our life and, through all its struggles an attempt to communicate, Dr. Obermeyer sought to instill an appreciation of modern art. With actual paintings and line drawings, he reviewed the work of famous cubists and abstract painters. Included were the works of Picasso, Utrillo and Matisse. In addition, in outlining the growth of painting, such artists as Cezanne, Giotto and Van Gogh were also introduced.

For a change in pace during the long seminar, Nino Raelafo, associated with Julius Caruso, New York City, spoke on "The Glamorous Beauty That Is You." This talk featured a question and answer period pertaining to the care of the hair.

To climax the day, many of the seminar secretaries attended the New York Philharmonic Concert at Carnegie Hall. Under the baton of Andre Kostelanetz, the Philharmonic interpreted Mozart's Symphony No. 23 in D Major; Ravel's Mother Goose Suite; Tchaikovsky's Overture; Borodin's Polovetsian Dances; from "Prince Igor"; Kern's Portrait for Orchestra; Mark

Y-Wives Will Begin Embroidering Project

The Y-Wives will begin their project of Swedish embroidery on huck toweling on Thursday, at the YWCA.

The Mmes. Walden Purdy and John Greco have reported members will need the following materials: huck toweling, which comes in assorted colors, 18-inch widths; embroidery thread, such as pearl cotton; and blunt end needles.

The group will be making café curtains, place mats, tablecloths, aprons and guest towels.

Suppers

Hurley Church

A fish and chip dinner will be sponsored by the Women's Guild for Christian Service of the Hurley Reformed Church on Saturday, March 18 in the education building. Mrs. Harry Gersback is general chairman of the annual supper. In charge of the dining room is Mrs. Francis Charlton.

Servings will be at 5 p. m., 5:45 and 6:30. Tickets may be purchased from Guild members or from Mrs. Peter Palen, Hurley, ticket chairman. Reservations must be made by Wednesday, March 15.

Kingston Maennerchor

Members of the Kingston Maennerchor will sponsor a beer festival on Saturday, March 11 at 37 Greenkill Avenue. Festivities will begin at 8:30 p. m. Refreshments will be served.

The first coin money was made in Lydia, Asia Minor, of electrum, a natural alloy of gold and silver.

Hadassah Completes Plans for Luncheons

Members of the Kingston Chapter of Hadassah are making final arrangements for their "afternoon out" project set for 12:20 p. m. Tuesday, March 14.

Members of the group have offered their homes for a series of luncheons and card parties. Mrs. Arthur Landesman, chairman, outlined arrangements at a board meeting Monday in the home of Mrs. Sidney Halpern, 126 Madison Avenue.

Reservations may be made by calling Mrs. Landesman or Mrs. Robert S. Yallum by Friday, March 10. Proceeds will benefit Hadassah Medical Organization.

All hostesses and guests participating in the luncheon series will be eligible for a two-day holiday at the Neville, to be drawn the day of the event.

Mrs. Paul Mezer is winner of a two-day holiday at Grossingers; the winner was chosen at the board meeting. Eligible were all those whose luncheon reservations and checks were in at that time.

The board discussed plans for the March 20 general meeting, with Mrs. Arthur London in charge of the program. A special HMO benefit will be held, with a diamond bracelet-watch to be awarded. Mrs. Sidney Halpern and Mrs. Harold Newman are in charge.

Mrs. Yallum outlined plans for the full-page HMO advertisement, to be published in The Freeman April 21, Israel's Independence Day.

Mrs. Jay Melton is president of the Kingston Chapter.

Grange

Plattekill Notes

The regular meeting of the Plattekill Grange will be held Saturday at 8 p. m. A Farm and Garden program will be presented in charge of the following committee: George Daley, Alfred Harris, James Wilkin, Charles and Gregg Van Duser, Frank Tantillo, Joseph Dembroski. An interesting feature will be a panel discussion on "Production, Marketing and Research in Fruit Growing," by leading fruit growers. Demonstrations and exhibits in new garden tools and methods will be featured.

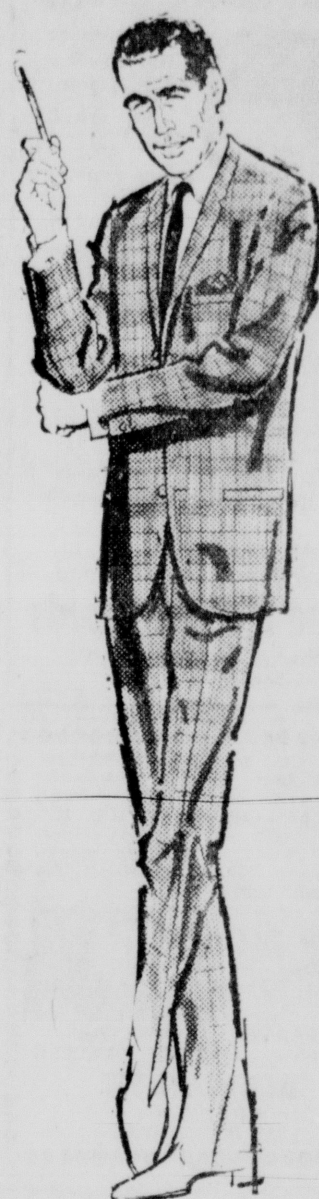

Hosts and hostesses: Mr. and Mrs. Wilson Edmunds, Mr. and Mrs. Ralph Grismer, Mr. and Mrs. Bernard Kopaskie, Margaret and Mary Kopaskie, Mrs. Edmund Wager, Clarence Dunn, Elizabeth Melody, Conrad Silberling, Chester Edmunds.

4-H Club News

7,000 DEATHS THEN . . . 310 NOW

Two decades ago, 7,000 children died every year of whooping cough. Last year, only 310 children died of whooping cough. What explains the difference? It's the new wonder drugs—unknown two decades ago. Priceless drugs? Sure! Yet the price of the average prescription hasn't gone up any more in 20 years than has the price of a pound of coffee.

Ruth Millett

Son Gives His View Of Mismatched Marriage

Newspaper Enterprise Assn.
Most interesting letter in this week's mailbox:
"My father is a rip-roaring, brilliant business executive who is crucifying me because I am unable to follow his royal footsteps through his tough college major and into his business world, which is rough even for an old salt like him."

"He was a successful young tycoon who married a 'pretty bit of fluff' because her childlike prattle relaxed and entertained him. Her innocent, little girl chatter appealed to his masculinity. They have gotten along without arguments because she can't best him in an argument and so always 'yesses' him."

"What my brilliant father apparently never dreamed of was that his son might get his brains from his mother instead of his father—which is exactly what happened. But if I dared remind him of this he would floor all six feet of me for being disrespectful to my mother."

"I wouldn't be writing this to you if this were just my problem (being the disappointing son of an intelligent, successful father), but I can look around me and see that the same kind of thing is going to happen over and over."

"The most intelligent of my classmates at the university I am about to flunk out of, date the dumbest girls because the chatter of these beautiful but dumb dolls makes them feel like

intellectuals. When I point out what life would be like with a dumb wife they say: 'I'm not going to MARRY her. I'm just dating her.'

"But they do marry these girls and then before a year is up they are yelling their intelligent heads off about marriage."

"They haven't seen anything yet. Wait until they try to educate the sons who happen to get their brains from their mothers! Then they will be yelling."

"If I can I intend to marry a girl with some brains and hope that my sons WILL take after their mother. Then maybe my father can groom one of MY sons to fill the shoes I'm not bright enough to fill. And I expect I'll have a better marriage, too. I certainly won't be bored to death."

"Why don't you write something about this situation? Whenever it is mentioned, the only point made is that an intelligent man won't long be satisfied with a bird-brain for a wife."

"What is never pointed out is the plight of the poor sons who are disappointed by their father's failure because they got their brains from their beautiful but not-so-bright mothers."

"Believe me, it isn't any fun to be such a disappointment to one's father."

Ruth Millett's brand new booklet, "Happier Wives: (hints for husbands)" is available. To order your copy, mail 25c to Ruth Millett Reader Service, c/o The Freeman, P. O. Box 489, Dept. A, Radio City Station, New York 19, N. Y.

Home Extension Service News

Food Shopping

Shoppers who want to get maximum satisfaction from their food purchases do well to recognize that both store arrangement and display method influence what they buy. And there are ways to use this knowledge to advantage:

Patronize a store which has an arrangement you find convenient to follow.

A list may help you manage the food dollar wisely and cut the shopping time. Arrange your list in the order you will follow in the store.

Be flexible, knowingly, in your purchase. A list can serve as a guide but the quality of the product you find at the store or its price may suggest a desirable shift. Buying an item on special or trying a new product is not necessarily a sign of a purchase that goes beyond need and usefulness.

Take time to examine the food you are buying and compare costs on the spot. A few extra minutes to compare costs among alternatives could be time well spent.

When you compare costs, remember:

Larger food units usually cost less per pound than the smaller units.

Canned food may be sold in large quantities at lowered prices to move stocks at various times of the year.

Fruits and vegetables in season usually cost less than the same items out of season.

Cost per serving proves a better guide to economy among meat cuts than cost per pound, cuts differ widely in the amount of bone and waste each contains.

At the Markets

MEAT — Meat supplies are good. Beef is still the prominent item; watch for price specials in the coming weeks.

FISH AND SHELLFISH — Fresh fish supplies are picking

up as weather warms and enables more boats to go out. Expect good supplies of porgies, smelts, butterfish, and cod steaks and fillets in the next few weeks.

The following shellfish items are the ones to shop for in the coming weeks: hard and soft clams (steamers), oysters, bay and sea scallops, shrimp, crabmeat, and mussels. Mussels may be baked or added to stews and chowders.

VEGETABLES — The list of vegetables lengthens around this time of year as supplies from less distant growing areas start to arrive. Expect good supplies of broccoli, cauliflower, yellow onions, eastern potatoes, and the green, Italian-type squash from Florida.

EGGS — Egg supplies are increasing. The price difference between medium and large eggs continues to narrow, making large eggs the more economical current choice.

Kingston Day Unit

Members of the Kingston Day Unit attending the spaghetti luncheon Thursday at 410 Broadway at 12:30 p. m. may call Mrs. Thomas Turck, 31 Crane Street or Mrs. William Leehive, 30 Emerson Street for reservations. Please bring table settings.

Card Parties

Atharhacton

Atharhacton Rebekah Lodge will sponsor a public card party on Saturday at 8 p. m. in Odd Fellows Hall, Brewster Street and Broadway.

World's Phones

At the beginning of the 1960s, there were approximately 130 million telephones in the world, with 35 per cent of this total being in the United States, according to the Encyclopedia Britannica.

RADIANT — Dazzling

is the word for Princess Margaret of England as she arrives at the Royal Opera House, London, for a gala performance by the royal ballet.

REGAL — Imogen Woodford

radiates regality in London. She models a rhinestone single-row necklace with flexible epaulette on one shoulder. Tiara matches.

SET TO STAR

— Soprano Birgit Nilsson completes makeup for rehearsal of the Met revival of Puccini's "Turandot." She wears heavy headdress as the opera's heroine.

Good Taste Today

By EMILY POST

Author of "Children Are People" and "Etiquette," etc.

WHEN A DINNER IS POSTPONED

Q: I would like to know if I was wrong in the following instance. I was invited to Sunday dinner at a friend's house. Several days after this engagement was made another friend called and invited me to dinner on Wednesday. On Saturday, the first friend called and said that something unexpected turned up and postponed the dinner to Wednesday. I called my other friends immediately and said that I could not have dinner with her on Wednesday and explained what happened. She seemed rather put out over this. Was I wrong to cancel this second dinner engagement?

A: Yes, you should have told the friend who changed the dinner from Sunday to Wednesday that you were sorry but you had made another engagement for that night.

Flowers Instead of Hats

Q: I am going to be a bridesmaid in a friend's wedding. She would like all of her attendants to wear wreaths of fresh flowers in their hair instead of hats. I would like to know who should pay for these—the bride or her attendants? Some of the bridesmaids would like to wear hats, and I would like to know who should pay for them. I disagree and think that this is the bride's expense. Will you please settle this?

A: Since they will have only limited use of the wreaths, whereas hats would be something to keep, it is unfair to expect the bridesmaids to pay for them, and in this instance the bride should pay for the wreaths.

When There Is No Finger Bowl

Q: In a restaurant where finger bowls are not provided, is it ever permissible when a small child is at the table to dip the corner of the napkin into the water glass to clean the child's face or hands?

A: Rather than dip the corner of the napkin into the water glass, it is much better to hold it against the rim of the glass and then to tip the glass enough to moisten the edge of the napkin.

The Emily Post Institute is sorry it cannot answer personal mail.

(Released by The Bell Syndicate)

Today's Business Mirror

By SAM DAWSON

NEW YORK (AP)—Don't look now, but that person peering over Junior's shoulder at the toys in the window could be a businessman.

His interest is strictly in making his sales graph curve upward. Toy makers contend that their products now top the list of premiums given away each year as a stimulant for sales.

\$50 Million Business

The A. C. Gilbert Co. of New Haven, Conn., says it made a survey of premiums which shows annual usage of toys running at \$50 million in retail value. The Gilbert company makes toys.

The survey also reports that in the last half of 1960, use of toys to raise sales on consumer and dealer level increased by almost one-third over the previous year.

It wasn't too long ago that the only toys used as premiums were inexpensive miniatures or small items sold through the mail for a

boxtop and a dime.

Today, toys are offered you from all sides — as out-and-out gifts or at a special price. The premiums come with everything from breakfast foods to gasoline. You may get the offer as a credit card holder or just a cash customer. Or it may be part of a manufacturer's approach to you if you're a garage mechanic, a camera dealer or a grocer.

In every case there's the proviso—you purchase a certain item or stock it.

Not All Geegaws

The toys aren't all just geegaws by any means.

The Buddy "L" Toy Makers of East Moline, Ill., furnished a toy Texaco service station which customers of Texaco gasoline dealers bought at \$3.50. The makers say that elsewhere this would retail at \$7.95.

General Foods gave away 2,000 American Flyer Frontiersman model trains and trestle sets in their 1960 Post cereals sweep-

stakes. The maker, Gilbert, says these would normally retail for about \$50 each.

Auto-Lite bought several thousand sets of Gilbert's American Flyer stock car race for dealer promotion of its spark plugs. This game has two miniature stock cars racing around a figure-eight track under remote control. Naturally each car has an Auto-Lite mark on its trunk. The toy maker also sold the unmarked gadgets through regular channels with a \$34.95 price tag.

Some Used Dolls

Union Carbide used trains with specially marked chemical tank cars to sell Prestone to dealers. Dolls helped Colgate sell toothpaste to consumers. Ford used dolls based on the comic strip, Peanuts, General Electric used Erector sets to sell more photo flash bulbs.

These big toy orders tend to go to large toy makers who are more in a position to handle them. Also the big firms go in for advertising campaigns which help boost the appeal of the premiums.

But why should producers of goods largely bought by adults use toys to promote sales?

Harvey E. Rath, vice president in charge of sales for Gilbert, says: "Toys generate a whole new audience for a product, not only among the fast-growing juvenile population, but among their parents as well. If the product and price is competitive, it's hard to resist the offer of a free or bargain priced toy."

It has been estimated that there are about 9,000 species of birds in the world.

Talk about your Old-Fashioned Winters!

Longest Cold Spell in Weather Bureau History!

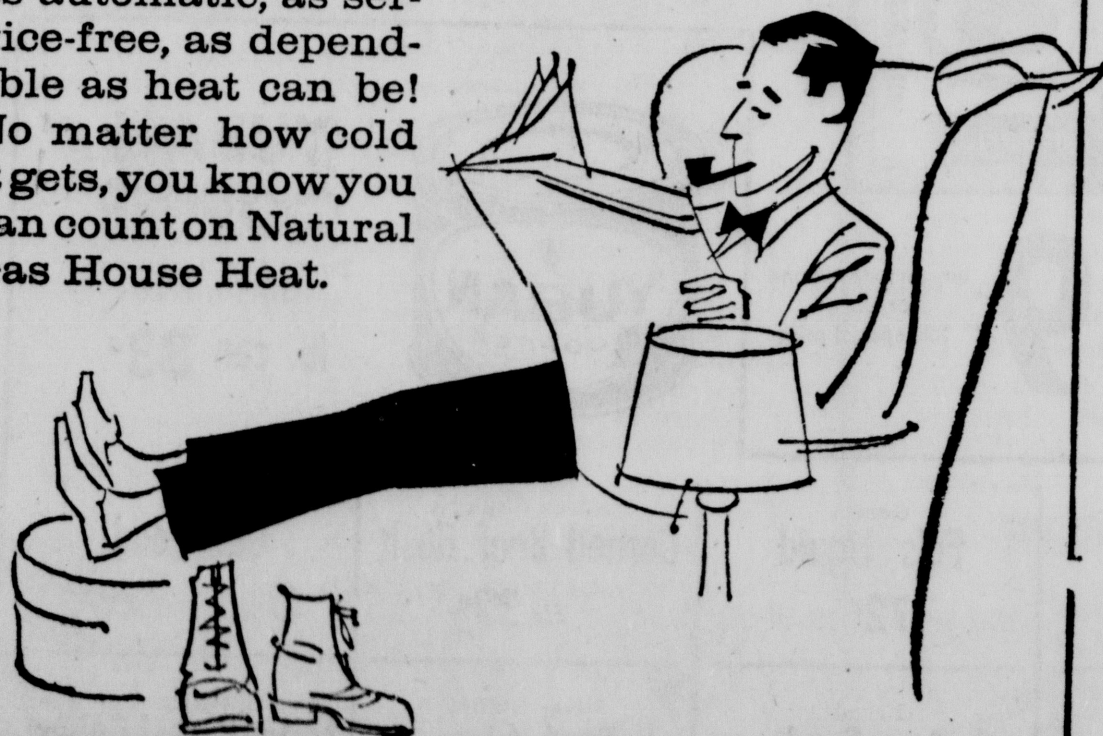

That's right. January, for instance, was almost 25% colder than January, 1960.. And the whole Heating season has been much colder than last year's.

It all adds up to higher heating costs this year for every one of us, no matter what fuel we use.

Old man winter really laid it on this time ... still it's nice to know that with

NATURAL GAS HOUSE HEAT

you have heat that's as automatic, as service-free, as dependable as heat can be! No matter how cold it gets, you know you can count on Natural Gas House Heat.

New \$668,000 Marlboro School Dedication Set

The new \$668,000 Marlboro Elementary School with a capacity for 420 pupils will be dedicated Friday 8 p. m. in the school auditorium.

An open house will follow the formal dedication program and refreshments will be served.

Music for the occasion will be provided by a grant from the recording industry with the co-operation of Local 291, American Federation of Musicians, Newburgh.

Construction of the new Elementary School began in late 1959 and was completed last fall. It contains 13 classrooms, 2 kindergartens, a library, health suite, kitchen, cafeteria, teachers' lounge and a combination gymnasium and auditorium.

In 1935 the Town of Marlborough, because of overcrowded

classrooms, lack of an auditorium, and poor gymnasium facilities, took definite steps toward a building program. The building of schools with state aid was possible only if the district were centralized. At a special meeting held on October 15, 1935, the town people voted to centralize. By 1937 the new high school in Marlboro and the new grade school in Milton were ready for occupancy. The need for more classrooms in both Milton and Marlboro schools again made it necessary for the people to vote for another building program. In 1959 a new wing was added to the Milton School.

Late in 1959 ground was broken for the new school to be dedicated March 10. The architects for this modern building were Reisner and Diamond. R. Neuss was in charge of general construction, and J. Favino installed the plumbing, heating and ventilation. The electrical installations were contracted by J. Perreca. The clerk of the works was Charles E. Morrell, Marlboro.

Gets Life, No Money

SAN DIEGO, Calif. (AP) — A jury has decreed life in prison for Robert B. Dalton for the bludgeoning slaying of the benefactor who willed him \$600,000. Dalton will be eligible for pa-

role in seven years but, an attorney says, won't get the money.

The jury, which set the life term Monday, convicted Dalton Sunday night of the first degree murder of John R. Larrendon, 86, retired New York City merchant.

One-stop shopping at your Chevy dealer's makes choosing a new car easier than ever!

You get variety like this only at your Chevrolet dealer's. With 31 models to choose from—all shapes and sizes to suit every size budget—you're almost sure to find just what you're looking for. Luxury? Give those sumptuous new Impalas the once-over. Notice how effortlessly you enter through the new wider opening doors, and what a downright pleasure it is to sit on those higher foam cushioned seats. Or how about those four popular-priced Bel Airs? Like all the new Jet-smooth Chevies, they combine easier-to-park outside dimensions with remarkable roominess inside. And for big-car comfort at small-car prices, where will you find anything to match those wonderful new Biscaynes? But that's just the beginning—there's still a whole new lineup of Chevy wagons for you to get next to and into. And ten new low, low priced Chevy Corvairs, including four new family-lovin' wagons—Lakewoods with a lockable trunk up front and Greenbriers with up to twice the space of regular station wagons. What with all this and the Corvette—America's only true sports car—if you don't find the car you want at your Chevrolet dealer's, it probably just hasn't been built yet!

Three models—two Chevrolets designed especially for business use and the De Luxe Greenbrier—are not shown.

See the new Chevrolet cars, Chevy Corvairs, and the new Corvette at your local authorized Chevrolet dealer's

King Awaits Decision on Jail Term

By THE ASSOCIATED PRESS

Integration leader Martin Luther King Jr. today awaited a court decision on whether he must go back to jail in a case that attracted national headlines and an expression of sympathy from then presidential candidate John F. Kennedy.

But the sit-in movement which King supports chalked up an important victory when Atlanta businessmen capitulated and agreed to desegregating downtown stores next fall.

The King case resulted in a Georgia Court of Appeals ruling Tuesday that the Negro minister had been illegally sentenced to 12 months on a charge of driving without a state license.

But it didn't free King. The case now goes back to the lower court, where he could still get 12 months, or possibly a probation sentence. The reversal was based on a legal technicality.

The Atlanta desegregation settlement followed months of sit-in demonstrations, boycotts and picketing of downtown stores. Negro leaders agreed to urge their followers to cease such activities pending voluntary desegregation of lunch counters and other facilities next fall.

The agreement is pegged to the scheduled September desegregation of Atlanta public schools under federal court order.

In other racial developments: Eight of 190 Negro college students jailed after demonstrations at the South Carolina State Capitol were convicted of breach of the peace and handed \$100 fines or 30-day jail sentences at Columbia.

At Montgomery, Ala., the State Court of Appeals ruled that no offense was specified against seven Negroes and two white men arrested for eating together at a restaurant and threw out their convictions of disorderly conduct charge. The white men are Dr. Richard Nesmith of MacMurray College in Jacksonville, Ill., and the Rev. R. Edwin King of Boston University.

Driver Serious After Car Hits Pole and Tree

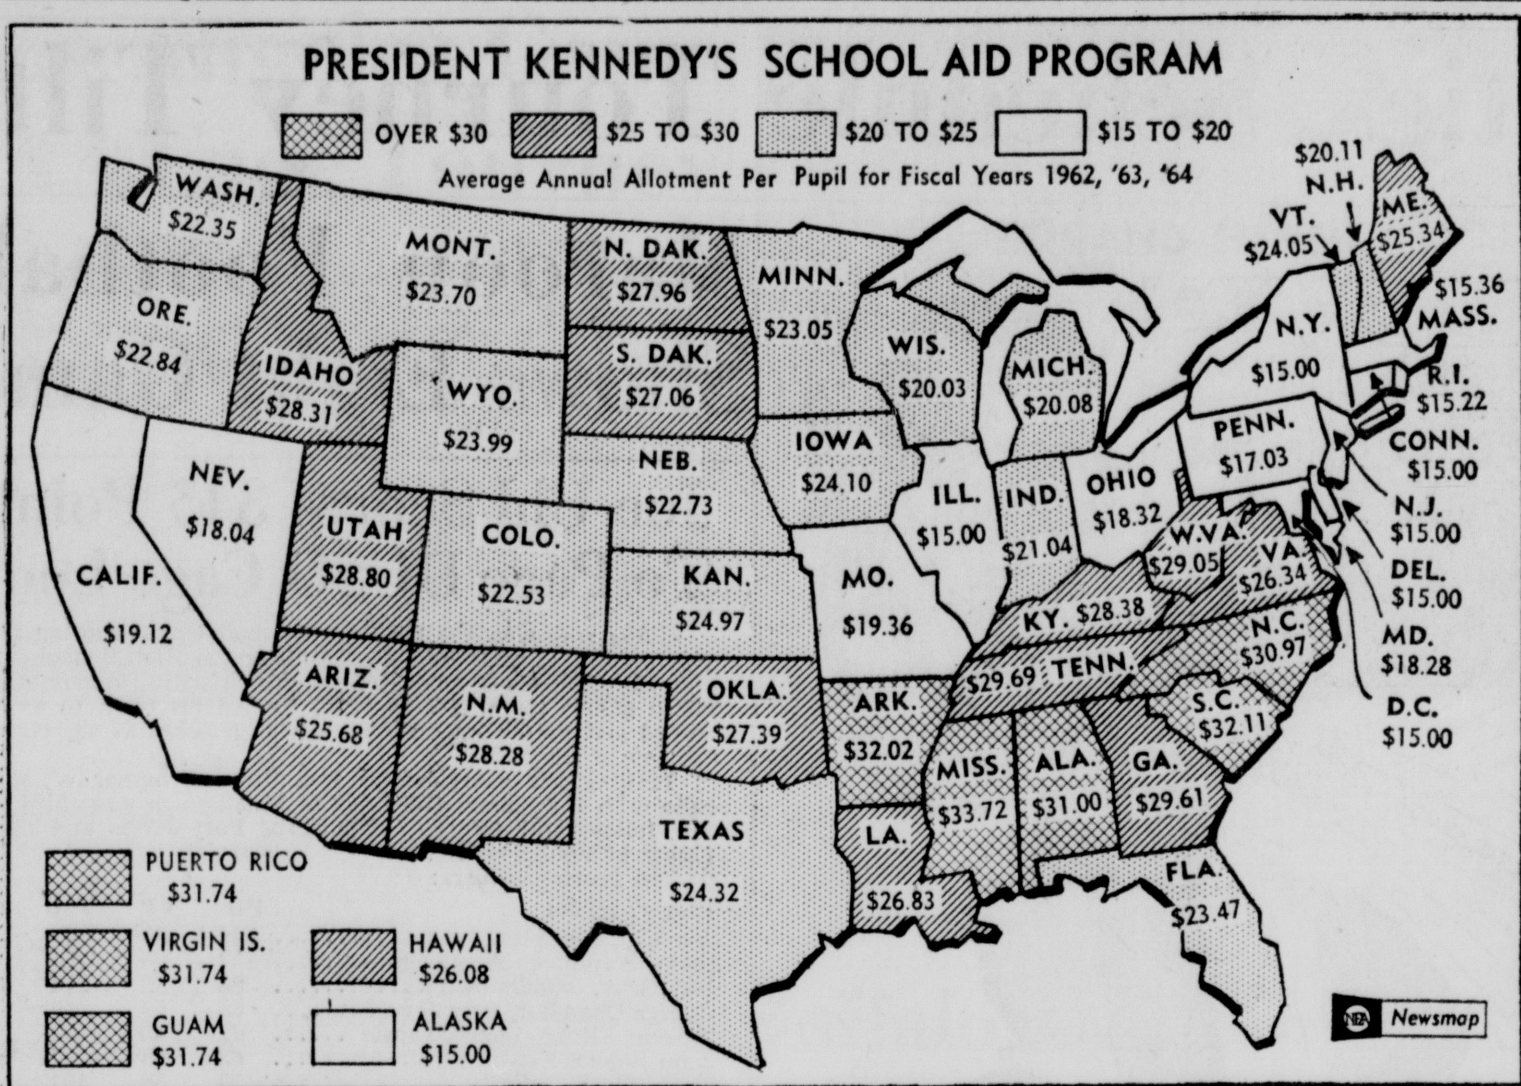

Cornelius Courtney, 46, of Rt. 5, Box 229, Kingston was reported in serious condition today from injuries suffered shortly before 3 a. m. today when his car left the highway in New Salem, sideswiped a pole and struck a tree. He was reported to have suffered a fractured hip and other injuries.

Deputy Sheriff Charles McCulloch and Delbert Sapp, who investigated, reported Courtney was traveling south on New Salem Road when his car struck a soft shoulder, went out of control and after striking a Central Hudson pole veered off and struck a tree some 50 feet distant. The car was badly damaged. Courtney was taken to Benedictine Hospital by Fatum Ambulance service.

Spaniards began to settle Venezuela and develop its agricultural resources in the 16th Century.

HELP FROM AFAR—Dr. Robert C. Griggs tests samples of blood and urine in an effort to understand a kidney disease which has killed thousands in a remote section of Yugoslavia. Griggs, of Metropolitan General Hospital in Cleveland, Ohio, made his study on a grant from the National Heart Institute. He traveled to the Balkan country to examine the situation and collect the samples. If he comes up with the answer, Griggs expects quick action from the Yugoslav government toward a remedy.

READING, WRITING AND... The most controversial portion of President Kennedy's five-year, \$5.6 billion program to aid U. S. education has gone to Congress. This plan calls for the expenditure of \$2.3 billion over three years to help public elementary and secondary schools. Each state would receive a minimum of \$15 for each pupil for each year. It would be up to the states to decide whether to use the money to build schools, pay teachers

or both. States with lowest incomes would get most. Newsmap shows the estimated three-year average for the states and territories. States would be penalized if they reduced their own education expenditures during the federal program. The other half of the President's plan — to aid higher education with grants for construction and scholarships for college students over a five-year period — will be sent to Congress later.

Bloomington Vols Schedule Supper, Dance April 8th

A spring buffet supper and dance will be sponsored by Bloomington Fire Company, Inc., Saturday night, April 8, at the Alpine Restaurant, it was announced during the regular meeting Tuesday night.

The April 8 event will start at 9 p. m. and a buffet supper will be served at 10:30 p. m. Music for dancing until 1:30 a. m. will be furnished by the Ambassadors.

Reservations may be made with Charles Peterson, President Fred Sauer, William Von Ohlen, Howard Slover, Warren Prandoni, John Plonski or Eugene Yonnetti. Herbert Faurete, Joseph Hafner and John Markle will be on the door committee.

Working on Paper
Another feature of the April 8 event will be a comical newspaper, edited by President Sauer. Issues will be distributed at the spring supper. Working with the president on the publication include Charles Peterson, chairman; Kenneth Taylor and Thomas Hill.

Sauer indicated today that no advertising space is available now but that space for boosters may be obtained by calling him. Proceeds from both the supper and newspaper will go to company's apparatus fund.

Another event scheduled by the Bloomington Vols will be the second annual clam chowder sale, set for Good Friday, March 31, on Main Street, opposite the post office. John Markle is chairman of arrangements. Others in charge of the sale, set for 10 a. m. and continuing until 5 p. m.,

are Charles Reilly, Henry Hartmann, Seyler Van Vechten, Edward Brodsky, Henry Greenwald, Herbert Faurete, Leslie Evory, Oscar Hahn, Charles Peterson, Joseph Hafner, Howard Slover and George Hafner.

The advanced first aid course, according to Herbert Faurete, will be held Wednesday, March 22, at Cottrell Firehouse, sponsored by the Township of Rosendale. The course is open to all who hold unexpired standard first aid cards.

Officers Meet March 18
An important meeting of officers of the fire department will be held Saturday, March 18, at 2 p. m., according to Chief Oscar Hahn. A full attendance of all line officers is anticipated.

The Township of Rosendale Volunteer Firemen's Association will meet Tuesday, March 28, at 8 p. m., Herbert Faurete announced at Tuesday's session. Faurete also pointed out that

the next in the current series of fire drills being sponsored by the association would be conducted by Binnewater but that no definite date has been set. Bloomington is scheduled to conduct the April drill.

Answer Two Calls
The Bloomington Company responded to two calls during February, Leslie Evory, assistant chief, reported. The first was for an oil burner leak on Church Hill in Eddyville and the second for an automobile fire at the junction of Route 32 and the De Witt Lake Road.

Tuesday's meeting was closed with benediction by the Rev. Richard Brown of Bloomington Reformed Church, Bloomington. A social hour with refreshments followed.

Haile Selassie of Ethiopia, whose titles include that of Conquering Lion of Judah, keeps 40 lions at the imperial palace.

U.N. Withdrawal Demand Studied By Congo Leaders

TANANARIVE, Malagasy Republic (AP) — President Moise Tshombe of Katanga Province opened a roundtable conference of Congo political leaders today with a proposal that they demand the withdrawal of U.N. forces from the Congo.

"With the new military pacts between the different states we are in a position to maintain order in the whole Congo," said Tshombe, who last week joined in a military alliance with the governments of President Joseph Kasavubu in Leopoldville and Albert Kalonji in South Kasai Province.

U. N. Bargaining Suffers

Moroccans Quitting Positions in Congo

LEOPOLDVILLE, the Congo (AP)—The U.N. Congo Command bargaining position worsened today, at least temporarily, with an announcement that 800 Moroccan soldiers previously scheduled for transfer to Leopoldville would be flown home instead.

The United Nations had announced Tuesday that Moroccans were already being flown in from Katanga Province, and observers saw them as a strengthening for the U.N. demand to return to Matadi.

Tunisians Arrive
But today a U.N. spokesman said there had been a change of orders and the Moroccans would be flown to Morocco.

The spokesman refused to comment on reports that the Moroccans had refused to board planes to bring them to Leopoldville.

Six hundred Tunisian soldiers did arrive in Leopoldville today on schedule to reinforce the local U.N. garrison. The first of 3,000 Indian soldiers are due next week. But 400 Sudanese troops who bore the brunt of Congolese army attacks in the ports of Matadi and Banana last week are being called home.

The Congolese government today presented a five-point ultimatum to Rajeshwar Dayal, Indian head of the U.N. Congo operation, and said it must be fulfilled before U.N. forces can return to Matadi, the chief supply port from which the U.N. Sudanese garrison was expelled Sunday.

U.N. Rejection Certain
The United Nations was considered certain to reject the Congolese demands, which were:
1. Dayal must be recalled and replaced by an "impartial" U.N. official. The Leopoldville govern-

Says Endowment Enough Without Joining Chest

An official of the Rhinebeck Visiting Nurse Service said recently the group is not interested in becoming a member agency of the Dutchess Area Community Chest and Council because the service is recipient of a yearly endowment.

Mrs. Rollo A. West Jr., director of the nurse service, said the group's campaign is limited and if money is needed the organization can always draw from the endowment. Mrs. West said the Rhinebeck unit and a Visiting Nurse service in Brattleboro, Vt., are the only two supported by the Boston endowment.

A report by the Dutchess Chest's Study Committee indicated that the Rhinebeck Visiting Nurse Service would be the only logical new addition according to a recent survey which included Hyde Park, Rhinebeck, LaGrange, Wappinger and Pleasant Valley.

Limiting Recruitment For National Guard

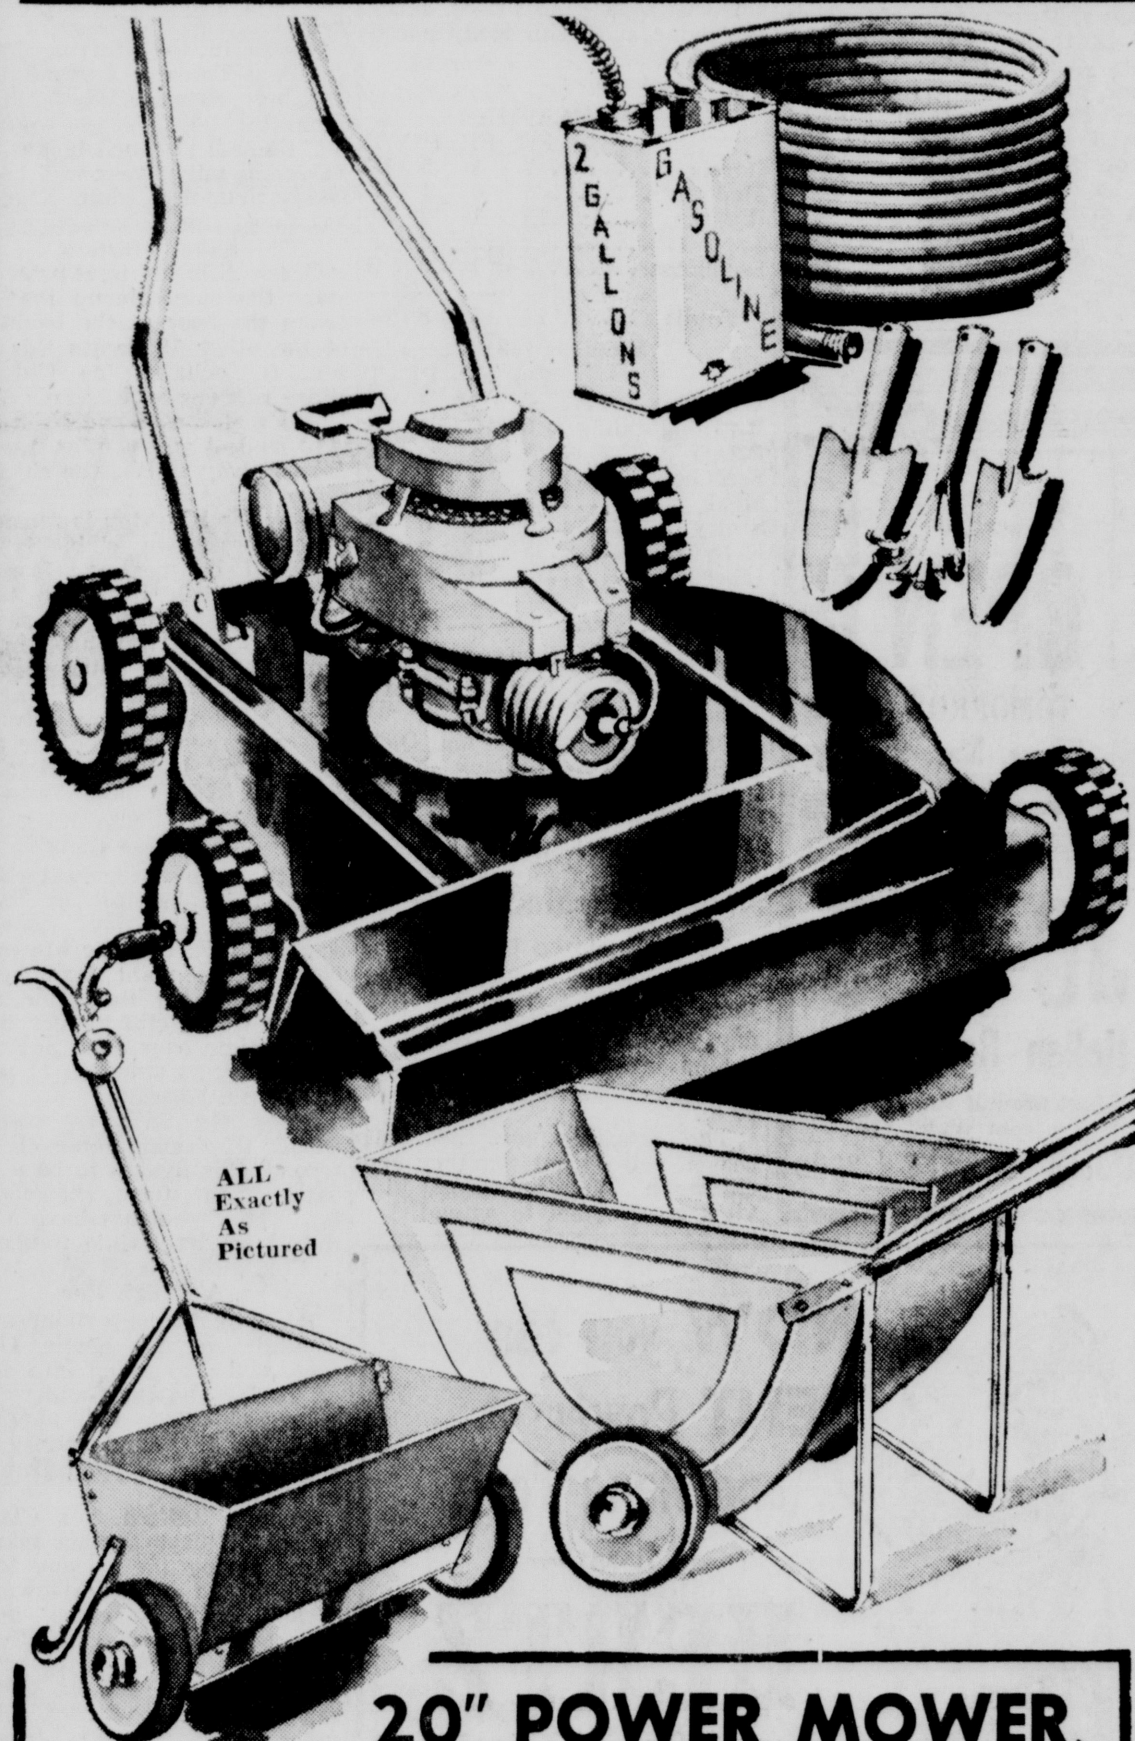

WASHINGTON (AP) — Recruitment for the National Guard in New York State is being limited to replacement at the rate of one enlistment for each man who leaves.

National Guard recruiting in 14 other states and Puerto Rico has been ordered suspended, members of Congress were informed Tuesday.

The National Guard Bureau said the halt was ordered to hold Guard strength to 400,000 men, on a 12-month average. The Guard strength reached a high of 410,000 in January.

Chick Boice Top Scorer in 'Y' Cage Circuit With 252 Points

Netting 252 points in 10 games, Chick Boice of the Raiders annexed the YMCA Basketball League scoring crown, beating teammate Joe Klonowski by six points. Others in the first five were George Carpozis, Bill Dubois and Al Byrne.

Byrne averaged 30.5 a game for high average. He tallied 214 points in only seven contests. Boice had a mark of 25.2 in 10 games while Klonowski's 246 points were made in 11 contests for an average of 22.3.

The scoring figures were tabulated by Ken Dyson. Leaders include:

Player, Team	FG	FP	Total	Ave.
Chick Boice, Raiders	105	42	252	25.2
Joe Klonowski, Raiders	104	38	246	22.3
George Carpozis, Texaco	100	41	241	24.1

Silver Jubilee Free Throw Contest by CYO Saturday

Dates have been announced for boys and girls foul shooting contests in conjunction with the Silver Jubilee of the CYO athletic program.

The boys contest will be held at the Myron Michael school gym on Saturday, March 18, following breakfast at St. Peter's School on Adams Street in Kingston. The girls contest is scheduled at the municipal auditorium Saturday, following breakfast at St. Peter's school.

In order to compete, boys and girls must attend the 8:15 a. m. Mass and receive Holy Communion at the church.

There are four divisions in the boys competition: Junior, boys who have not yet reached 17th birthday; Varsity, boys over 5 feet 4 and under 15; Jayvee, boys 5 feet and under 15; and Tyro boys under 5 feet and under 15 years. Three classes are scheduled in the girls division: Elementary, girls under 15 years; Junior, girls under 17; Met, girls under 19. Competition will be allowed in one class only and appropriate individual awards will be made to the winners in each division.

Each contestant will be entitled to 10 free throws and shall be eligible to try 15 additional shots if successful with five of the first ten. In case of ties for class championships at the conclusion of the first 25 shots, each contestant tied will throw 10 more shots until every one but the winner has been eliminated. Contestants must wear sneakers.

Mixers Wallop Empires, 63-53

Mixers moved ahead by outscoring their opponents, 26-10, in a blistering third quarter basket barrage, the Mixers walloped the Empires, 63-53, in a Senior basketball league playoff game at the YMCA court last night.

Bruce Ruffner scored 31 points in a good show to pace the winners while teammate Bob Garcia aided with 15. Tom Prisco, Jerry Woodvine and John Kelly paced the Empires.

The box score:

Mixers (63)	FG	FP	PF	T
Garcia	7	1	5	15
Madison	3	0	1	6
Ruffner	15	1	2	31
Lapp	2	2	0	6
Lindhurst	2	1	0	5
Totals	29	5	8	63
Empires (53)	FG	FP	PF	T
Woodvine	5	1	4	11
B. Houghtaling	3	0	0	6

Trapshooting Club Schedules Meeting

Members of the Ulster County Trapshooting circuit will hold their annual meeting on Monday, Mar. 13 at Frank VonGonsic garage in New Paltz. The meeting will commence at 8 p. m.

The schedule for the 1961 season will be put together and chairman Thomas Grossi invites all shooters to attend.

Maroon to Meet Clarkstown Club At Field House

SHS, Roosevelt Set For Title Contest At White Plains Center

By ED PALLADINO
Freeman Sports Staff

While Kingston High starts play in the Section Nine tournament Friday, Saugerties will attempt to add the Section One B division title to its DCSL crown by playing Roosevelt Central in an 8 p. m. attraction at the White Plains County center.

The Maroon players of Coach Jack Gilligan will meet Clarkstown of Rockland County in an 8 o'clock game at the Kate Walton Field House. This is an A division tilt and the winner will face the Newburgh Free Academy-Haverstraw victor next Saturday for the Section Nine title.

Clarkstown will come here with a record of 13-5 and a third place finish in the Rockland County circuit. Haverstraw captured the title and Suffern finished second.

The Rams are coached by Eddie McGrath, former Marlboro High School head coach. He's been at Clarkstown since the 1957-58 season and his record at the school has been an imposing one.

Clarkstown lost decision in the league to Haverstraw (2), to Spring Valley and to Suffern. The club also bowed, 52-46, to Saugerties in the Holiday tournament at the Sawyer's gym.

The visitors have a speedy club but they haven't got that big player that can get the ball off the boards.

Steve Drummond, a 5-10 forward, is the man in threat. He's one of five seniors on the 12-man squad and is also the captain. Drummond is a good outside shot and can drive underneath well.

Others in the starting lineup are Paul Toscano, 6-0; Al Stanton, 5-9; Brian Kidd, 5-11 and John Radlein, 5-11. As you can see, there isn't much height, but the Rams might very well be the fastest running club Kingston has faced this season.

Coach Gilligan is expected to start the same lineup that has taken the floor at the beginning of the other 18 games this season. It includes Joe Uhl and Vince Smedes at forwards, John Duffner at center and Mike Ferraro and Al Brown at guards. John Falvey will be the chief reserve.

Whereas Kingston is facing an almost unknown club, Saugerties will be meeting Roosevelt for the third time. The teams split meetings during the season. Roosevelt won way back in December, 58-45, at Saugerties and then was beaten, 55-48, at the Hyde Park floor. The December loss was the last time the Sawyers were beaten during the season. They have won 16 straight since then.

Both teams survived hectic semi-final battles in White Plains on Saturday. Roosevelt scored, 53-51, over Yorktown but blew a ten point lead in the final minute of the game. Saugerties won a cliff hanger, 61-60, in overtime over John Jay after trailing by as many as 11 points in the third period.

Since the Sawyers won the DCSL title and Roosevelt was second, this figures to be a good battle right from the opening tap. The Presidents have a 14-3 record to date while Saugerties is 17-2.

A Tough Foe
Rondout Valley, runnerup to Wallkill in the hectic UCL race, will also swing into action on Friday and the Ganders have a toughie. They will play Suffern, the Rockland county runnerup, at the Tappan Zee gym at 8 o'clock.

Though Suffern is a Class B school, it plays against many A clubs during the season. It finished ahead of Clarkstown and Nyack, both A teams, in the final league standings. Suffern is coached by Eddie Kolakowski, who has been seen in Kingston during the Rec league tournament.

Katrine Club Votes to Send Two to DeBruce

Lake Katrine Rod and Gun Club voted last night to send two boys to the Conservation Camp and Camp De Bruce this summer. The boys names will be selected, with two alternates, at the May meeting. All club members are eligible to submit names for the drawing.

The pheasant committee announced a special pheasant shoot at the club preserve in St. Remy on Sunday. An extension of preserve licenses to include the month of March due to heavy storms of the past winter had made this possible. Shooting hours will be from 9 a. m. to 5 p. m. All other hunting is banned on the preserve.

The Lake Katrine club will host the Federated Sportsmen's Clubs of Ulster County Thursday at 8 p. m. All club members are urged to attend.

Progress for the erection of the new pavilion at the club preserve was noted by President William Meyers. It is expected that the building will be ready for many summer and fall activities planned by the club. Robert Sachoff played a tape recording of the annual banquet.

DEPTH CHARGE

BOWLING

Pete Kearney of the Central Rec League led city keggers with a 614 series last night, with games of 194, 208 and 212.

Joe Mahar rolled a 255 solo and 601 in the same league, while Bill Frangis stacked games of 210, 234 and 163 for 607 in the IBM Senecas League.

SKIP AIELLO meshed games of 196, 191 and 166 for 553 high string in the Frontier League. William Siedler Jr. rolled 512 and George Landwerly had 508, both first time 500 triplers. Fred Ferraro 548, Jim Berardi 538, Art Ferraro 539, Harold Broskie Jr. 533, Dick Morris 501, Lou Sebert 512, Ivy Eyles 541, Frank Shaw 515; team results: Siedler's Delivery 3, Kelly's Keglers 0; Ralph's Shell Station 1, Carpenters Local 2; Lincoln Park 2, Spring Lakers 1; Lindy's Texaco Station 2, Art Ferraro's All Stars 1; The Harts 1, Joe's Esso Station 2; The Nobles 2, Rondout National Bank 1.

BOB BENNETT led the Booster league with a 558 series on lines of 201-166-191. Others, Bill Willt 206-547, Percy Russell 504, Roger Miles 202-520, Rog Fuller 516, Art Tobiasen 520, Bosco Tomasowski 203-529, Vic Ferretti 530, Steve Dodd 500, 551, Lou Petramale 213-541, Ray VanKleeck 218-540, Ray Ashdown 548, Bill Beckert 545, Bill Bickel 511, Harold Bailey 200-538, Bob Enright 523, Red Phillips 516. Results: Kingston Ornamental Iron Co. 3, Tranquility Farms 0; Zacher's Insurance 2, Schaefer Beer 1; Beckert's Trucking 2, Post Bros. Auto Parts 1; Gov. Clinton Market 2; Ulster Engineering 1; Central Hudson Subs 2, Family Cleaners 1; Rett Williams Texaco 3, Royal Tire-Service 0.

BOB BECKWITH led the Good Neighbors league with 589 sticks on lines of 187-207-195. Others, Rick Albano 508, Ivy Basch 526, Saul Goldfarb 213-523, Sol Schechter 205-543, George Goldfarb 227-588, Basch 508, Hy Arlensky 560, Elvin Rose 508, Herm Kreppel 229-570, Burt Feit 519, Bud Kappler 570, Dan Bernard 507, Dave Adler 505, Jerry Kaplan 201-538, Joe Murkoff 512, Lou Goldstein 530. Results: Al Two 3, B'nai B'rith 1; Savino's TV and Radio 3; Kingston News Service 1; Van Winkle Bedding 3, Al's Appliances 1; Miron Lumber 3 1/2; Friendly Acres Motel 1/2; Eaton's Insurance 3; Gov. Clinton Pharmacy 1; Ulster Electric 3, Al One 1.

EARL SLEIGHT led the 500 section of the Central Rec League with 203-584. Terry Kearney posted 528, Gerry Kearney 210-582, Harry Hines 538, Frank Bartroff 527, Cosmos Costello 532, Vince Smedes 533, Bill Sinabauha 244-554, Bill Hornbeck 518, Steve Leoce 204-552, Ron Hudler 217-527, Hank Grube 206, Del Pritchard 506, Joe Roche 524, Don Ross 526, George Houghtaling 511, Zeeh's Beverages rolled 1017 to eclipse the former team single record of 1009 held by Capri Restaurant; team results: Zeeh's Beverages 3, Vanderlyn Battery 0; New Marketing 1, Capri 2; Haber's Grill 1, Herzor's Supply 2; Chez Emile 2, Shamrock Tavern 1.

Maroon Football Schedule Shows Eight Games for 1961

Joe Uhl Scores 345 Points To Pace DUSO Cage Loop

Guess who won the DUSO basketball league scoring title? That's right, it was Joe Uhl. The Kingston High School senior star captured his second straight crown with 345 points in a dozen games for a 28.7 average. He led his team to an 11-1 record and the championship and was honored as the circuit's "Player of the Year."

Trailing the sharpshooter was Steve Schumer of Monticello with 286 points. Bill Gray of Middletown was third with 214, followed by George Chandler of Port Jervis and Tyrone Elting of Poughkeepsie.

The scoring leaders:

Player, school	FG	FP	Tot.	Avg.
Joe Uhl, Kingston	128	89	345	28.7
Steve Schumer, Monticello	113	60	286	23.8
Bill Gray, Middletown	88	38	214	17.8
George Chandler, Port Jervis	65	69	199	16.6
Tyrone Elting, Poughkeepsie	72	48	192	16
John Sileno, Newburgh	63	63	187	15.6
Mike Ferraro, Kingston	73	38	184	15.3
Dom Roselli, Middletown	80	14	174	14.5
Al Angelone, Newburgh	61	45	167	13.9
Joel Goldberg, Liberty	53	59	165	13.8
Richie Scott, Newburgh	60	38	158	13.1
Tom Coleman, Port Jervis	61	26	148	12.3
Al McCoy, Monticello	47	45	139	11.5
Vin Smedes, Kingston	52	18	122	10.

Fights Last Night

BILL CARROLL near-missed in the IBM Seneca league with 192-198-204-594. Dick Hill shot 521, Frank Antalek 533, Al Hriciga 535, LeRoy Lewis 514-546, George Kennedy 200-527, Don Stine 521, Bill Yates 510, Ron McKeeff 521, Vince Sudowski 514, Lee Rathbun 518, Al Harrison 202-212-557, Frank O'Donnell 504, Don Petrone 204-545, Fred Weber 208-534, Dick Uhl 506, Joe Orlando 225-556, Dick Chatham 528, Ed Lahave 204-535, Don Boyce 202-555, Frank Cashin 500, Al Brocco 500, Bert Buller 522, Tom Duffy 516, Don Bradley 503, Charles Walczak 524, Pete Fischer 202-542, Ed Martin 531, Mert Germain 510 and Bob Jennings 521. Results: Robins 2, Hawks 1; Crows 3, Ravens 0; Redwings 2, Falcons 1; Buzzards 2, Gulls 1; Blackbirds 2, Eagles 1.

LILLIAN McVITTY compiled a 520 series on lines of 169, 154 and 197 in the Rotron Pioneer women's league. Ruth Winchell posted 400, Esther Hendricks 429, Mabel Chapman 414, Barbara Dixon 415, Ethel Van Wagner 402, Patti Carl 430; team results: The L.A.M.B.S. 3, Kool Kats 0; Perry Winkles 1, Satellites 2; Fochis Four 3, Muffinettes 0.

CONNIE GLASER led the Ladies Booster, hitting 427 on lines of 142, 129 and 156. Dot

It took only a mediocre season for Kingston High School to go back to an eight game football schedule. During the years that Hobie Armstrong was running wild, other schools in the state were reluctant to play Coach Bill Burke's club.

Last year the locals won two and dropped four, making it the first losing season since Burke has been in Kingston. So what happens? This year an eight game schedule has been drawn up.

In addition to the four DUSO league games against Poughkeepsie, Port Jervis, Middletown and Newburgh, Kingston will meet Suffern, Albany High, Mont Pleasant and White Plains in non-league duels and the schedule promises to be the toughest ever in the school's history.

Unlike other years when Port Jervis was always the first foe, the Maroon will play three non-league engagements before meeting a circuit team and that will be Poughkeepsie.

Albany High is no stranger to the KHS schedule but it's been some years since the clubs met on a gridiron—since 1926. Suffern has never had football relations with the locals. Mont Pleasant is a yearly opponent and this is the second year of a two season home and home contract with White Plains.

THE SCHEDULE

Date	Opponent	Where	Time
Sept. 23	Suffern	Home	1:30
Sept. 30	Albany	Away	1:30
Oct. 6	White Plains	Home	8:00
Oct. 14	Poughkeepsie	Away	1:30
Oct. 20	Port Jervis	Away	8:00
Oct. 28	Mont Pleasant	Away	1:30
Nov. 11	Middletown	Home	1:30
Nov. 23	Newburgh	Home	11:00

Loyola of Los Angeles Gains Berth in NCAA Cage Tourney

SPORTS

By CHARLES J. TIANO
Freeman Sports Editor

A couple of 700 triples in recent weeks points up the longevity of the average bowler who is blessed with reasonable health and determination.

Roland Post, a once-a-week bowler, assaults the maples for 30 years, then catapults to fame with a 743 series, about 100 pins higher than his previous best effort in three decades.

The remarkable angle to Post's phenomenal series was the fact he wasted not a single strike. Every one of the 24 strikes he tossed was part of a string.

Harold Broskie, one of the city's all-time tenpin greats, rolled 757 over the weekend, his top score in a similar 30-year career. Broskie's previous high string was 743, so unlike Post, it was just another in a long series of 700 triples. The man without a first name has ranked among the city's tenpin titans from the days Pete Keresman elevated him from the ranks of whiz kid to the mighty Colonials of the pre-war era.

The Broskie slam also points up the fact that the name is everywhere in the bowling news these days. Harold Jr. has rolled his first 600. Mrs. Broskie and their two daughters, Kathy and Judy, are also accomplished pinners. Certainly the Broskies have to rate as the finest bowling family in the area. A salute to them, particularly Dad, who 30 years later rolls his all-time high.

Flotsam and Jetsam:

Presumably, the Manhattan Bowling Balls squad has nailed down the 1960-61 championship in the Hudson Valley Women's bowling league. But would it be possible to find out how Hilda Murphy and Rose Schatzel are doing in their ding-dong race for individual average honors? . . . Crazy, man, what these bowlers do: Don Hutchins, 153-232-145; Sal Ferraro, 205-201-138; captains in the Independent Tavern League failed to list sponsors' names three times, left names of five bowlers (but printed scores) on another sheet. . . . Come on, fellows, we know it's getting late but you can't be that tired. . . . More crazy doings: Bob Carr, 248-158-212; Ed Ebel, 232-212-157; Hank Enders, 207-137-218; Joe Coughlin, the greatest, 109-171-244. . . . How about the cad in the IBM League, who sent along the note that Don Bradley, a 178 average bowler, dipped slightly to 81 in a recent session? And did Bob Jones, fatigued and harassed by the recent city tournament, compile a 91 game?; George Beichert, 232-127-142.

The Distaff Department:

KWBA has its sweepstakes coming up in a couple weeks. . . . Isn't Dot Atwood's 566 first-time "500" series one of the highest in local history? . . . Only 18 teams from Poughkeepsie area are slated to see action in the 1961 New York State women's bowling tournament at Niagara Falls. How many from Kingston? . . . Odds are heavy against the Hudson Valley Women's League reorganizing in 1961-62 unless there is a radical change in sentiment. . . . The all-time record of 2438 teams set in Geneva at the New York State women's tournament has been broken. The Niagara Falls tourney has a record entry of 2682 teams, 4266 doubles and 8532 singles. Cities leading with the largest number of travelling teams are Buffalo 419, Rochester 349, Syracuse 276 and Binghamton 98. . . . The tourney starts on Friday, March 17. The NYSWBA is also proud to announce a record membership to date of 182,689 surpassing the 168,620 for the 1959-60 season. Kingston, of course, is host to the 1962 tournament but six cities are bidding for the 1963 event: Jamestown, Binghamton, Syracuse, Poughkeepsie, Albany and Troy. Westchester County has filed a bid for the 1964 championships. . . . A new batch of first-time 400 triples piling up: Betty Phillips first 200 with 206; Tillie Horowitz, 128 average, 523, her first; Kathleen Elwyn, the Woodstock golfer, 404; Peg Smith 425, Barbara Ramsey 422, Lorraine Kaiser 412 at Woodstock. Lanes, where bowling is enjoying a fantastic boom; and Helen Tompkins 435.

Annual late season notice to tiring team captains and secretaries: It's late but the rules don't get tired.

Prairie View Is Best Small College Quintet

PRAIRIE VIEW, Tex. (AP) — They were soft-pedalling all enthusiasm over capturing the nation's small college basketball championship at Prairie View A&M today.

Instead of celebrating, Coach Leroy Moore and his players proceeded methodically to get ready for a game Friday in the college division of the NCAA playoffs — which Prairie View is favored to win. Their opponent is Superior State Teachers College of Wisconsin.

Prairie View, a small school with a big basketball team,

claimed the No. 1 spot among smaller colleges in the season's final Associated Press poll by beating out another Negro school, Tennessee State, Ohio State took the national title in the major college poll.

In the small college poll, the Panthers got seven of 10 first place votes and a total of 97 points on the basis of 10 for first, nine for second, etc.

Tennessee State collected 83 points and two No. 1 votes.

1. Prairie View (7) (24-197) . . . 97
2. Tennessee State (2) (24-4) . . . 83
3. Mississippi Southern (23-3) . . . 53
4. Southern Illinois (20-5) . . . 50
5. Grambling (23-4) . . . 39
6. Hofstra (22-4) . . . 38
7. (tie) Westminster (Pa.) . . . 28
8. Mt. St. Mary's (23-3) . . . 28
9. Northern Michigan (20-2) . . . 25
10. Wittenberg (20-4) . . . 20

By DON WEISS

Associated Press Sports Writer
Loyola of Los Angeles, newly crowned champion of the West Coast Athletic Conference, has made it to the National Collegiate basketball championships for first time, leaving the NCAA with seven vacancies for its far-flung 24-team tournament opening next Tuesday.

Loyola, 19-6 this season, clinched the WCAC title Tuesday night with an 82-64 victory over Pepperdine that really wasn't needed. A few minutes before, Santa Clara had spilled San Francisco 51-39, eliminating the only team left with a chance to catch Loyola.

The Lions from Loyola, representatives of a conference that sent the San Francisco Dons on to back-to-back NCAA titles with All-America Bill Russell in 1955 and 1956, will play the Skyline Conference champs in their first tournament game in the Far West regional at Portland, Ore., March 17. The Skyline berth will be decided Saturday night in a play-off at Provo, Utah, between co-champs Utah and Colorado State.

That's the play-off where even the loser wins. While the winner goes to the NCAA, the loser goes to the National Invitation Tournament, which completed its 12-team lineup Tuesday with the addition of St. Louis, Mo. 3 team in the Missouri Valley Conference.

Ed Berto, Loyola's ace, scored 27 points in the Lions' wrap-up victory Tuesday night, the first undisputed WCAC championship for the Los Angeles school. Loyola tied with Santa Clara for the conference title last year but lost the NCAA berth in a play-off with the Broncos.

Seven Vacancies

Filling of the WCAC berth left four conference berths and three at-large vacancies in the NCAA lineup. The Ohio Valley Conference will finally unwind its knot tonight at Louisville, with Morehead playing Western Kentucky for the right to enter the NCAA. Western, Morehead, and Eastern Kentucky finished in a three-way tie for the conference title. Morehead eliminated Eastern in the first round of the play-off Monday night.

Kentucky and Vanderbilt meet Thursday in a play-off for the Southeastern Conference berth. Saturday, in addition to the Utah-Colo. State game in the Skyline, New Mexico State and Arizona State U. will play at Tempe, Ariz., to determine the Border Conference representative, and the winner of the Xavier of Ohio-Chicago Loyola game at Chicago Stadium will get an at-large berth against the Ohio Valley Conference winner in the NCAA Mid-east preliminaries at Louisville March 14.

The two remaining at-large berths in the Far West regional will be picked after a telephone poll Sunday morning, with Oregon State, Portland, Oregon and Seattle reported to be the leading contenders.

While the big boys were settling their disputes Tuesday night, the 32-team field for the NAIA small-college tournament in Kansas City in play-offs were Whitworth (Wash.), St. Norbert (Wis.), Missouri Valley, Carson-Newman, Anderson (Ind.), Steubenville (Ohio) Simpson (Iowa), Gustavus Adolphus, Emporia State (Kan.), and Linfield (Ore.).

Rod Thorn Plan: Better Average

MORGANTOWN, W.Va. (AP) — West Virginia sophomore sensation Rod Thorn, who would rather be a doctor than play basketball, says he withdrew from school temporarily in order to maintain a strong B average in his grades.

Thorn said he plans to return to summer school at WVU in June to make up the work so he will be eligible for varsity basketball next winter.

Thorn was taking a pre-medical course and had a good B average last semester. However, he said he missed the first 2½ weeks at the start of the second semester in February because of a virus infection and got too far behind. He said if he had stayed in school this semester, his grades would have dropped.

"I have to make a B or better average in order to get into medical school," he explained at his home in Princeton, W.Va., where he returned after quitting school Tuesday.

Thorn, a standout student and basketball player at Princeton High School, had 60 schools before casting his lot with West Virginia.

Thorn led WVU to a 23-4 season. He was the team's top scorer and rebounder, averaging 18.5 points and 12.5 rebounds per game.

Albany State Wins District Contest

By THE ASSOCIATED PRESS

Albany State clashes with Maryland State tonight in the final round of the District 31 National Athletic Intercollegiate Association basketball eliminations at Jersey City, N.J.

A victory for Albany tonight will mean a shot at the national NAIA championship tournament in Kansas City next week.

Albany blew an 18-point second half lead Tuesday night before edging Jersey City State, 64-63. The defeat was the first for Jersey City in 18 games, for a season record of 22 victories and 3 defeats. Albany State now is 21-6. Meanwhile, at Binghamton, Harpur's basketball team ended its season with an 83-73 victory over Utica. The victory, Harpur's 11th against 6 losses, marked the first winning season in the school's history. Utica ended its season with a record of 3 wins and 17 losses.

TEAMING UP AGAIN—A beaming Stan Musial sits with his longtime close friend and former teammate, Red Schoendienst, at the St. Louis Cardinal camp in St. Petersburg, Fla. It was learned that the 38-year-old second baseman will be signed to a Cardinal contract. Red starred for the Redbirds for ten seasons before being traded away. (AP Wirephoto)

Buffalo U. Raises Integrity Question

BUFFALO, N.Y. (AP) — The chancellor of the University of Buffalo has asked for an "immediate explanation and particulars" concerning a remark he said has attacked the school's integrity.

Dr. Clifford C. Furnas said Tuesday he had sent a telegram to Walter Byers of Kansas City, executive director of the National Collegiate Athletic Association.

The dispute stemmed from arguments about the university's failure to get a bid to the NCAA college division basketball tournament. The team had been invited to all four previous post-season tournaments, but was skipped this season despite an 18-5 record.

Rochester, a 76-69 victim of the Bulls last Wednesday was named Sunday to one of the four berths in the Northeast regional play at Springfield, Mass., Thursday. Rochester has a 16-5 record.

Furnas said Buffalo's integrity had been questioned in a remark attributed to J. Schober Barr, athletic director of Franklin and Marshall. He is chairman of the selection committee for the Northeast and East regionals.

He was quoted as telling a sportswriter:

"The feeling was that Rochester was the better team. We felt that if the Buffalo-Rochester game had been played on a neutral court, Rochester would have won."

Furnas noted in his wire to Byers that Buffalo led Rochester by 19 points with five minutes to go before clearing the bench.

With Rochester in the regional tournament will be Springfield, Bates and Williams.

Len Serfustini, Buffalo coach, said his 1960-61 team was the best he had ever coached and better than the four previous teams that had competed in the regionals.

Four of Buffalo's victims during the regular campaign were major opponents — Villanova, Syracuse, Boston University and Bucknell.

In setting up the pairings, the selection committee didn't attempt to rank the four seeded teams. Instead it listed them in roughly alphabetical order without giving an explanation why these four were selected over the other eight.

The seeded teams are Dayton (19-7), Memphis State (20-2), Niagara (16-4) and either Colorado State University (17-7) or Utah (20-6). The last entry is to be determined Saturday when Colorado State and Utah play off for the Skyline Conference championship.

The winner will go into the National Collegiate (NCAA) Tournament and the loser to the NIT. Dayton and the Utah-Colo. State winner were placed in one bracket and Memphis State and Niagara in the other. The seeded teams will go directly into the quarter-final round.

The schedule: Thursday night, March 16 — first round: St. Louis vs. Miami of Florida (19-6); Holy Cross (18-4) vs. Detroit (18-8).

Saturday afternoon, March 18 — first round: Temple (19-6) vs. Army (17-6); DePaul (17-7) vs. Providence (20-5).

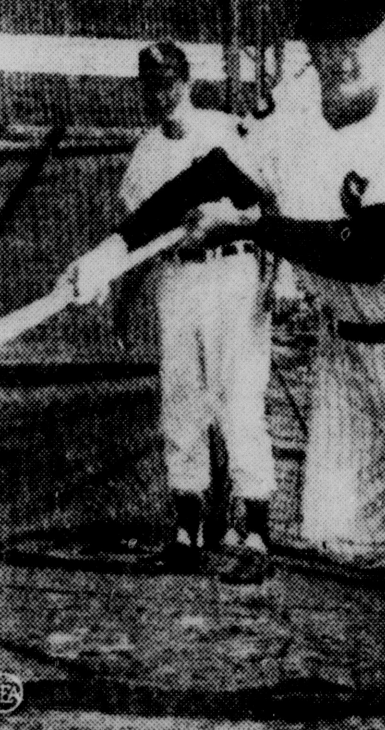

Saturday night, March 18 — quarter-finals: Colorado State U. or Utah vs. St. Louis-Miami winner; Memphis State vs. Holy Cross-Detroit winner.

Tuesday night, March 21 — quarter-finals: Dayton vs. Temple-Army winner; Niagara vs. DePaul-Providence winner.

Thursday night, March 23 — semifinals.

Saturday afternoon, March 25 — final and consolation game.

San Antonio, Tex. — Frankie Duran, 117, Austin, Tex., knocked out Henry Miramontes, 120, Dallas, 2.

ON THE BALL—Al Lopez, manager of the Chicago White Sox, demonstrates for outfielder Jim Landis how to bunt during a workout by the team at Sarasota, Fla., March 7. (NEA Telephoto)

Cards Sign Red Schoendienst After He Impresses in Camp

By MIKE RATHET

Associated Press Sports Writer
Aging Red Schoendienst, threatened with the end of a major league career spanning 16 seasons and a bout with tuberculosis, has been pronounced the "youngest-acting guy" on the St. Louis Cardinals and rewarded with a \$25,000 contract.

The 38-year-old switch-hitter went at top speed in the Cards' intrasquad game Tuesday, cracking two singles, stealing a base, scoring one run and making a stop with the skill he used to flash as one of the National League's greatest second basemen.

Schoendienst, who had been working without a contract after getting his release from the Milwaukee Braves, accepted terms following the workout. General Manager Bing Devine said, "This is our break, not Red's. He has been most impressive and should help us tremendously."

"Youngest Looking?" Manager Solly Hemus concurred, calling the veteran "the youngest-looking, youngest-acting guy on the squad. My one concern was Red's health," said the Redbird skipper, "but no man could be ill and work the way he has the last two weeks."

Milwaukee's reluctant Wes Covington finally ended his holdout siege by signing after the club gave the 29-year-old outfielder an ultimatum to sign or go through

with his threat to sit out the season. Elsewhere, a rash of injuries broke out. The San Francisco Giants' Willie Mays escaped serious damage when a vicious foul spun off his left foot in batting practice. He suffered a bruised instep.

Rocky Nelson, first baseman for the world champion Pittsburgh Pirates, was hit in the face by a pitched ball, but was not seriously injured. Chicago White Sox rookie catcher Camilo Carreon split an index finger on his right hand when he was struck by a foul.

The Cards reported that ailing shortstop Julio Gotay still has blurred vision from an eye inflammation. Outfielder Al Pillarick, obtained from Baltimore in a trade, told the Kansas City A's he's retiring because of illness in his family.

Solid Pitching

The A's continued to get solid hitting performances from rookie outfielder Jay Hankins, who had two doubles and a single in an intrasquad test and is 8-4 for 19. Infielder Lou Klimchick slammed a double and single and now is 8-4 for 14.

Right-hander Don Drysdale, erratic last season with a 15-14 record, pitched four sharp innings in a Los Angeles workout. He gave up only one hit and two unearned runs on a homer by Tommy Davis—struck out four and walked only one.

Joe Hicks had a homer and double in Washington's intrasquad contest. Roy Sievers connected for a pair of doubles in the White Sox' practice session. Bob Skinner and Bob Olds each had three hits at the Pirates' camp. Gus Bell sparked the Cincinnati workout with a two-run homer.

Knick Losing Streak Over

By THE ASSOCIATED PRESS

The New York Knickerbockers, who long ago clinched the cellar spot in the Eastern Division of the National Basketball Association, at least won't end the season on a long losing streak.

Until Tuesday night, the Knicks, who are 32½ games out of first place and 16½ behind their nearest opponents, were riding a nine-game losing streak with just four games to play.

They snapped out of it with a 111-113 victory over the Syracuse Nationals in Madison Square Garden. The triumph was a squeaker, for the Nats threatened to pull it out in the final seconds.

In other action, the Boston Celtics defeated the Cincinnati Royals, 124-121, and the St. Louis Hawks edged the Los Angeles Lakers, 137-136, in double overtime.

The Weather

WEDNESDAY, MARCH 8, 1961
Sun rises at 6:21 a. m.; sun sets at 5:53 p. m. EST.
Weather: Cloudy.

The Temperature

The lowest temperature recorded on the Freeman thermometer during the night was 26 degrees. The highest figure recorded up to noon today was 34 degrees.

Weather Forecast

RAIN TODAY

Lower Hudson Valley: Snow and sleet beginning this afternoon, changing to rain to night and ending Thursday morning. Partial clearing Thursday afternoon. Temperatures rising to the 30s today. Little change through Thursday. Winds east to southeast, 10-20; increasing to tonight, 15-25, and gusty to north; becoming west to northwesterly, 15-30 and gusty Thursday.

Northeastern New York: Snow and sleet beginning late today or tonight, becoming mixed with and probably changing to rain during tonight. A few inches of snow are possible. Precipitation ending Thursday morning, followed by partial clearing in the afternoon. Moderately cold. Temperatures reaching the upper 20s and 30s this afternoon. Little change thereafter through Thursday. Winds east to northeast, 10-25, and gusty; becoming gradually southeast, 15-30, and gusty to night, westerly, 15-30, and gusty Thursday.

Western New York, Northern and Southern Finger Lakes:

Rain today, beginning as wet snow, changing to sleet or freezing rain for a period in some areas. Temperature moderating to the 40s or possibly higher. Rain changing to snow and turning colder tonight. Low temperature around 30. Snow flurries, brief squalls and cold Thursday. High around 32. Gusty easterly winds, 20-35; becoming variable this evening, then strong northerly, 25-40 tonight; diminishing Thursday. Caution advised motorists against hazardous driving conditions for a period today, against hazardous driving conditions this afternoon.

Mohawk Valley, Upper Hudson Valley:

Snow and sleet, changing to rain beginning in late afternoon or evening and ending Thursday morning. Partial clearing Thursday afternoon. Moderately cold. High temperatures today in 30s, with little change through Thursday. Winds easterly, 10-25; increasing to east to southeast, 15-30, with stronger gusts tonight.

New Snow Moves From Plains, 8 To 12-Inch Falls

By THE ASSOCIATED PRESS

Another snowstorm moved out of the central Plains early today, laying a blanket of from 8 to 12 inches of new snow over parts of the upper Mississippi Valley and upper Great Lakes.

Heavy snow fell from northeast Nebraska across Iowa, Minnesota, Wisconsin, upper and lower Michigan.

South of the snowfall, freezing rain and sleet hit communities. Still farther south, rain and thundershowers dotted the landscape.

The snowstorm barreled out of the Rockies Tuesday, moving eastward through Wyoming, Colorado and Nebraska after leaving up to six inches of snow.

By early today, Mason City, Iowa had 8 inches of snow; North Platte, Neb., reported 12 inches of new snow and northerly winds of 30 m.p.h.

Two highway deaths were attributed to the storm in Nebraska.

At least three tornadoes were reported Tuesday. One, in the delta area south of Clarksville, Miss., injured eight persons, damaged buildings and utility lines. A tornado rain accompanied the twister.

Two possible tornadoes hit Texas, causing property damage estimated at \$100,000.

Thunderstorms and high winds hit parts of Alabama and Mississippi causing property damage and injuring several persons.

Another storm hit the Culman, Ala., area after midnight. Strong winds accompanied by heavy rain destroyed 10 to 15 houses, blew down trees and utility lines. At least six persons were hospitalized.

Storm Frustrates Hunt for Boy, 4

By THE ASSOCIATED PRESS

A raging snowstorm, lashed by winds up to 50 miles an hour, whistled across Iowa, Nebraska and Wisconsin today, frustrating searchers for a missing 4-year old farm boy.

Lost in Iowa's worst storm of the season was little Jimmie Frank, who wandered away from his father in a field in Winthrop in the eastern part of the state Tuesday. The boy never reached home.

Searchers looked for Jimmie until 2:30 a.m. Then, in a dramatic mass effort to comb the area today, neighbors and townspeople were prevented from reaching the farm by clogged county roads.

Clarence Man Killed

CLARENCE, N. Y. (AP)—Steven V. Tee, 35, of Clarence, was killed early today when the automobile he was driving left Rt. 5 and struck a utility pole in this Buffalo suburb.

Rain and Cooler Air Is Predicted

ALBANY, N. Y. (AP)—The extended forecasts for New York State, prepared by the U. S. Weather Bureau, for the period from 7 p. m. today to 7 p. m. Monday:

Eastern New York—Rain at beginning and chance of some rain or showers again by late Saturday and Sunday. Precipitation may be mixed with snow north and central portions. Total average water content of precipitation about one-half inch or less. Temperatures will be somewhat cooler than experienced during the past several weeks and average around or just under seasonal levels.

Maple sugar forecast—Sub-freezing at night and considerable sunshine with above freezing daytime temperatures is expected to produce a good flow of maple sap. Best days will be Friday and Monday.

Western New York—Changeable weather is indicated. Temperatures are expected to average near normal. Rain changing to snow and turning cold tonight. Snow flurries and cold Thursday. Moderating Friday. Showers or snow flurries and colder over the weekend. Less than one-half inch of melted precipitation is forecast.

Normal temperatures—Temperatures normals now range from the upper 20s to mid and upper 30s in the daytime, to overnight lows of 12-18 in the north and 16-25 in the south.

The answers to everyday insurance problems*

by
HERMAN J. EATON, C.L.U.

*"SUBROGATION" 25

QUESTION: Can you tell me what the right of subrogation means as it appears in an insurance policy?

ANSWER: It means the right of an insurance company which pays a claim for injury or damage to collect that amount from someone—other than their own assured—who may be legally responsible for that injury or damage.

* If you'll address your own insurance questions to this office we'll try to give you the correct answers and there will be NO CHARGE, or OBLIGATION OF ANY KIND.

LIZ AND HER FAMILY—Elizabeth Taylor, who is in a London clinic suffering from pneumonia, is pictured with her husband, Eddie Fisher, and her three children in New York in September, 1959. She holds daughter Liza, born during her marriage to the late Mike Todd. Sons Christopher, left, and Michael, are of the actress' marriage to Michael Wilding. (AP Wirephoto)

Vastly Improved,

amazing comeback during the night from the brink of death.

Just before midnight the doctors reported her condition improved but said it "still gives rise to considerable anxiety."

A few hours later they reported "her improvement is maintained. She is just on the danger list."

Only an hour afterward they issued a bulletin saying: "Her condition is greatly improved and gives less cause for anxiety. In addition, today is the first day in which she has been sufficiently conscious to be able to assist in her own treatment."

Until Tuesday the young actress was in a coma much of the time, kept breathing only with the aid of an electronic lung pumping oxygen through a tube inserted in her throat.

An attack of anemia weakened her, and she was given blood transfusions. The only nourishment she could get was through a tube attached to blood vessels in an ankle.

Able to Move Self
A hospital spokesman explained this morning that Miss Taylor was now able to move herself under her doctor's instructions—to empty her lungs of the liquefying pneumonia—and was completely aware of what was going on around her.

Placed on Probation

Patrick Henry Mitchell, 22, of 203 Washington Avenue, who was charged Feb. 5 with mistreatment of a child, was given a suspended sentence of 30 days in jail in City Court today. He was also placed on probation for an indefinite period. Attorney Thomas J. Saccamano appeared for the defendant.

Peugeot Kidnap Charged to Two, 3 Also Linked

PARIS (AP)—Two Frenchmen today were charged with kidnapping young Eric Peugeot last April. Three companions — including a Danish beauty queen — were charged with complicity.

The 4-year-old Peugeot boy was unharmed by the kidnapers who freed him after his father paid \$100,000 ransom.

Raymond Rolland, 25, and Pierre Marie Larcher, 38, were formally booked after police said they confessed. Conviction for kidnapping could mean 20 years in prison.

Charged with complicity were Lise Bodin of Copenhagen, Denmark, 20, runnerup for Miss Denmark last year and Rolland's girl friend; Rolande Niemczyk, 19, girl friend of Larcher; and Jean-Simon Rotman, 25, a medical student.

All five were picked up by police last Sunday while on a free-skiing vacation at the Alpine resort of Megeve. A Eurasian strip-teaser giving only the name Mitsouko was picked up, but released.

Police said that Larcher and Rolland both accused the other of being the master mind of the kidnapping.

Dem Boss Backs Hunter Ski Plan

State Democratic Chairman Michael Prendergast has pledged his support for leasing of forest lands on Hunter Mountain for extension of ski trails by the Hunter Mountain Development Corporation, Mayor Orville Slutsky of Hunter, disclosed Tuesday.

Mayor Slutsky said the much discussed proposal to lease state lands was reviewed at a meeting Monday night in Albany attended by himself, Prendergast and Gree County Democratic Chairman James O'Connell of Cairo.

The Hunter Mountain Ski Corporation seeks to lease about 250 acres of wild state land to extend its ski trails and the Hunter Mountain backers have offered to donate lands adjacent to the forest preserve to the state, matching acre for acre. The land sought would be advantageous to the private corporation for development of trails, while the land to be donated is such as is not suitable for ski trails.

The matter is up for the required second passage by the State Legislature. Considerable opposition has been expressed to the proposal on the grounds that if this land "forever wild" is allowed to go to private interests it will be an opening wedge for other grants which could open up many areas of state wild land to public interests.

Ribicoff Urges Speed
WASHINGTON (AP)—Secretary of Welfare Abraham A. Ribicoff today urged Congress to move fast on President Kennedy's program for public school aid.

"We cannot afford, in my judgment, to permit any of our children to go even one year longer than necessary without adequate instructional staff and classroom facilities," Ribicoff said in a statement prepared for the opening session of hearings by a Senate subcommittee.

The administration proposes to provide about \$2.3 billion for public elementary and secondary schools over a three-year period. States could use the money for construction of classrooms, teacher salaries or both, and for special projects aimed at solving area educational problems.

U. N. Sounds Out U. S., Soviet on Shelving Issues

UNITED NATIONS, N. Y. (AP)

—U. N. delegates sought in private talks today to find out how far the United States and the Soviet Union are willing to go in shelving cold war issues on the General Assembly docket.

The first concrete sign of what each side will agree to is expected Thursday or Friday when the 21-nation Steering Committee decides what items to discard during the resumed session.

Whatever is scrapped, the assembly faces a new wrangle over the Congo crisis and Soviet demands for full dress debate on disarmament.

Nor was there any indication the Soviets intend to drop their proposal to set up a three-man executive to replace Secretary-General Dag Hammarskjöld.

Before the assembly reopened Tuesday, both the Soviet Union and the United States called on the 99-nation assembly to avoid cold war issues.

U. S. Ambassador Adlai E. Stevenson suggested that all items be dropped except those essential to the conduct of U. N. business.

An Iron Curtain delegate said the United States had approached the Soviet Union on the possibility of sidetracking any assembly discussion of disarmament until the next assembly, beginning six months hence, and using the interim for private negotiations.

This delegate added, however, that the Soviets are determined to hold debate during the current session on Soviet Premier Khrushchev's proposal for total disarmament.

The assembly reopened Tuesday with an appeal by Ghana President Kwame Nkrumah for the United Nations to restore order in the Congo and keep it out of the cold war by stationing a mostly African U. N. command there.

Farm Forums Slated On Dairy Problems

New York City, March 8—With mounting supplies of milk depressing farm milk prices and threatening to overtax surplus handling facilities in the New York-New Jersey Milkshed, a series of 30 local public farm forums has been scheduled this month to discuss plans for solving what has been described as "the dairymen's dilemma."

Sponsored by the Dairymen's League Cooperative Association, the largest marketing-bargaining cooperative in the area, the meetings have as their theme, "What About Tomorrow?" It is planned to review up-to-the-minute data concerning the crucial production-consumption picture and outline some proposals that have been made to deal with this and other problems confronting local dairymen.

The time and place for each meeting will be announced locally as the forums are scheduled. They will begin this month and extend into May.

Dairymen Back Move

TRENTON, N. J. (AP) — A change in federal milk marketing procedures has been approved by officials of four milk producer cooperatives in the New York-New Jersey area.

The officials of the four cooperatives sent a telegram Tuesday to Agriculture Secretary Orville L. Freeman endorsing his move which places milk marketing orders and agreements under Dr. James T. Ralph, assistant secretary for agricultural stabilization. The marketing orders had been under the Agricultural Marketing Service.

Girl for Olmsteads

TOPEKA, Kan. (AP) — Air Force Capt. Freeman B. Olmstead couldn't be happier.

Five weeks ago, he was released after seven months imprisonment in the Soviet Union.

Tuesday, his wife, Gail, gave birth to a 6-pound, 3-ounce girl, their second.

Olmstead and Capt. John McKone, imprisoned with him, have returned to duty at Forbes Air Force Base near Topeka. They are the only known survivors of an RB47 shot down by a Soviet fighter over the Barents Sea.

Houghton Rejoins Bank

NEW YORK (AP) — Amory Houghton, chairman of the Corning Glass Works of Corning, N. Y., today was appointed a director of the First National City Bank of New York. He previously served on the board from 1937 until 1957 when he resigned to become U. S. ambassador to France.

Found Dead at Wheel

MARCELLUS, N. Y. (AP)—Edward F. Withey, 64, was found dead at the wheel today after his automobile struck the abutment of a bridge that spans Masters Brook two miles north of this Onondaga County village.

Withey, a retired farmer who lived in Skaneateles, had been under treatment for a heart condition, State Police said.
